Forever and Always Simon and Schuster The New York Times bestselling of Eternity brings her signature “enchanting and exquisite” (BookPage) prose to the second in the Forever Trilogy following Darci Monroe as she must solve a devastating mystery that hits close to home. When her beloved husband vanishes after a strange accident, grief-stricken Darci Monroe is left to raise their young daughter alone. But she can’t help but suspect that the reports of his death are untrue. When the FBI enlists her intuitive talents to solve a heinous crime, she agrees—if they help to uncover the truth about her husband. It may be a tougher deal than Darci imagined: she must go head-to-head with a criminal whose mind power matches hers at every turn. And she must discover if those in the highest circles of authority have her best interests at heart—or if someone intends to sever the everlasting bond she shares with her one true love.

Sloths! A Celebration of the World's Most

Misunderstood Mammal *Atlantic Books (UK)* *In public estimation, sloths have undergone an astonishing transformation in the course of the past few years. Thanks largely to YouTube clips posted by the sloth orphanage in Costa Rica, sloths have attracted a vast audience of admirers. Instead of seeing them as ridiculous anachronisms of which we know little, they have turned into creatures considered by many to be the most endearing on earth. Over much the same period, scientific investigations have also changed our view of sloths. No longer are they seen as total misfits in the modern world but, in the words of one specialist sloth investigator, they are "masters of an alternative lifestyle." This wonderfully entertaining book reveals the fascinating history of the sloth, from the prehistoric ground sloth to modern pygmy sloths in Panama, explores the current state of the science of sloths, and reveals the truth behind sloth behavior.*
