OCEAN PREY

Penguin Fan-favorite heroes Lucas Davenport and Virgil Flowers join forces on a deadly maritime case in the remarkable new novel from #1 New York Times bestselling author John Sandford. An off-duty Coast Guardsman is fishing with his family when he calls in some suspicious behavior from a nearby boat. It's a snazzy craft, slick and outfitted with extra horsepower, and is zipping along until it slows to pick up a surfaced diver . . . a diver who was apparently alone, without his own boat, in the middle of the ocean. None of it makes sense unless there's something hinky going on, and his hunch is proved right when all three Guardsmen who come out to investigate are shot and killed. They're federal officers killed on the job, which means the case is the FBI's turf. When the FBI's investigation stalls out, they call in Lucas Davenport. And when his case turns lethal, Davenport will need to bring in every asset he can claim, including a detective with a fundamentally criminal mind: Virgil Flowers.

BURIED PREY

Penguin For twenty-five years the unsolved kidnapping of two young girls has haunted Minneapolis homicide detective Lucas Davenport. Today, the bodies have been found. Today, he returns to a crime—and a nightmare—darker than any before... A block on the edge of the Minneapolis loop is being razed when a macabre discovery is made: two girls buried under a rotted old house. Lucas Davenport knows how long they've been there. In 1985, he was part of the manhunt to track down two kidnapped sisters. They were never found—until today. With the bodies discovered, Davenport has the chance to return to the crime that has haunted him for years. The deeper he probes, the more one thing becomes clear: It wasn't just the bodies that were buried. It was the truth.

FIELD OF PREY

Simon and Schuster **The extraordinary new Lucas Davenport thriller from the number one New York Times-bestselling author and Pulitzer Prize winner John Sandford. 'He knows where the bodies are buried.' A familiar expression, often said with a laugh. But in Lucas Davenport's line of work, it's sometimes all too true.... When a county deputy is called out to an abandoned farmhouse in the cornfields of Minnesota by a couple of terrified teenagers, he finds that a body has been stuffed down a cistern. And then another, and another. By the time Lucas Davenport is called in, the police are up to fifteen bodies, and counting. And when Lucas begins to investigate, he makes some disturbing discoveries of his own. The victims have been killed over a great many years, one every summer, regular as clockwork. How could this have happened without anybody noticing? Because one thing was for sure: The killer has to live close by. He is probably even someone they see every day...**

CHOSEN PREY

Penguin **He seems like such a nice man. You'd never guess what was going on in his mind... Art history professor James Qatar has a hobby: he takes secret photographs of women to fuel more elaborate fantasies. When he's alone. Behind locked doors. Then one day, he goes a step further and... well, one thing leads to another. Qatar has no choice. He has to kill her. And you know something? He likes it. When Deputy Chief Lucas Davenport takes the case, he assumes it'll be straightforward police work. He couldn't be more wrong. As the investigation trail takes some unexpected turns, it becomes clear that nothing is straightforward about this killer, his victims, or his motives. And to stop him Lucas has no choice but to walk right into his lair. WITH A NEW INTRODUCTION BY JOHN SANDFORD**

EXTREME PREY

employed by the Minnesota BCA. His friend the governor is just cranking up a presidential campaign, though, and he invites Lucas to come along as part of his campaign staff. “Should be fun!” he says, and it kind of is—until they find they have a shadow: an armed man intent on killing the governor...and anyone who gets in the way.

THE INVESTIGATOR

Penguin Letty Davenport, the brilliant and tenacious adopted daughter of Lucas Davenport, takes the investigative reins in the newest thriller from #1 bestselling author John Sandford. “Sandford fans rejoice! Davenport next generation has arrived and Letty is exactly the kind of cool-eyed, smart-mouthed, lethally dangerous heroine we’ve been waiting for.” --Lisa Gardner, author of *One Step Too Far* By age twenty-four, Letty Davenport has seen more action and uncovered more secrets than many law enforcement professionals. Now a recent Stanford grad with a master’s in economics, she’s restless and bored in a desk job for U.S. Senator Colles. Letty’s ready to quit, but her skills have impressed Colles, and he offers her a carrot: feet-on-the-ground investigative work, in conjunction with the Department of Homeland Security. Several oil companies in Texas have reported thefts of crude, Colles tells her. He isn’t so much concerned with the oil as he is with the money: who is selling the oil, and what are they doing with the profits? Rumor has it that a fairly ugly militia group might be involved. Colles wants to know if the money is going to them, and if so, what they’re planning. Letty is partnered with a DHS investigator, John Kaiser, and they head to Texas. When the case quickly turns deadly, they know they’re on the track of something bigger. The militia group has set in motion an explosive plan . . . and the clock is ticking down.

