Binding the Absent Body in Medieval and Modern Art

"Abject, virtual, and alternate bodies "

Routledge This collection of essays considers artistic works that deal with the body without a visual representation. It explores a range of ways to represent this absence of the figure: from abject elements such as bodily fluids and waste to surrogate forms including reliquaries, manuscripts, and cloth. The collection focuses on two eras, medieval and modern, when images referencing the absent body have been far more prolific in the history of art. In medieval times, works of art became direct references to the absent corporal essence of a divine being, like Christ, or were used as devotional aids. By contrast, in the modern era artists often reject depictions of the physical body in order to distance themselves from the history of the idealized human form. Through these essays, it becomes apparent, even when the body is not visible in a work of art, it is often still present tangentially. Though the essays in this volume bridge two historical periods, they have coherent thematic links dealing with abjection, embodiment, and phenomenology. Whether figurative or abstract, sacred or secular, medieval or modern, the body maintains a presence in these works even when it is not at first apparent.

God's Absence

Createspace Independent Publishing Platform Where is God when I needed him most? Why he seems to be deaf to my pleas and supplications? Does he really care? These questions have been asked before our modern times by mystics, saints and people from all walks of life. These questions and doubts about God deserve honest answers, otherwise, Marx is right in saying that religion is the opium of the people. There are many answers to the upheavals of life. Some lost their faith in God. Others merely cease to pray. This book, God's Absence, tries to answer man's quest for meaning within the upheavals of life. Compiling the biblical personalities, mystics, saints and famous laymen's experiences of The Dark Night of their soul, the author presents historically and theologically how God seemingly absent is actually present

The Absent Mother in the Cultural Imagination

Missing, Presumed Dead

Springer This anthology explores the recurring trope of the dead or absent mother in Western cultural productions. Across historical periods and genres, this dialogue has been employed to articulate and debate questions of politics and religion, social and cultural change as well as issues of power and authority within the family. Åström seeks to investigate the many functions and meanings of the dialogue by covering extensive material from the 1200s to 2014 including hagiography, romances, folktales, plays, novels, children's literature and graphic novels, as well as film and television. This is achieved by looking at the discourse both as products of the time and culture that produced the various narratives, and as part of an on-going cultural conversation that spans the centuries, resulting in an innovative text that will be of great interest to all scholars of gender, feminist and media studies.

Absent Children

iUniverse Eddie Shemanki is a paranoid seventeen year old boy who had built a secret room in his closet to hide from kidnappers who have already taken his baby brother Benjamin from his crib. Fearing their return and tiring of the incessant wailing of his mother, Eddie runs away from home and begins a journey that will lead him into to a quest to find Benjamin. Hiding in a cave and working in a restaurant, Eddie's solitude leads him into encounters with a variety of eccentric characters, from a friend who is allergic to dust to a Vietnam vet to an old woman who worships her dead husband like a God. Then Eddie meets "The Men of Fire," Good Samaritans who will help him in his quest to bring Benjamin home. Behind everything are the Philadelphia Phillies and their perpetual losing seasons, along with Eddie's past, filled with his days of Catholic school and the memorizing of saints and Eddie's unfilled desire to own a giant monitor lizard, all of which propel the novel to Eddie's inevitable destiny.

Saint Francis and the Sultan

The Curious History of a Christian-Muslim Encounter

Oxford University Press In September, 1219, Francis of Assisi went to Egypt to preach to Sultan al-Malik al-Kâmil. John Tolan examines the varying depictions of this brief but highly significant meeting and how they reveal the changing fears and hopes that Muslim-Christian encounters have inspired in European artists and writers in the centuries since.

The Absent Image

Lacunae in Medieval Books

*Penn State Press Guided by Aristotelian theories, medieval philosophers believed that nature abhors a vacuum. Medieval art, according to modern scholars, abhors the same. The notion of horror vacui—the fear of empty space—is thus often construed as a definitive feature of Gothic material culture. In *The Absent Image*, Elina Gertsman argues that Gothic art, in its attempts to grapple with the unrepresentability of the invisible, actively engages emptiness, voids, gaps, holes, and erasures. Exploring complex conversations among medieval philosophy, physics, mathematics, piety, and image-making, Gertsman considers the concept of nothingness in concert with the imaginary, revealing profoundly inventive approaches to emptiness in late medieval visual culture, from ingenious images of the world's creation *ex nihilo* to figurations of absence as a replacement for the invisible forces of conception and death. Innovative and challenging, this book will find its primary audience with students and scholars of art, religion, physics, philosophy, and mathematics. It will be particularly welcomed by those interested in phenomenological and cross-disciplinary approaches to the visual culture of the later Middle Ages.*

Absent the Archive

Cultural Traces of a Massacre in Paris, 17 October 1961

Liverpool University Press Absent the Archive is the first cultural history in English that is devoted to literary and visual representations of the police massacre of peaceful Algerian protesters. Covered up by the state and hidden from history, the events of October 17 have nonetheless never been fully erased. Indeed, as early as 1962, stories about the massacre began to find their way their way into novels, poetry, songs, film, visual art, and performance. This book is about these stories, the way they have been told, and their function as both documentary and aesthetic objects. Identified here for the first time as a corpus—an archive—the works in question produce knowledge about October 17 by narrativizing and contextualizing the massacre, registering its existence, its scale, and its erasure, while also providing access to the subjective experiences of violence and trauma. Absent the Archive is invested in exploring how literature and culture represent history by complicating it, whether by functioning as first responders and persistent witnesses; reverberating against reality but also speculating on what might have been; activating networks of signs and meaning; or by showing us things that otherwise cannot be seen, while at the same time provoking important questions about the aesthetic, ethical, and political stakes of representation.

