Weirdos from Another Planet! [Andrews McMeel Publishing](#) Calvin and his constant companion Hobbes romp their way through another series of adventures spawned largely in the boy's never-flagging imagination **The WEIRDest People in the World** How the West Became Psychologically Peculiar and Particularly Prosperous [Farrar, Straus and Giroux](#) A New York Times Notable Book of 2020 A Bloomberg Best Non-Fiction Book of 2020 A Behavioral Scientist Notable Book of 2020 A Human Behavior & Evolution Society Must-Read Popular Evolution Book of 2020 A bold, epic account of how the co-evolution of psychology and culture created the peculiar Western mind that has profoundly shaped the modern world. Perhaps you are WEIRD: raised in a society that is Western, Educated, Industrialized, Rich, and Democratic. If so, you're rather psychologically peculiar. Unlike much of the world today, and most people who have ever lived, WEIRD people are highly individualistic, self-obsessed, control-oriented, nonconformist, and analytical. They focus on themselves—their attributes, accomplishments, and aspirations—over their relationships and social roles. How did WEIRD populations become so psychologically distinct? What role did these psychological differences play in the industrial revolution and the global expansion of Europe during the last few centuries? In *The WEIRDest People in the World*, Joseph Henrich draws on cutting-edge research in anthropology, psychology, economics, and evolutionary biology to explore these questions and more. He illuminates the origins and evolution of family structures, marriage, and religion, and the profound impact these cultural transformations had on human psychology. Mapping these shifts through ancient history and late antiquity, Henrich reveals that the most fundamental institutions of kinship and marriage changed dramatically under pressure from the Roman Catholic Church. It was these changes that gave rise to the WEIRD psychology that would coevolve with impersonal markets, occupational specialization, and free competition—laying the foundation for the modern world. Provocative and engaging in both its broad scope and its surprising details, *The WEIRDest People in the World* explores how culture, institutions, and psychology shape one another, and explains what this means for both our most personal sense of who we are as individuals and also the large-scale social, political, and economic forces that drive human history. Includes black-and-white illustrations. **Girls Are Weirdos But They Smell Pretty!** [Workman Publishing](#) The funny, crude, un-PC, and very savvy author of "Boys Are Stupid, Throw Rocks at Them!" explains why boys think the opposite sex is weird. Narrated by a boy who's sort of a moron, the book questions all the things that are completely alien to boys, but with a surprisingly sweet insight and good spirit. **The Super Weirdos: and the Battle of Bash** [Super Weirdos](#) Have you ever seen someone that looked so weird they might be an alien? You may have been right... In this hilariously weird adventure, Norm, a regular kid, finds out there are aliens living among us. Incredible, powerful, annoying aliens, led by his neighbour, Mac. Throughout his journey, Norm learns the first of many alien secrets and his life is never the same again. This book reveals secrets to the universe in ways that no one could have expected. **Weirdos from Another Planet! A Calvin and Hobbes Collection** [Turtleback](#) Calvin and his constant companion Hobbes romp their way through another series of adventures spawned largely in the boy's never-flagging imagination **Homesick for Another World** [Penguin](#) A New York Times Book Review Notable Book of 2017 An electrifying first collection from one of the most exciting short story writers of our time "I can't recall the last time I laughed this hard at a book. Simultaneously, I'm shocked and scandalized. She's brilliant, this young woman."—David Sedaris **Ottessa Moshfegh's debut novel Eileen** was one of the literary events of 2015. Garlanded with critical acclaim, it was named a book of the year by *The Washington Post* and the *San Francisco Chronicle*, nominated for a National Book Critics Circle Award, short-listed for the Man Booker Prize, and won the PEN/Hemingway Award for debut fiction. But as many critics noted, Moshfegh is particularly held in awe for her short stories. *Homesick for Another World* is the rare case where an author's short story collection is if anything more anticipated than her novel. And for good reason. There's something eerily unsettling about Ottessa Moshfegh's stories, something almost dangerous, while also being delightful, and even laugh-out-loud funny. Her characters are all unsteady on their feet in one way or another; they all yearn for connection and betterment, though each in very different ways, but they are often tripped up by their own baser impulses and existential