### The Seven Ages of Man

From Shakespeare's "As You Like It". The Artist's Ed

If I Were in Charge of the World and Other Worries

*Perfection Learning* Forty-one poems reveal a variety of secret thoughts, worries, and wishes.

### Ethics in Psychology and the Mental Health Professions

#### Standards and Cases

*Oxford University Press* Most mental health professionals and behavioral scientists enter the field with a strong desire to help others, but clinical practice and research endeavors often involve decision-making in the context of ethical ambiguity. Good intentions are important, but unfortunately, they do not always protect the practitioner and client from breaches in ethical conduct. Academics, researchers, and students also face a range of ethical challenges from the classroom to the laboratory. Now in a new expanded edition, *Ethics in Psychology and the Mental Health Professions*, the most widely read and cited ethics textbook in psychology, has emerged with a broadened scope extending across the mental health and behavioral science fields. The revised volume considers many of the ethical questions and dilemmas that mental health professionals encounter in their everyday practice, research, and teaching. The book has been completely updated and is now also relevant for counselors, marriage and family therapists, social workers, and psychiatrists, and includes the ethics codes of those groups as appendices. Providing both a critical assessment and elucidation of key topics in the APA's guidelines, this comprehensive volume takes a practical approach to ethics and offers constructive means for both preventing problems, recognizing, approaching, and resolving ethical predicaments. Written in a highly readable and accessible style, this new edition retains the key features which have contributed to its popularity, including hundreds of case studies that provide illustrative guidance on a wide variety of topics, including fee setting, advertising for clients, research ethics, sexual attraction, how to confront observed unethical conduct in others, and confidentiality, among others. *Ethics in Psychology and the Mental Health Professions* will be important reading for practitioners and students-in training. An instructors manual is available for professors on <http://www.oup.com/us/companion.websites/9780195149111>

### The Sexual Politics of Meat (20th Anniversary Edition)

#### A Feminist-Vegetarian Critical Theory

A&C Black >

### The Onion Book of Known Knowledge

#### A Definitive Encyclopaedia Of Existing Information

*Little, Brown* Are you a witless cretin with no reason to live? Would you like to know more about every piece of knowledge ever? Do you have cash? Then congratulations, because just in time for the death of the print industry as we know it comes the final book ever published, and the only one you will ever need: *The Onion's compendium of all things known*. Replete with an astonishing assemblage of facts, illustrations, maps, charts, threats, blood, and additional fees to edify even the most simple-minded book-buyer, *THE ONION BOOK OF KNOWN KNOWLEDGE* is packed with valuable information-such as the life stages of an Aunt; places to kill one's self in Utica, New York; and the dimensions of a female bucket, or "pail." With hundreds of entries for all 27 letters of the alphabet, *THE ONION BOOK OF KNOWN KNOWLEDGE* must be purchased immediately to avoid the sting of eternal ignorance.

### Writing Genres

*SIU Press* Examines genre and its educational purposes from a variety of perspectives. The text is not limited to literary genres or to ideas of genres as formal conventions; it provides a theoretical definition of genre as rhetorical, dynamic and flexible, ideological and constraining, to an examination of the role of genres in different communities.

### Brand Revolution

#### Rethinking Brand Identity

*Palgrave Macmillan* Brand Revolution offers a radical new approach to brand management. With big brand case studies including L'Oreal and Jaguar, the author draws on her extensive experience as a marketing consultant to put together this highly engaging and practical book for developing, improving and controlling the identity of your brand.

### The Barefoot Guide to Working with Organisations and Social Change

*The Barefoot Collective* "This is a practical, do-it-yourself guide for leaders and facilitators wanting to help organisations to function and to develop in more healthy, human and effective ways as they strive to make their contributions to a more humane society. It has been developed by the Barefoot Collective. The guide, with its supporting website, includes tried and tested concepts, approaches, stories and activities. Its purpose is to help stimulate and enrich the practice of anyone supporting organisations and social movements in their challenges of working, learning, growing and changing to meet the needs of our complex world. Although it is aimed at leaders and facilitators of civil society organisations, we hope it will be useful to anyone interested in fostering healthy human organisation in any sphere of life"--Barefoot Collective website.

