## **GET IN THE ZONE: INSPIRATIONAL QUOTES FOR EVERYDAY LIVING**

---

Xlibris Corporation I have been spending time writing from the heart. A lot of what I write is from my own experiences and those Ive observed in friends and family. There are a lot of broken spirits among us. I want to be a part of the solution in building up myself, people and the spirit. The world has a way of tearing us down, it is important to guard our minds and heart so we can love and give the best of us. The mind is power and choosing our words carefully is important in shaping our future. It is said out of our mouth comes life or death I am choosing life. I want to continue my life journey in empowering myself and others with my words and presence. I want to inspire people to believe in themselves and know we are worthy of every good thing. Lets start empowering and building the soul. Get out of your way, embrace change and let the spirit guide you. My hopes for this book are that everyone who reads it will find peace, comfort and strength to push forward in times of doubt. In our darkest hours may we all find solitude in inspiring words and the examples and legacies of the past greats. Let every spirit be lifted and let joy come upon all who search and read. Let us continue to strengthen our minds, meditate on the good and guard

our minds with the power of words. We must transform our lives first on the inside, before we can live our best on the outside.

## **INSPIRATIONAL QUOTES OF THE SAGES**

---

Independently Published To begin with, reading this collection of my inspirational quotes that I gave the title **INSPIRATIONAL QUOTES OF THE SAGE**, I wish to bring forward to the reader some benefits of quotes from our scholars, political leaders, sages, wise old men and women, scientists and men of experience in various fields of endeavour. Here are eleven reasons why one shall endeavor to read motivational quotes every day and I wish to share them with my readers thus: 1. Motivational quotes motivate, inspire, and encourage: Quotes have the power to motivate, inspire and encourage, when you feel unhappy or lacking motivation. At such time, read a few quotes, and you will see how your mood and state of mind begin to improve. 2. Motivational quotes energize and prompt you to take action: When you need a little push and some fuel to help you take action, motivational quotes can be of great help. 3. Positive quotes create optimism and hope: Positive quotes make you see the bright side of life, motivate, and give hope for a better future. At such times, it would be most helpful to read the words of people who achieved something in their life. Read their motivating words, and let these words sink into your mind. 4. Motivational quotes give insight and wisdom: Many quotes contain insight and wisdom condensed into a few words. If you read the quote a few times, and focus on the words, often, you will discover wisdom and insight that will help you in your life. 5. Motivational quotes offer hope: Another benefit that you can gain by reading motivational quotes is hope. When in a difficult situation, when you do not know what to do, or when you feel down, quotes are like rays of light entering your life and driving away the darkness. I do not mean that every quote would give you hope, but quite a few are really a beacon of light. 6. Positive quotes bring light and happiness into your day; A motivational quote has the power to awaken happiness and brighten your day. It is a good idea to read a few in the morning, after waking up, and again, before your leave for work. Often, the words you read stay with you and affect how you think, act and react, for a long time after reading them. 7. Motivational quotes teach: If you pay attention to the words, while reading a quote, you will gain good advice from it, which you can then implement in your life. 8. They open the mind to see life in a wider perspective: Quotes often open the eyes and the mind to understand truths and acknowledge things you otherwise would have missed. They let you see life from another, wider perspective, and in this sense, they expand the mind and the awareness. 9. Motivational quotes are mood changers: Reading quotes can improve how you feel and change your mood for the better. It is like drinking something that uplifts your spirit. That is why it is a good idea to have some good quotes handy, so you can read them whenever you want to uplift your spirit. 10. Positive quotes inspire you to adopt positive thinking and take positive action: Positive quotes make you feel positive, optimistic, energetic, and optimistic, ready to set goals and take action. Their effect might continue for a little while or longer. To turn this attitude into a habit, you need to read quotes often and every day. 11. Reading motivational quotes does not require effort: Reading them is actually fun and joy, does not require any effort, and hardly takes more than a few moments. **LET THE SKY BE YOUR**

### **GRACE LIFE INSPIRED QUOTES**

---

Independently Published The Gospel is of supreme importance because it is God's revelation of Himself and what He has done for the entire human race through His Son Jesus Christ. It is the means by which people become the children of God. It is also God's delivery system for making His children into what He wants them to be, and giving them everything they could possibly need. I am so grateful to God for committing into my trust this same gospel to tell people the good news about the grace of our Lord Jesus Christ after the order of 1Timothy 1:11-12. "According to the glorious gospel of the blessed God, which was committed to my trust. And I thank Christ Jesus our Lord, who hath enabled me, for that he counted me faithful, putting me into the ministry". Just like in the above scripture, God divinely enabled me by making me a partaker of His divine nature, He counted me faithful through the righteousness of His Son- Jesus and has given me a ministry with the mandate "To rescue decaying destinies and to prepare a people ready for the Lord through preaching of the Gospel of grace." What a privilege I have from heaven! Although I am not yet an "expert" on grace, I have already started living the grace life because my understanding of God's word is based on the dispensation we live in (we live today in the day of the Lord Jesus). Just as products are valued according to the status of their manufacturers, Christian believers are rated as superiors in everything because of who created them, where they come from and the quality of products they are. A Christian belongs to a species of beings who has received and is living out the very life of Christ, which is what the grace life is all about. "He that cometh from above is above all: he that is of the earth is earthly, and speaketh of the earth: he that cometh from heaven is above all" (John 3:31). Before you got saved, your soul was in control of your spirit and as a result, you were self-occupied and your passions governed your body. You were of the earth and was used to speaking in an earthly way the good news is that at new birth, you received God's life into your spirit. This new experience allows the Holy Spirit to rule your spirit. As you submit and yield to that Spirit of God in your spirit, your spirit man will now regain control over your soul and body. This is what grace life is all about.