insecurities. *Homesick for Another World* is a master class in the varieties of self-deception across the gamut of individuals representing the human condition. But part of the unique quality of her voice, the echt Moshfeghian experience, is the way the grotesque and the outrageous are infused with tenderness and compassion. Moshfegh is our Flannery O'Connor, and *Homesick for Another World* is her *Everything That Rises Must Converge* or *A Good Man is Hard to Find*. The flesh is weak; the timber is crooked; people are cruel to each other, and stupid, and hurtful. But beauty comes from strange sources. And the dark energy surging through these stories is powerfully invigorating. We're in the hands of an author with a big mind, a big heart, blazing chops, and a political acuity that is needle-sharp. The needle hits the vein before we even feel the prick. **Little Weirds** [Little, Brown](#) One of *Vanity Fair's* Great Quarantine Reads: Step into Jenny Slate's wild imagination in this "magical" (Mindy Kaling), "delicious" (Amy Sedaris), and "poignant" (John Mulaney) New York Times bestseller about love, heartbreak, and being alive -- "this book is something new and wonderful" (George

Saunders). You may "know" Jenny Slate from her Netflix special, *Stage Fright*, as the creator of Marcel the Shell, or as the star of "Obvious Child." But you don't really know Jenny Slate until you get bonked on the head by her absolutely singular writing style. To see the world through Jenny's eyes is to see it as though for the first time, shimmering with strangeness and possibility. As she will remind you, we live on an ancient ball that rotates around a bigger ball made up of lights and gasses that are science gasses, not farts (don't be immature). Heartbreak, confusion, and misogyny stalk this blue-green sphere, yes, but it is also a place of wild delight and unconstrained vitality, a place where we can start living as soon as we are born, and we can be born at any time. In her dazzling, impossible-to-categorize debut, Jenny channels the pain and beauty of life in writing so fresh, so new, and so burstingly alive, we catch her vision like a fever and bring it back out into the bright day with us, where everything has changed. **The Most Intimate Revelations about Weirdos from Another Planet!** [Lennex](#) In this book, we have hand-picked the most sophisticated, unanticipated, absorbing (if not at times crackpot!), original and musing book reviews of "Weirdos from Another Planet!." Don't say we didn't warn you: these reviews are known to shock with their unconventionality or intimacy. Some may be startled by their biting sincerity; others may be spellbound by their unbridled flights of fantasy. Don't buy this book if: 1. You don't have nerves of steel. 2. You expect to get pregnant in the next five minutes. 3. You've heard it all. **Weirdos from Another Planet-12 Copy Dump Scientific Progress Goes "boink" A Calvin and Hobbes Collection Yukon Ho!** [Andrews McMeel Publishing](#) Calvin--a six-year-old boy with a boundless imagination and a zest for misadventure--confounds his parents, his teacher and his classmates with the help of his lovable stuffed tiger Hobbes **WeirDo #15: Planet Weird Scholastic Press** **HAPPY BIRTHDAY TO MEEEEEE!** Not only is it PLANET DAY, its also Weir Dos BIRTHDAY! And his partys going to be so HUGE youll see it from space! It wont be easy... but it will be FUNNY! **Weirdos from Another Planet! A Calvin and Hobbes Collection Turtleback** Calvin and his constant companion Hobbes romp their way through another series of adventures spawned largely in the boy's never-flagging imagination. **Attack of the Deranged Mutant Killer Monster Snow Goons** [Andrews McMeel Publishing](#) Online: gocomics.com/calvinandhobbes/ **Undead Girl Gang** [Penguin](#) "A fun, fast read...it will resonate with readers who dabble in any sort of arts, dark or otherwise." --NPR.org "With a singular and hilariously cutting teen voice, **UNDEAD GIRL GANG** is sure to be one of the most talked-about YA novels of the year." --BookPage **Veronica Mars meets The Craft** when a teen girl investigates the suspicious deaths of three classmates and accidentally ends up bringing them back to life to form a hilariously unlikely--and unwilling--vigilante girl gang. Meet teenage Wiccan Mila Flores, who truly could not care less what you think about her Doc Martens, her attitude, or her weight because she knows that, no matter what, her BFF Riley is right by her side. So when Riley and Fairmont Academy mean girls June Phelan-Park and Dayton Nesseth die under suspicious circumstances, Mila refuses to believe everyone's explanation that her BFF was involved in a suicide pact. Instead, armed with a tube of lip gloss and an ancient grimoire, Mila does the unthinkable to uncover the truth: she brings the girls back to life. Unfortunately, Riley, June, and Dayton have no recollection of their murders. But they