### Ethics in Psychology

#### Professional Standards and Cases

*Oxford University Press, USA* "Written in a highly readable and accessible style, this new edition retains the key features that have contributed to its popularity, including hundreds of case studies that provide illustrative guidance on a wide variety of topics, including fee setting, advertising for clients, research ethics, sexual attraction, how to confront observed unethical conduct in others, and confidentiality. *Ethics in Psychology and the Mental Health Professions* will be important reading for practitioners and students in training."--BOOK JACKET.

### The Legacy of Courtly Literature

#### From Medieval to Contemporary Culture

*Springer* This fascinating volume examines the enduring influence of courtly tradition and courtly love, particularly in contemporary popular culture. The ten chapters explore topics including the impact of the medieval troubadour in modern love songs, the legacy of figures such as Tristan, Iseult, Lancelot, Guinevere, and Merlin in modern film and literature, and more generally, how courtly and chivalric conceptions of love have shaped the Western world's conception of love, loyalty, honor, and adultery throughout history and to this day.

## Pediatric Gender Identity

### Gender-affirming Care for Transgender & Gender Diverse Youth

**Springer Nature** This book serves as a guide to key topics regarding pediatric gender identity to help clinicians better care for transgender and gender diverse youth. Written by experts in the field, it covers critical considerations for child health providers from a variety of disciplines in a range of clinical settings. Patients, families and other community agencies can also find useful information about current practices and recommendations for care and support. The text begins by overviewing terminology, epidemiology, gender identity development, and relevant neurobiology. Next, the text focuses on the emergence of affirmative treatment paradigms using a patient-centered, consent based framework. Topics include psychotherapeutic support, gender-affirming medical and surgical care, management of co-existing psychiatric conditions, sexual health and fertility, legal considerations, international considerations, and more. Pediatric Gender Identity can be used as a framework to address core clinical issues and offers practical considerations for gender-affirming care. Using the growing science and understanding of gender development, this book is an excellent resource for all professionals working with gender diverse youth, including child and adolescent psychiatrists, pediatricians, pediatric surgeons, psychologists, therapists, researchers, school and educational leaders, and students.

## The Attic Orators

**Oxford University Press** A collection of fourteen essays by influential scholars on the 'Attic Orators', the ten or so speechwriters who developed rhetoric in democratic Athens from c.420 to c.320 BC. All Greek quotations have been translated.

## In the Dark of War

### A CIA Officer's Inside Account of the U.S. Evacuation from Libya

**Fidelis Books** Most of the world is aware of the tragic events surrounding the 2012 attacks in Benghazi, Libya, that killed four Americans. Most are also aware of the resulting political controversy in Washington. But few know what happened next in Libya. While said controversy in Washington subsided, the volatility in Libya escalated—threatening the brave men and women who remained behind to continue the U.S. mission. In this dramatic retelling of dangerous attacks threatening the U.S. mission in Tripoli, Libya—less than two years after Benghazi—American valor and courage prevailed. The U.S. personnel and intrepid operators stood fast as militias clashed, suicide bombers attacked, and numerous threats and kidnappings closed in on their location. In the midst of it all, the intelligence and determination of one woman with unwavering faith played a pivotal role in saving them all...

## Gothic Art and the Renaissance in Cyprus

## The Rose in Fashion

## Ravishing

**Yale University Press** Examples from jewelry, millinery, handbags, perfume, couture, and everyday dress show how the rose—both beautiful and symbolic—has inspired fashion over hundreds of years.

