MUSINGS FROM A GOLFING TRADITIONALIST

iUniverse Anger is a part of being human ... how one deals with it defines him, as you so aptly describe. The one constant is the ability to let anger go once its grabbed on to you. Some are better at it than others. Thanks for your thoughts on this ... they were on point. Tom Watson, eight-time major championship winner on reading Hole No. 7 It was delightful reading, and your depiction of the Pebble Beach experience was classic (and very much appreciated, I might add ...). The comparison to St Andrews is a terrific debate. Thanks for making it so appealing. Our sincere best wishes to you in bringing this to many readers and golfers throughout the world. RJ Harper, Senior VP, Golf at Pebble Beach Company on reading Hole No. 11 This is the best side-by-side presentation and analysis Ive seen. George Peper, editor, LINKS Magazine on reading Hole No. 9 Wayne really captured the Augusta

National you see in person. It was an enjoyable chapter to read and evoked strong memories of playing the Masters. Well done. Gary Player, nine-time major championship winner on reading Hole No. 1 The Verma Cuppers certainly seemed to enjoy themselves and you did well to run on the West Sands, albeit in slow motion, after your experiences the day before! We are delighted you enjoyed the experience at St Andrews and can certainly detect from your writing your appreciation of the history surrounding the Home of Golf. John Grant, Director of Golf, St. Andrews Links Trust on reading Hole No. 6 Golf Shorts and Plus Fours: Musings from a Golfing Traditionalist from Wayne T. Morden is a sometimes comic look at the game of golf in all its glory and idiosyncrasies. Arranged like an eighteen-hole golf course including trivia refreshments and three additional playoff holes this collection of short stories offers life lessons and relies heavily on golf's fundamental tenets to remind golfers why they are so obsessed with this pastime. Morden conveys exasperation over the proverbial sand trap and laughs over Star Wars lingo and Verma Cup antics. Golf has not only taught him how to be a sportsman but it has also taught him how to be a better man to his friends, family, and fellow golfers. Golf Shorts and Plus Fours is a collection of well-informed, analytical and entertaining bits of wisdom that will warm the heart of any devoted golfer.

ENGAGED TO A RED STAR

BoD - Books on Demand This is a first person narrative, told from the perspective of Peter Ivanov, a Bulgarian academic, whom we first meet in London, where he is temporary affiliated to the University, as a lecturer. While in London, he meets and begins an affair with Maria Reist, an Austrian au pair girl. We are led to believe that he is lonely and trapped in an unhappy marriage. The basis of the reported conversations between Peter and Maria is often contrastive political - ideological systems. For example, Peter says the following about the Bulgarian regime in the 70-s: The ruling communist elite owns the country and the premier and his immediate followers are being worshipped . This prepares us for an exposition of an unjust system, ruling over the private lives of people. The communist system is often described using popular anecdotes. Upon completion of his contract with the University, Peter travels home, to Bulgaria. He shares part of the journey with Maria, but they part in Austria, agreeing to write to each other using a secret code, which Peter believes will conceal their affair from the Bulgarian Secret Service: A for I love you , B for I kiss you , etc. Upon his return, Peter s relationship with his wife and with the authorities becomes more embittered and disregarding his previously cited concerns about the Secret Services, Peter decides to divorce his wife and invites Maria to spend time with him in Bulgaria. Maria visits Peter twice. Her first visit puts Peter under surveillance and the Bulgarian State Security arranges a car accident, luckily both Peter and Maria survive the accident with minor injuries. Her second visit leads to their arrest at a border check point in Hungary, just before Peter attempts to leave the Communist Block illegally with an expired overseas passport. Peter was unaware, that he was long time under surveillance and that his wife was supplying the Secret Police with supposedly incriminating evidence. After his arrest, Peter was transferred to the State Security Interrogation Centre in Sofia, on Razvigor St., No 1. Here he is held without trial for many months and subjected to prolonged questioning by Colonel Dimitrov, an example how the former State Security in Eastern Europe used to extract information from the detainees: psychic torture, informers, listening to conversations in the cel

WHY GOD?

Christian Faith Publishing, Inc. For more than 150 years, a cold war has engulfed the world. Two feuding factions contend, not for military dominance, but for cultural sovereignty. Those caught in the middle are forced to choose sides. It is only a matter of time until this cold war escalates into a violent conflict. The victorious will have supreme rule over the world. The defeated will be utterly eradicated. Whose side will you choose? Do you think this is just some fictitious war story? Think again. This is real life. On one side is religion. On the other is conventional science and logic. These two sides fight for the right to define what is true. Many people are forced every day to decide which one is right. Who, if any, is correct? What is the true beginning of the universe? How did life really begin? How have we as a people gotten to the current state that we are in? What is in our future? These questions, and more, are at the forefront of the conflict. If the truth is ignored, the consequences could be dire. We cannot afford to just simply look the other way. The line has been drawn, and a side must be chosen. The evidence is available for those that are willing to listen and understand. Inside, you will find what the real truth is; a truth that can truly set you free.