do have unfinished business to attend to. Now, with only seven days until the spell wears off and the girls return to their graves, Mila must wrangle the distracted group of undead teens and work fast to discover their murderer...before the killer strikes again. **Way of the Weirdo** [Innercircle Publishing](#) "Dedicated to the seen, the unknown and the beyond." We have come to a moment in time where we all need to make a choice. We can either maintain on our perilous course with the destruction of our world and the ultimate extinction of the human species, or we can choose the alternative. So now you have to choose. Are you going to uphold the status quo and participate in the eventual annihilation of the human race? If the answer is yes then close the book now and go on about your day as if this never happened. If you are still here then I must congratulate you for choosing the alternative. The alternative choice we are faced with is not some system or revolution which will guide us in a different direction. It is a path; it is a journey to explore who we truly are. A journey to understand our inner and outer worlds within ourselves which will guide us to our next step in our eventual evolutionary process. It is within this book where we will travel along the path together, but let me assure you that this journey is no leisurely stroll beside a pristine lake. The journey is a rough road that will shake the foundation of the way we perceive the world to its inner core. The path is not paved out of marble stone, so it is not meant to be easy. But if you can persist along this rough path it will eventually manifest into the beautiful path which you envisioned. The path we are on together will give you a better understanding of why our world is the way it is at the moment, where we are going, who we are and why we are here. The journey through the pages of this book may give you the sense of how we can achieve this peaceful world which we have all longed for. So it is time to begin the path within. - www.innercirclepublishing.com **Exercised Why Something We Never Evolved to Do Is Healthy and Rewarding** [Pantheon](#) The book tells the story of how we never evolved to exercise - to do voluntary physical activity for the sake of health. Using his own research and experiences throughout the world, the author recounts how and why humans evolved to walk, run, dig, and do other necessary and rewarding physical activities while avoiding needless exertion. Drawing on insights from biology and anthropology, the author suggests how we can make exercise more enjoyable, rather than shaming and blaming people for avoiding it **Something Under the Bed Is Drooling** [Andrews McMeel Publishing](#) **Cartoons** chronicle the adventures and exploits of the rambunctious six-year old Calvin, and Hobbes, his very-much-alive stuffed tiger **Future Evolution An Illuminated History of Life to Come** [W. H. Freeman](#) Everyone wonders what tomorrow holds, but what will the real future look like? Not decades or even hundreds of years from now, but thousands or millions of years into the future. Will our species change radically? Or will we become builders of the next dominant intelligence on Earth- the machine? These and other seemingly fantastic scenarios are the very possible realities explored in Peter Ward's *Future Evolution*, a penetrating look at what might come next in the history of the planet. Looking to the past for clues about the future, Ward describes how the main catalyst for evolutionary change has historically been mass extinction. While many scientist direly predict that humanity will eventually create such a situation, Ward argues that one is already well underway--the extinction of large mammals--and that a new Age of Humanity is coming that will radically revise the diversity of life on Earth. Finally, Ward examines the question of

human extinction and reaches the startling conclusion that the likeliest scenario is not our imminent demise but long term survival--perhaps reaching as far as the death of the Sun! Full of Alexis Rockman's breathtaking color images of what animals, plants and other organisms might look like thousands and millions of years from now, *Future Evolution* takes readers on an incredible journey through time from the deep past into the far future. *Universe Guidebook The Celestial Zoo Big Photo Book Edition* [Independently Published](#) A tour of 210 places of interest in the Observable Universe, describing each landscape with curious facts that are a must-know when planning our first travels through the Cosmic Jungle. Featuring the most bizarre galaxies, stars, planets, and other weirdos of all colors and shapes. The information contained is updated as of September 2020. The infographic and artistic work on the cover depicts the entire observable universe crammed into one field of view. It was assembled by Pablo Carlos Budassi by combining logarithmic maps