## Urban Religion

### A Historical Approach to Urban Growth and Religious Change

**Walter de Gruyter GmbH & Co KG** So far religion has been seen as cause for dramatic developments in the history of cities, it has contributed to the monumentalisation of centres and or has given importance to ex-centric places. Very recently, anthropologists have been discovering religion in the contemporary global city. But still awaiting historical investigation is the specific urban character of religious ideas, practices and institutions and the role of urban space shaping this very 'religion' in the course of history. The time-span from the Hellenistic age to Late Antiquity was crucial in the establishment of concepts and institutions of 'religion' and witnessed extended waves of urbanisation, Rome being central to this. In addressing this problem, this book fills a significant gap in the scholarship on urban religion across time. Taking seriously the proposition that space is condition, medium and outcome of social relations, the development of 'urban religion' in lived urban space and urban culture or urbanity offers a lens onto processes of religious change that have been neglected for the history of religion and for the study of urbanism. The key thesis is that city-space engineered the major changes that revolutionised religions. »This stimulating book makes use of archaeology and history to address religion as an essential component of urban life in both the past and the present. -With a strong basis in the ancient Mediterranean as well as an insightful view of modern urban life, Rüpke emphasizes that the practice and performance of religion at the everyday level is as essential in the creation of an urban ethos as the grand temples and institutions promulgated by the elite.« Monica L. Smith, author of *Cities: The First 6,000 Years* »Jörg Rüpke offers a characteristically original and learned series of reflections on some of the many ways in which the history of religions and the history of cities might be entangled. *Urban Religion* offers no single overarching thesis, but it is consistently thought-provoking and suggests many intriguing lines of investigation for the future.« Greg Woolf, Institute of Classical Studies, London

## Magritte

### The Mystery of the Ordinary, 1926-1938

Published in conjunction with the exhibition ... held at the Museum of Modern Art, New York, Sept. 28, 2013-Jan. 12, 2014, the Menil Collection, Houston, Feb. 14-June 1, 2014, and at the Art Institute of Chicago, June 29-Oct. 12, 2014.

## Paint Chip Poetry

## A Game of Color and Wordplay

## Exploitation and Misrule in Colonial and Postcolonial Africa

**Springer** This book offers new perspectives on the history of exploitation in Africa by examining postcolonial misrule as a product of colonial exploitation. Political independence has not produced inclusive institutions, economic growth, or social stability for most Africans—it has merely transferred the benefits of exploitation from colonial Europe to a tiny African elite. Contributors investigate representations of colonial and postcolonial exploitation in literature and rhetoric, covering works from African writers such as Ngugi wa Thiong'o, Kwame Nkrumah, and Bessie Head. It then moves to case studies, drawing lines between colonial subjugation and present-day challenges through essays on Mobutu's Zaire, Nigerian politics, the Italian colonial fascist system, and more. Together, these essays look towards how African states may transform their institutions and rupture lingering colonial legacies.

## A to Z Toddler and Preschool Curriculum

This curriculum is a complete preschool curriculum. The author is a certified educator with over 18 years of teaching experience. She currently serves as Preschool Ministry Coordinator with a church. Each week's lesson plan includes Bible Time, Greeting Circle, Center Time, Circle Time, Story Time, Nap Time, Game Time and Music, and Closing Circle. No additional planning will be necessary to implement the lessons contained in this book. It is set up to cover one letter per week. In addition to the letter of the week, it includes a weekly theme that starts with the letter of the week. The same color, shape, and number are worked on all month long. Each lesson includes activities for teaching and practicing letter skills, number skills, shapes, and colors. In addition, there is a weekly scripture memory verse (KJV), art projects, and snack ideas. This curriculum begins in August and ends in May. The activity and craft ideas included are very budget friendly. There are Holiday Lessons plans for every major holiday that falls within the school year. This resource contains ready made lesson plans for a 10 month school year. It is perfect for homeschool, Christian Daycare, or Mother's Morning Out.

# Democracy, Social Justice, and the American Community College

## A Student-Centered Perspective

**Springer Nature** This book provides scholars, educators, and legislators with a personal, classroom-level tour of daily life at a community college. Readers will accompany the author into the classroom as he goes about his work as an English teacher meeting with classes and corresponding with students on Blackboard and e-mail. Answering the call for "student-centered scholarship," this book blends traditional academic writing with chapters that feature a rich variety of student work, including essays, journal entries, poems, art, and responses to creative assignments. In this volume, Sullivan theorizes the modern community college as a social justice institution. By mission and mandate, the modern community college has democratized America's system of higher education and distributed hope, equity, and opportunity more broadly across the nation.

## 5: Poetry

**African Books Collective** Poems by Kobus Moolman, Mphutlane wa Bofelo, Clinton du Plessis, Gillian Schutte and Lionel Murcott - another 'unholy' assemblage of voices and hands and thoughts. All five have since matured and continued to publish but these relatively early examples of their work certainly show how well formed they were and that subsequent work has been a relatively natural progression.