### **MYSTICAL REFLECTIONS ON SPIRITUAL QUOTES**

---

PartridgeIndia The interface between the individual and what constitutes his world is formed by a nexus of cosmic forces of graded subtlety. Understanding these forces and energies opens up a whole field of tangibly realizable possibilities. The book attempts to ignite a spark that illuminates the fact that the spiritual goal cannot be attained by suppression or a denial of your desires and passions. That we need to rise above violent labelling of power, desire, and money as evil and identify the real evil within as a lack of awareness of the energy field and its role as a bridge between matter and spirit. The book borrows on the quotations of ancient and modern physicists, metaphysicists, sages, philosophers, and poets and blends their words with some personal reflections based on experience. The intent at all times being to share perspectives that embrace the spiritual potential in material and the material possibilities of the spiritual journey. The book celebrates the oneness of spirit and matter through these quotes, which have been compartmentalized into chapters that inform, educate, or gently hint at this oneness and harmony, which holds the disparate cosmic components together as a seamless whole.

### **3,000+ QUOTES OF PHILOSOPHY**

---

#### **JOY, LIFE, BEAUTY, AND HAPPINESS**

---

CreateSpace This book offers a few moments of tranquility, peace, and serenity to an otherwise busy life within a 'hurry up' world. The philosophy-based quotes were compiled for self-reflection and contemplation. Read the quotes, reflect on the words while concentrating on meaning, and then develop your own ideas, thoughts, and responses. This huge list of popular and rare quotes provides an excellent starting point for education (analysis), motivation (inspiration), writer's prompts, self-reflection, and digital content. It's hard to miss quotes in one's daily life. You receive an email from a business affiliate and under their signature is a significant philosophical snippet they feel inspired them and want to share with others. You sign onto social media and see beautiful photos with embedded quotes scrolling down your wall. Textbooks, how-to, and even fictional books have quotes at the top of chapters or sidebars inspiring the reader on to bigger and better things, or supply philosophical evidence as to why an idea is important. Viewpoints and observations about life may not have changed that much over history - and seem to sustain similar themes and opinions - about how a people or society should behave themselves over thousands of years. These quotes should keep you thinking and reflecting for a long while. Writers use quotes to get past writer's blocks, educators provide quotes as thought provokers to teach young minds to analyze the words. Business owners and entrepreneurs use quotes to motivate themselves to do more, bigger, and better. Web content providers use quotes for websites, social media, and blogging about product, services, or just to catch the reader's attention to the writer's point of view. This book provides a wealth of quotes from early philosophers and religious leaders to today's zany comics and leaders of great nations. If one read one quote a day for reflection, the number of quotes in this book should take you far past eight years of thought and human study. #analysis, #beautiful, #blogging, #book, #business, #contemplation, #digital content, #education, #embedded, #entrepreneurs, #evidence, #history, #human, #hurry, #idea, #inspiration, #inspire, #life, #media, #minds, #motivate, #observations, #opinions, #peace, #people, #philosophers, #philosophical, #point, #popular, #prompts, #provoker, #quote, #read, #reader, #reflecting, #reflection, #religious, #self-reflection, #serenity, #signature, #significant, #snippet, #social, #sustain, #thinking, #thought, #tranquility, #viewpoint, #websites, #words, #world, #writer

### **IT SHOULDN'T HURT TO SMILE**

---

### **INSPIRATIONAL QUOTES AND POEMS**

---

It Shouldn't Hurt to Smile is a collection of inspirational quotes and poems to uplift the spirit and soothe the soul when life hurls blow after painful blow with no warning. When you're afraid to smile for fear of the hurtful past returning to claim center stage in your life, smile anyway. When despite your best efforts to remain positive in the face of almost imminent failure, smile anyway and keep going. It's ok to try and fail; it's not ok to try and give up. Be reminded that you were born out of purpose and you have much to accomplish in this life. Ignore the naysayers that tell you to quit because they fear your triumphs and successes will overshadow them and bring their true insecurities to light. You are here to excel, prosper and grow. It's ok to stumble and fall as long as you get up and keep getting up, but never, ever, give up. It is during these times that your true character is born and you are transformed into the person that you were destined to become. You are not defined by another person's opinion of you; only your own. Embrace the strength within. Use fear as the fuel needed to ignite the brilliance that you have hidden for far too long. The time for you to live for you, is now. There may be days that you will cry and that's ok, but remember that salt water makes things stronger. It shouldn't hurt to smile.