of the universe from Princeton University and images from NASA. In 2016 this work went viral among astronomy fans and from there, it was featured in numerous publications and science museums including NASA apod, Dumont World Atlas, Sciences et Avenir, MTV, Discover Magazine, Philosophy Now, Forbes, WNDR Museum Chicago, WeCurious Museum in Bristol. Using this graphic as a map and the accumulated knowledge of 400 years of modern astronomy, we will spend a couple of minutes in each known world and if we come out alive, we will have the most up-to-date knowledge about the celestial wildlife and maybe, in the next trip, we can be the tour guides ourselves. This listing is for the larger (Photographic Book) version of the *Universe Guidebook*. For the pocket (smaller) version of the guidebook please refer to: <https://amzn.to/34qb4P> *WeirDo (WeirDo #1)* [Scholastic Inc.](#) From bestselling author Anh Do comes the hilarious hit chapter book series, *WeirDo*. These illustrated books will keep readers laughing as Weir and his friends navigate the trials of elementary school. Meet Weir Do.No, that's not a typo, that's his name! Weir Do's the new kid in school. With an unforgettable name, a crazy family, and some seriously weird habits, fitting in won't be easy . . . but it will be funny! *Get Weird Discover the Surprising Secret to Making a Difference* [Hachette UK](#) Most of us grow up believing it's more important to fit in than to stand out. But there's something different about you...and it matters. What if your weirdness was the key to changing everything? What if the outrageous, imaginative, crazy ideas that live inside your wildest dreams are actually there on purpose, divinely preinstalled to help others? Knowing what makes you weird is the best thing you can offer your art, your business, your friends, your family, and yourself. It's the essence of creativity, the stuff of movements, and the hope for humanity. It's time to quit painting by numbers, conforming to patterns, and checking off boxes. It's time to Get Weird. *AstroNuts Mission Two: The Water Planet* [Chronicle Books](#) *AstroNuts Mission Two: The Water Planet* is the second book in the laugh-out-loud series by children's literature legend Jon Scieszka. The book follows a new mission, where AstroWolf, LaserShark, SmartHawk, and StinkBug must find a planet fit for human life after we've finally made Earth unlivable. After they splash-land on the Water Planet, they find power-hungry clams, a rebellious underwater force, and a world full of too-good-to-be-true. Can this aquatic world really be humans' new home? And why are these clams so eager to swap planets? • A can't-put-it-down page-turner for reluctant readers • Complete with how-to-draw pages in the back *AstroNuts Mission Two* is full of laugh-out loud humor with a thoughtful commentary on the reality of climate change at the core of the story. Eager and reluctant readers alike ages 8 to 12 years old will be over the moon about this visually groundbreaking read. • Creatively illustrated, full-color action-packed space saga • Perfect for fans of *Dog Man*, *Big Nate*, *Wimpy Kid*, and *Captain Underpants* • Great for parents, grandparents, teachers, librarians, and educators who are looking to introduce STEM and environmental topics to children • You'll love this book if you love books like *The Bad Guys in Superbad* by Aaron Blabey, *The 104-Story Treehouse: Dental Dramas & Jokes Galore!* by Andy Griffiths, and *The Stinky Cheese Man and Other Fairly Stupid Tales* by Jon Scieszka. *Wait Till You See Me Dance Stories* [Graywolf Press](#) "Deb Olin Unferth's stories are so smart, fast, full of heart, and distinctive in voice—each an intense little thought-system going out earnestly in search of strange new truths. What an important and exciting talent."—George Saunders For more than ten years, Deb Olin Unferth has been publishing startlingly askew, wickedly comic, cutting-edge fiction in magazines such as *Granta*, *Harper's Magazine*, *McSweeney's*, *NOON*, and *The Paris Review*. Her stories are revered by some of the best American writers of our day, but until now there has been no stand-alone collection of her short fiction. *Wait Till You See Me Dance* consists of several extraordinary longer stories as well as a selection of intoxicating very short stories. In the chilling "The First Full Thought of Her Life," a shooter gets in position while a young girl climbs a sand dune. In "Voltaire Night," students compete to tell a story about the worst thing that ever happened to them. In "Stay Where You Are," two oblivious travelers in Central America are kidnapped by a gunman they assume to be an insurgent—but the gunman has his own problems. An Unferth story lures you in with a voice that seems amiable and lighthearted, but it swerves in sudden and surprising ways that reveal, in terrifying clarity, the rage, despair, and profound mournfulness that have taken up