## Lysias on the Murder of Eratosthenes

*Lysias on the Murder of Eratosthenes*, (c) 1994. 55 pp., ed., Douglas Domingo-Forast, University of California at Long Beach.

## Life and Letters of William Sharp and "Fiona MacLeod".

### volume 3 1900-1905

What an achievement! It is a major work. The letters taken together with the excellent introductory sections - so balanced and judicious and informative - what emerges is an amazing picture of William Sharp the man and the writer which explores just how fascinating a figure he is. Clearly a major reassessment is due and this book could make it happen.--Andrew Hook, Emeritus Bradley Professor of English and American Literature, Glasgow University William Sharp (1855-1905) conducted one of the most audacious literary deceptions of his or any time. Sharp was a Scottish poet, novelist, biographer and editor who in 1893 began to write critically and commercially successful books under the name Fiona Macleod. This was far more than just a pseudonym: he corresponded as Macleod, enlisting his sister to provide the handwriting and address, and for more than a decade "Fiona Macleod" duped not only the general public but such literary luminaries as William Butler Yeats and, in America, E. C. Stedman. Sharp wrote "I feel another self within me now more than ever; it is as if I were possessed by a spirit who must speak out". This three-volume collection brings together Sharp's own correspondence - a fascinating trove in its own right, by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti, Walter Pater, and George Meredith - and the Fiona Macleod letters, which bring to life Sharp's intriguing "second self". With an introduction and detailed notes by William F. Halloran, this richly rewarding collection offers a wonderful insight into the literary landscape of the time, while also investigating a strange and underappreciated phenomenon of late-nineteenth-century English literature. It is essential for scholars of the period, and it is an illuminating read for anyone interested in authorship and identity. [Elib].

## The Imperial Presidency

**Houghton Mifflin Harcourt** The presidential historian charts the progression of American power from George Washington to George W. Bush, revealing the exercise of power through the office as it has developed into an "imperial" seat of authority, in an updated edition of the classic history. Reprint.

## The Life and Letters of William Sharp and "Fiona Macleod". Volume 1: 1855-1894

**Open Book Publishers** William Sharp (1855-1905) conducted one of the most audacious literary deceptions of his or any time. Sharp was a Scottish poet, novelist, biographer and editor who in 1893 began to write critically and commercially successful books under the name Fiona Macleod. This was far more than just a pseudonym: he corresponded as Macleod, enlisting his sister to provide the handwriting and address, and for more than a decade "Fiona Macleod" duped not only the general public but such literary luminaries as William Butler Yeats and, in America, E. C. Stedman. Sharp wrote "I feel another self within me now more than ever; it is as if I were possessed by a spirit who must speak out". This three-volume collection brings together Sharp's own correspondence - a fascinating trove in its own right, by a Victorian man of letters who was on intimate terms with writers including Dante Gabriel Rossetti, Walter Pater, and George Meredith - and the Fiona Macleod letters, which bring to life Sharp's intriguing "second self". With an introduction and detailed notes by William F. Halloran, this richly rewarding collection offers a wonderful insight into the literary landscape of the time, while also investigating a strange and underappreciated phenomenon of late-nineteenth-century English literature. It is essential for scholars of the period, and it is an illuminating read for anyone interested in authorship and identity.

