THE SUGARLESS PLUM

A MEMOIR

Harlequin It started as the perfect story. Zippora Karz was a member of the famed New York City Ballet by the age of eighteen. By twenty she was starring as the Sugar Plum Fairy in The Nutcracker, dancing roles created by Jerome Robbins, and traveling the world. It was the stuff dreams are made of until, at age twenty-one, Karz was diagnosed with diabetes. Balancing ballet and her blood sugar would be a long and difficult struggle for Karz. In The Sugarless Plum, Karz shares her journey from denial, shame and miseducation about her illness to how she led an active, balanced and satisfying life as an insulin-dependent diabetic and soloist with one of the world's most famous ballet companies. The Sugarless Plum takes readers deep into the heart and soul of a young dancer, and is a remarkable testament to determination and perseverance.

RADAR INSTRUCTION MANUAL

Since 1958 the Maritime Administration has continuously conducted instructions in use of collision avoidance radar for qualified U.S. seafaring personnel and representatives of interested Federal and State Agencies. Beginning in 1963, to facilitate the expansion of training capabilities and at the same time to provide the most modern techniques in training methods, radar simulators were installed in Maritime Administration's three region schools. It soon became apparent that to properly instruct the trainees, even with the advanced equipment, a standardize up-to-date instruction manual was needed. The first manual was later revised to serve both as a classroom textbook and as an onboard reference handbook. This newly updated manual, the fourth revision, in keeping with Maritime Administration policy, has been restructured to include improved and more effective methods of plotting techniques for use in Ocean, Great Lakes, Coastwise and Inland Waters navigation. Robert J. Blackwell Assistant Secretary for Maritime Affairs