residence at the heart of the American dream. These stories often take place in an exaggerated or heightened reality, a quality that is reminiscent of the work of Donald Barthelme, Lorrie Moore, and George Saunders, but in Unferth's unforgettable collection she carves out territory that is entirely her own. *Hullmetal Girls* [Delacorte Press](#) From the author of *Bonds of Brass*, don't miss *Hullmetal Girls*, which NPR calls "a little *Ender's Game*, a little *Hunger Games*, [and] a little *Battlestar Gallactica*." Aisha Un-Haad would do anything for her family. When her brother contracts a plague, she knows her janitor's salary isn't enough to fund his treatment. So she volunteers to become a Scela, a mechanically enhanced soldier sworn to protect and serve the governing body of the Fleet, the collective of starships they call home. If Aisha can survive the harrowing modifications and earn an elite place in the Scela ranks, she may be able to save her brother. Key Tanaka awakens in a Scela body with only hazy memories of her life before. She knows she's from the privileged end of the Fleet, but she has no recollection of why she chose to give up a life of luxury to become a hulking cyborg soldier. If she can make it through the training, she might have a shot at recovering her missing past. In a unit of new recruits vying for top placement, Aisha's and Key's paths collide, and the two must learn to work together--a tall order for girls from opposite ends of the Fleet. But a rebellion is stirring, pitting those who yearn for independence from the Fleet against a government struggling to

maintain unity. With violence brewing and dark secrets surfacing, Aisha and Key find themselves questioning their loyalties. They will have to put aside their differences, though, if they want to keep humanity from tearing itself apart. **A Boston Globe Best Book of the Year A Paste Best Book of the Year "Filled with badass girls and epic adventures...this one's guaranteed to take you on a ride."**— Buzzfeed "A captivating sci-fi adventure that will make you fall madly for Skrutskie's fabulous writing, if you haven't already. [Perfect] for fans of: Cindy Pon (Want) and Pierce Brown (Red Rising)."— Paste "A book you will devour in one sitting, *Hullmetal Girls* is not to be missed!"—Beth Revis, New York Times bestselling author of *A World Without You* and *Across the Universe* "*Hullmetal Girls* has everything I love in a space opera: deep faith, high stakes, endless questions about humanity, and a cast that shows the best (and less-best) of what we might become." -E.K. Johnston, #1 New York Times bestselling author of *That Inevitable Victorian Thing* ★ "Unexpected and clever...A great science fiction story."--VOYA, Starred Review "An engaging narrative with a complex cast that intersects race, sexual identity, religion, and class."--Kirkus Reviews *The Calvin and Hobbes Lazy Sunday Book* [Andrews McMeel Publishing](#) A collection of cartoons presents the antics of Calvin, a mischievous six-year-old boy, and his stuffed tiger Hobbes *Keep Beach City Weird You Can't Hide the Truth!!!* [Penguin](#) Do you think you know the truth about what happens in Beach City? THINK AGAIN! Fans of *Steven Universe* know that Steven and the Crystal Gems are behind most of the strange occurrences that happen in their hometown of Beach City. But Ronaldo Fryman, the town's resident blogger and conspiracy theorist, has some other ideas. This book, created by show writers Ben Levin and Matt Burnett, is a companion to Ronaldo's blog of the same name, and includes his favorite theories and collected evidence. Is Ronaldo a raving, delusional madman or a brilliant, misunderstood visionary (or a little bit of both)? You be the judge! *The Book of Weirdo A Retrospective of R. Crumb's Legendary Humor Comics Anthology* Barry Sonnenfeld, *Call Your Mother Memoirs of a Neurotic Filmmaker* [Hachette Books](#) **A New York Times Editor's Choice selection!** This outrageous and hilarious memoir follows a film and television director's life, from his idiosyncratic upbringing to his unexpected career as the director behind such huge film franchises as *The Addams Family* and *Men in Black*. Barry Sonnenfeld's philosophy is, "Regret the Past. Fear the Present. Dread the Future." Told in his unmistakable voice, Barry Sonnenfeld, *Call Your Mother* is a laugh-out-loud memoir about coming of age. Constantly threatened with suicide by his over-protective mother, disillusioned by the father he worshiped, and abused by a demonic relative, Sonnenfeld somehow went on to become one of Hollywood's most successful producers and directors. Written with poignant insight and real-life irony, the book follows Sonnenfeld from childhood as a French horn player through graduate film school at NYU, where he developed his talent for cinematography. His first job after graduating was shooting nine feature length pornos in nine days. From that humble