## The Easter Bunny's Assistant

HarperCollins *Easter? I'm so excited!*

## Handbook of Brand Semiotics

**kassel university press GmbH** Semiotics has been making progressively inroads into marketing research over the past thirty years. Despite the amply demonstrated conceptual appeal and empirical pertinence of semiotic perspectives in various marketing research streams, spanning consumer research, brand communications, branding and consumer cultural studies, there has been a marked deficit in terms of consolidating semiotic brand-related research under a coherent disciplinary umbrella with identifiable boundaries and research agenda. The Handbook of Brand Semiotics furnishes a compass for the perplexed, a set of anchors for the inquisitive and a solid corpus for scholars, while highlighting the conceptual richness and methodological diversity of semiotic perspectives. Written by a team of expert scholars in various semiotics and branding related fields, such as John A. Bateman, David Machin, Xavier Ruiz Collantes, Kay L. O'Halloran, Dario Mangano, George Rossolatos, Merce Oliva, Per Ledin, Gianfranco Marrone, Francesco Mangiapane, Jennie Mazur, Carlos Scolari, Ilaria Ventura, and edited by George Rossolatos, Chief Editor of the International Journal of Marketing Semiotics, the Handbook is intended as a point of reference for researchers who wish to enter the 'House of Brand Semiotics' and explore its marvels. The Handbook of Brand Semiotics, actively geared towards an interdisciplinary dialogue between perspectives from marketing and semiotics, features the state-of-the-art, but also offers directions for future research in key streams, such as: Analyzing and designing brand language across media Brand image, brand symbols, brand icons vs. iconicity The contribution of semiotics to transmedia storytelling Narrativity and rhetorical approaches to branding Semiotic roadmap for designing brand identity Semiotic roadmap for designing logos and packaging Comparative readings of structuralist, Peircean and sociosemiotic approaches to brandcomms Sociosemiotic accounts of building brand identity online Multimodality and Multimodal critical discourse analysis Challenging the omnipotence of cognitivism in brand-related research Semiotics and (inter)cultural branding Brand equity semiotics

## Going to Trinidad

## A Doctor, a Colorado Town, and Stories from an Unlikely Gender Crossroads

For more than four decades, between 1969 and 2010, the remote former mining town of Trinidad, Colorado was the unlikely crossroads for approximately six thousand medical pilgrims who came looking for relief from the pain of gender dysphoria. The surgical skill and nonjudgmental compassion of surgeons Stanley Biber and his transgender protege Marci Bowers not only made the phrase "Going to Trinidad" a euphemism for gender confirmation surgery in the worldwide transgender community, but also turned the small outpost near the New Mexico border into what The New York Times once called "the sex-change capital of the world." The full story of that nearly forgotten chapter in gender and medical history has never been told--until now. Award-winning writer Martin J. Smith spent two years researching not only the stories of Trinidad, Biber, and Bowers, but also tracking the lives of many transgender men and women who sought their services. The result is "Going to Trinidad," which focuses on the complicated pre- and post-surgery lives of two Biber patients--Claudine Griggs and Walt Heyer--who experienced very different outcomes. Through them, Smith takes readers deep into the often-mystifying world of gender, genitalia, and sexuality, and chronicles a fascinating segment of the human species that's often misunderstood by those for whom gender remains a mostly binary male-or-female equation. The stories of Trinidad's surgeons and transgender pilgrims provide an important opportunity to better understand the millions of complex individuals whose personal struggle is complicated by today's quicksand of cultural pressures and prejudices. More than six thousand transgender men and women left Trinidad hoping that hormone therapy and surgical relief was the right prescription for their pain. For most it was, but not for all, and their experiences offer important and timely insights for those struggling to understand this sometimes confounding human condition.

## Facsimile Products

### The Fearless Flights of Hazel Ying Lee

*An inspiring picture book biography about Hazel Ying Lee, the first Chinese American woman to fly for the US military. Hazel Ying Lee was born fearless -- she was not afraid of anything, and the moment she took her first airplane ride, she knew where she belonged. When people scoffed at her dreams of becoming a pilot, Hazel wouldn't take no for an answer. She joined the Women Airforce Service Pilots during World War II. It was a dangerous job, but Hazel flew with joy and boldness. This moving, true story about a groundbreaking figure will inspire young readers to challenge barriers and reach for the sky.*

