Let's Go for a Ride

The Wild Life of Maine's Longest-Tenured Undercover Game Warden

[Down East Books](#) Let's Go for a Ride is the story of William (Bill) Livezey's thirty-year career in the Maine Warden Service. Heralded as "one of the best covert investigators in the country" by Maine Warden Service Lieutenant Dan Scott, Bill is the agency's longest-tenured undercover operative, having spent twenty years in the Special Investigations Unit. "Let's go for a ride" is the universal bad-guy code for breaking the law. Among Maine's most sinister wildlife offenders, its utterance is prone to incite alcohol-fueled night hunting, high-speed car chases on winding country roads, drug dealing, arson, and attempted murder. The worst of the worst were Bill Livezey's bread and butter. His success at putting the truly bad guys out of business was driven by his upbringing as one of them. Born and raised in Pennsylvania, Bill's father was a successful businessman whose blind ambition sent him down the dark path of drug trafficking. It wasn't long before young Bill was tagging along and doing drugs with his dad. The aftermath of witnessing his father perish in a fiery standoff with police sent Bill spiraling out of control. He lashed out at law enforcement by dealing drugs, and he numbed the pain and confusion by doing them. Deep down, Bill knew his life was broken. When a high school football teammate invited him to attend a Fellowship of Christian Athletes meeting, he discovered his faith and a new path.

Riding Tandem

Leaning on the Leading of God

Do you ever feel like your relationship with God is about trying harder and pedaling faster just to be noticed and valued? Riding Tandem is not about trying harder but letting God be the Captain of our lives. It's about letting go of control and learning that our position on this tandem journey is on the back of the bike. Our personal relationship with God is built

for two. We must learn to lean into His leading, pedal forward, and trust Him with the directions. Riding Tandem will teach us that while our final destination is heaven, our destiny on earth has purpose. We are not just along for the ride, we are apart of the ride. God wants us to live an abundant life completely surrendered to His leading. Riding Tandem with Jesus is letting go of the handle bars and experiencing His power as we pedal. Everyday. Riding Tandem is divided into six chapters using the acronym T-A-N-D-E-M. Week One: T-ime for Takeoff Week Two: A-lignment Week Three: N-ecessary Stops Week Four: D-on't Stop Pedaling Week Five: E-njoy the Ride Week Six: M-ark the Moments. We have a choice to make. Are we going to steer our own stories, or are we going to allow God to be our guide? My prayer for us as we journey through Riding Tandem is that we will hop on the back and allow God to take the wheel. If we have teachable hearts, God will use our stories in tandem with His Word to teach us His principles. Yes, it can be hard. Sometimes it feels easier to be in control, work hard, and get the job done. But God has a bigger plan. His ways are higher than ours and always better. Where is God taking you today? Are you equipped for the ride? He promises never to leave your side as the Captain of your life. Do you trust His leading? Are you willing to let go of the handle bars? Climb on sweet one and let God balance the bike so you can ride into His presence. Everyday. It's a beautiful day for a bike ride!

Behind Ghetto Walls

Black Families in a Federal Slum

[Routledge](#) This book is about the family lives of some 10,000 children and adults who live in an all-Negro public housing project in St Louis. The Pruitt-Igoe project is only one of the many environments in which urban Negro Americans lived in the 1960s, but the character of the family life there shares much with the family life of lower-class Negroes as it has been described by other investigators in other cities and at other times, in Harlem, Chicago, New Orleans, or Washington D.C. This book is primarily concerned with private life as it is lived from day to day in a federally built and supported slum. The questions, which are treated here, have to do with the kinds of interpersonal relationships that develop in nuclear families, the socialization processes that operate in families as children grow up in a slum environment, the informal relationships of children and adolescents and adults with each other, and, finally, the world views (the existential framework) arising from the life experiences of the Pruitt-Igoeans and the ways they make use of this framework to order their experiences and make sense out of them. The lives of these persons are examined in terms of life cycles. Each child there is born into a constricted world, the world of lower class, Negro existence, and as he grows he is shaped and directed by that existence through the day-to-day experiences and relationships available to him. The crucial transition from child of a family; to progenitor of a new family begins in adolescence, and for this reason the book pays particular attention to how each new generation of parents expresses the cultural and social structural forces that formed it and continue to constrain its behavior. This book, in short, is about intimate personal life in a particular ghetto setting. It does not analyze the larger institutional, social structural, and ideological forces that provide the social, economic, and political context in which lower-class Negro life is lived. These larger macro sociological forces are treated in another volume based on research in the Pruitt-Igoe community. However, this book does draw on the large body of

literature on the structural position of Negroes in American society as background for its analysis of Pruitt-Igoe private life.