entrée, he went on to form a friendship with the Coen Brothers, launching his career shooting their first three films. Though Sonnenfeld had no ambition to direct, Scott Rudin convinced him to be the director of *The Addams Family*. It was a successful career move. He went on to direct many more films and television shows. Will Smith once joked that he wanted to take Sonnenfeld to Philadelphia public schools and say, "If this guy could end up as a successful film director on big budget films, anyone can." This book is a fascinating and hilarious roadmap for anyone who thinks they can't succeed in life because of a rough beginning. *Calvin Y Hobbes Cada Cosa A Su Tiempo* [Turtleback Books](#) A collection of comic strips following the adventures of Calvin and his stuffed tiger Hobbes. *The Essential Calvin And Hobbes* [Andrews McMeel Publishing](#) *The Essential Calvin and Hobbes* is an over-size anthology-type book including an original 16-page story and color Sunday cartoons. *High Tide The Truth About Our Climate Crisis* [Macmillan](#) A ground-breaking study of the devastating impact of global warming on people's lives around the world on every continent provides a stark and urgent warning about the dangers that exist unless something is done before it is too late to avert even greater catastrophes. Original. 25,000 first printing. *Weird Parents* [Dial](#) A young boy comes to accept his parents' unusual behavior which includes packing surprises in his lunch box and greeting strangers they meet on the street. *There's Treasure Everywhere* [Andrews McMeel Publishing](#) The popular comic-strip duo roam their many worlds in search of treasure and fortune, approaching warp speed, fighting off killer bicycles, conducting dad polls, and creating a legion of snowmen and other not-so-alien beings. Simultaneous. 1,200,000 first printing. *Get Up A 12-Step Guide to Recovery for Misfits, Freaks, and Weirdos* [Mango Media Inc.](#) A (Former) Skeptic's Guide to the 12-Step Program Knowledge from a personal journey. Experiences with addiction vastly differ, but something can be learned from everyone's journey—especially those who achieve sobriety. Author Bucky Sinister penned this book because he had something to share from his own journey, a realization that completely changed his outlook on recovery. This smart and snide book is his testament to the effectiveness of the 12-Step Program, a path to recovery that he never expected to go down (and work). A tough-love approach to recovery. As a poet, author, and comedian, Sinister doesn't hold back from speaking the truth in this book. He speaks bluntly about addiction and his own struggles with it. Sinister appeals to those who are turned off by the usual recovery self-helps. He talks straight to readers who struggle to buy into the effectiveness of the 12-Step Program—particularly those like Sinister, an atheist, who have problems with the "higher power" concept intertwined with the program. A different kind of "self-help". Sinister's book presents itself as self-help, but don't expect it to have the same tone as others you've read. The book is full of Sinister's comedic touch, colorful language, and stories from "scumbags" that contain life-saving wisdom. An unabashed testimony to Sinister's personal journey to sobriety and those of others, this recovery book is sure to educate, entertain, and inspire. Read Bucky Sinister's *Get Up: A 12-Step Guide to Recovery for Misfits, Freaks, and Weirdos* and find... • A different outlook on the 12-Step Program • Raw and honest stories of addiction and staying sober • A source of both light laughter and cutting wisdom for those on the path to recovery Readers of books such as *The Unexpected Joy of Being Sober*; *Recovery: Freedom from Our Addictions*; and *Staying Sober Without God* will find further guidance and inspiration in *Get Up*, which should be the next book for you. *Chocolate Fever* [Perfection Learning](#) Because of his unusual love for chocolate in any form, Henry Green makes medical history with the only case of chocolate fever. *Resilience Why Things Bounce Back* [Simon and Schuster](#) Tracing some of the economic highs and lows that impacted the world in the aftermath of Hurricane Katrina, an introduction to the

emerging field of resilience research explains how to approach disruptions in ecosystems, businesses and governments to better reinforce interdependent world systems. 40,000 first printing. Servants of the Wankh New York : Daw Books ; [Scarborough, Ont.] : New American Library of Canada **The Revenge of the Baby-Sat** Andrews McMeel Publishing **The best of the popular comic strip collected in one volume follows the rambunctious adventures of six-year-old Calvin and his tiger Hobbes** **Blessed Are the Weird A Manifesto for Creatives** This is a book for everyone who wants to lead a deep, true, and passionate life and leave the world better for having passed this way.