### Business Ethics and Care in Organizations

*Routledge Care is a human ability we all need for growing and flourishing. It implies considering the needs and interests of others, and the quality of how we relate to each other is often defined by care. While the value of care in private life is widely recognized, its role in the public sphere is contested and subject to political debates. In work organizations, instrumentality frequently overrides considerations for colleagues' and co-workers' well-being, while relationships are often sacrificed in the service of performance and meeting organizational targets. The questions this volume attempts to address concerns the organizational conditions that make care flourish and how a caring organization functions in practice. Specifically, we examine what it means to care for each other and what enhances caring behaviours in organizations. The volume ultimately focuses on how caring relations can contribute to making organizations better places. In this perspective, care involves the recognition of, and the limitations of, work as a key aspect of personal and social identity. Because care exceeds the sphere of individual intimacy, the book will also centre on the necessity for building caring institutions through a political process that considers the needs, contributions, and prospects of many different actors. This book aims to contribute to academic discussions on care in organizations, care work, business and organizational ethics, diversity, caring leadership, well-being in organizations, and research ethics. Managers, consultants, policy-makers, and students will find reflections about the goodness of care in organizations, and guidance about the ethical and practical difficulties of pursuing the project of building caring organizations.*

### Culture and the Therapeutic Process

### A Guide for Mental Health Professionals

*Taylor & Francis While there are numerous resources for practitioners on the subject, the ambiguity remains of what actually constitutes effective multicultural counseling and psychotherapy and how it should be incorporated into their sessions. This book addresses the question of how to apply current theories and research with a unique "start-to-finish" approach, examining the role culture plays in each stage of the therapeutic process, from before the clinical intake to termination. Each chapter is devoted to one of these stages and provides practical strategies, techniques, examples, and case studies. The reader will find new ways to consider the influence of culture and expand their own knowledge and skills as a practitioner.*

### Dispatches from Kilimanjaro

*Trafford Publishing Dispatches from Kilimanjaro is a series of thirty emails sent to family, friends and colleagues between 1996-2000. It depicts the adventures and life of the author sharing the culture, language and customs of the people of Tanzania.*

### Mama Provi and the Pot of Rice

*Atheneum Mama Provi takes chicken and rice to her sick granddaughter Lucy who lives upstairs.*

### Gamify Literacy

### Boost Comprehension, Collaboration and Learning

*Literacy is at the heart of education -- and what better way to teach this important subject than through the motivational techniques built into gamification? With Gamify Literacy, teacher Michele Haiken brings together top educators and gaming professionals to share gamification strategies, demonstrating how teachers can use gaming tools and activities to improve literacy and content learning. This friendly, accessible guide provides classroom educators and tech coaches with tips and inspiration on how to apply gaming techniques to improve literacy and deepen student collaboration and critical thinking. This book includes: Tips for implementing gaming techniques to engage and motivate students. Fun and engaging design to complement a game-based approach to learning. Examples that can easily be modified for different grade levels.*

### Poetry in the Classroom

### Tales of the San Francisco Cacophony Society

*Last Gasp A template for pranksters, artists, adventurers and anyone interested in rampant creativity, for years to come. Tales Of The San Francisco Cacophony Society tells the history of the most influential underground cabal that you have never heard of. Rising from the ashes of the mysterious and legendary Suicide Club, The Cacophony Society, at its zenith, hosted chapters in over a dozen major cities, and influenced much of what was once called the underground. Flash Mobs, Urban Exploration, and Culture Jamming are a few of the pop culture trends that Cacophony helped kick off. Chuck Palahniuk's Fight Club, Burning Man and Internet social networking powerhouse Laughing Squid were informed and inspired by Cacophony. The Burning Man Festival actually began as a Cacophony event as did the annual, and now world-wide SantaCon. Cacophony events could range from something as simple as climbing the Golden Gate Bridge or having a discussion over drinks about a movie seen together, to something as elaborate as The Atomic Café -- an event involving a hundred bedraggled "nuclear holocaust survivors" mounting elaborate costumed rituals throughout the bowels of a massive abandoned tooth paste factory. Yes.... Cacophony was that strange. Cacophony's heyday was concurrent with the rise of the internet. The story of this group is of historical significance for this reason. Information about upcoming pranks, street theater and other events hosted by Cacophony was spread by paper flyers posted on telephone poles and left in coffee shops, by the Societies mailer "Rough Draft" and by word of mouth. Then, with the genesis of personal computing and social networking, the jokers, artists and troublemakers of Cacophony were among some of the first non-geeks to explore the power of this new and world changing way of communicating. Burning Man, Urban Exploration, flash mobs and the like were avenues of creativity with their roots in Cacophony, that spread like wildfire through the mechanism of these new communication technologies.*