Absent in the Body, Present with the Lord

What Really Happens When We Die?

AuthorHouse This wonderfully blessed book is designed to comfort and encourage the people of the entire human race that death of the flesh is not only good, it is necessary if we want to be resurrected into the Kingdom of God. Since Jesus died on the cross for the sins of this world, death, hell, and the grave were all conquered at the foot of the cross. Our Lord and Savior Jesus the Christ has given His followers the VICTORY to overcome this world and enter gracefully into the everlasting Kingdom of God. Death is an occurrence that most individuals still fear in today's world, especially when old age starts to creep in. It is a known fact that human beings will often fear the unknown. When we learn the truth about what really happens when we die, fear will suddenly leave. This extraordinary book will fully explain what happens when we die in the flesh and leave this earthly realm. Once we've learned the importance of stepping over into eternity, then we will know what a true blessing it is to enter into the presence of God! Jesus voluntarily gave His life on the cross so that you and I could enjoy everlasting life in God's eternal Kingdom. Don't be left out! We invite you to visit our website at www.EdifyYourSpirit.com where there is a blessing waiting just for you!

Absent Aviators

Gender Issues in Aviation

Routledge The objective of this book is to present a number of related chapters on the subject of gender issues in the workplace of the aviation industry. More specifically, the chapters address the continuing shortfall in the number of women pilots in both civilian and military aviation. Considerable research has been carried out on gender issues in the workplace and, for example, women represent about 10% of employees in engineering. This example is often used to show that the consequences of gender discrimination are embedded and difficult to overcome in masculine-dominated occupations. However, women represent only 5-6% of the profession of pilot. Clearly there are many factors which mitigate women seeking to become pilots. The chapters within this volume raise both theoretical and practical issues, endeavouring to address the imbalance of women pilots in this occupation. Absent Aviators consolidates a diverse range of issues from a number of authors from Australia, Austria, the United States, Canada, South Africa and the United Kingdom. Each of the chapters is research-based and aims to present a broad picture of gender issues in aviation, gendered workplaces and sociology, underpinned by sound theoretical perspectives and methodologies. One chapter additionally raises issues on the historical exclusion of race from an airline. The book will prove to be a valuable contribution to the debates on women in masculine-oriented occupations and a practical guide for the aviation industry to help overcome the looming shortfall of pilots. It is also hoped it will directly encourage young women to identify and overcome the barriers to becoming a civilian or military pilot.

An Absence of Saints

Univ. of Queensland Press A circle of vermillion flares into petals of yellow and white. These coloured tesserae, a contrast to the dull sea of roof tiles below. A train rattles in the distance and then Rapallo fades from my memory. At the heart of this exciting debut collection is the impulse to explore: family history in Europe, migration to Australia, the contours of memory and desire. Exquisite lyric and deft narrative illuminate history's mosaics and brilliant shards of lost time. 'A poetry of evocation - of time, distance and intimacy - where actions are refracted through objects and emotions coalesce in the lacunae of the commonplace.' - Louis Armand. 'Licari has a magical ability to respond to - and then express - the essential strangeness, not only of objects and places but of our experience of life itself.' - Martin Duwell.

Longing for an Absent God

Faith and Doubt in Great American Fiction

Fortress Press Longing for an Absent God unveils the powerful role of faith and doubt in the American literary tradition. Nick Ripatrazone explores how two major strands of Catholic writers--practicing and cultural--intertwine and sustain each other. Ripatrazone explores the writings of devout American Catholic writers in the years before the Second Vatican Council through the work of Flannery O'Connor, J. F. Powers, and Walker Percy; those who were raised Catholic but drifted from the church, such as the Catholic-educated Don DeLillo and Cormac McCarthy, the convert Toni Morrison, the Mass-going Thomas Pynchon, and the ritual-driven Louise Erdrich; and a new crop of faithful American Catholic writers, including Ron Hansen, Phil Klay, and Alice McDermott, who write Catholic stories for our contemporary world. These critically acclaimed and award-winning voices illustrate that Catholic storytelling is innately powerful and appealing to both secular and religious audiences. Longing for an Absent God demonstrates the profound differences in the storytelling styles and results of these two groups of major writers--but ultimately shows how, taken together, they offer a rich and unique American literary tradition that spans the full spectrum of doubt and faith.