INVISIBLE PREY

Penguin “A crackling addition to [the] Prey series” (Entertainment Weekly) from #1 New York Times bestselling author John Sandford. In a wealthy Minneapolis neighborhood, two elderly women are bludgeoned to death. They are apparent victims of a random robbery, though nothing of value appears to have been stolen. But when Lucas Davenport looks deeper, he fears that the victims weren’t so random, and the items stolen were far from invaluable. As a pattern emerges it leads Lucas to...certainly not where he expected. Which is too bad, because the killers are expecting him. And that’s only the first surprise...

BLOODY GENIUS

Penguin **Virgil Flowers will have to watch his back--and his mouth--as he investigates a college culture war turned deadly in another one of Sandford's "madly entertaining Virgil Flowers mysteries" (New York Times Book Review). At the local state university, two feuding departments have faced off on the battleground of science and medicine. Each carries their views to extremes that may seem absurd, but highly educated people of sound mind and good intentions can reasonably disagree, right? Then a renowned and confrontational scholar winds up dead, and Virgil Flowers is brought in to investigate . . . and as he probes the recent ideological unrest, he soon comes to realize he's dealing with people who, on this one particular issue, are functionally crazy. Among this group of wildly impassioned, diametrically opposed zealots lurks a killer, and it will be up to Virgil to sort the murderer from the mere maniacs.**

WINTER PREY

Penguin **It's the dead of winter, and a killer like no other is turning a small Wisconsin town into a death trap--one that's closing in on Lucas Davenport.**

GATHERING PREY

PREY

Penguin **A terrifying Lucas Davenport thriller from #1 New York Times--bestselling author and Pulitzer Prize--winner John Sandford. They call them Travelers. They move from city to city, panhandling, committing no crimes—they just like to stay on the move. And now somebody is killing them. Lucas Davenport's adopted daughter, Letty, is home from college when she gets a phone call from a woman Traveler she'd befriended in San Francisco. The woman thinks somebody's killing her friends, she's afraid she knows who it is, and now her male companion has gone missing. She's hiding out in North Dakota, and she doesn't know what to do. Letty tells Lucas she's going to get her, and, though he suspects Letty's getting played, he volunteers to go with her. When he hears the woman's story, though, he begins to think there's something in it. Little does he know. In the days to come, he will embark upon an odyssey through a subculture unlike any he has ever seen, a trip that will not only put the two of them in danger—but just may change the course of his life.**

ESCAPE CLAUSE

Penguin Whenever you hear the sky rumble, that usually means a storm. In Virgil Flowers' case, make that two. The exceptional new thriller from the writer whose books are "pure reading pleasure" (Booklist). The first storm comes from, of all places, the Minnesota zoo. Two large, and very rare, Amur tigers have vanished from their cage, and authorities are worried sick that they've been stolen for their body parts. Traditional Chinese medicine prizes those parts for home remedies, and people will do extreme things to get what they need. Some of them are a great deal more extreme than others—as Virgil is about to find out. Then there's the homefront. Virgil's relationship with his girlfriend Frankie has been getting kind of serious, but when Frankie's sister Sparkle moves in for the summer, the situation gets a lot more complicated. For one thing, her research into migrant workers is about to bring her up against some very violent people who emphatically do not want to be researched. For another...she thinks Virgil's kind of cute. "You mess around with Sparkle," Frankie told Virgil, "you could get yourself stabbed." "She carries a knife?" "No, but I do." Forget a storm—this one's a tornado.

DEEP FREEZE

Penguin Class reunions: a time for memories—good, bad, and, as Virgil Flowers is about to find out, deadly—in this New York Times bestselling thriller from John Sandford. Virgil knows the town of Trippton, Minnesota, a little too well. A few years back, he investigated the corrupt—and as it turned out, homicidal—local school board, and now the town's back in view with more alarming news: A woman's been found dead, frozen in a block of ice. There's a possibility that it might be connected to a high school class of twenty years ago that has a mid-winter reunion coming up, and so, wrapping his coat a little tighter, Virgil begins to dig into twenty years' worth of traumas, feuds, and bad blood. In the process, one thing becomes increasingly clear to him. It's true what they say: High school is murder.

STOLEN PREY

Penguin A senseless slaughter leads Lucas Davenport down a twisted path in this thriller from the #1 New York Times bestselling author. Lucas Davenport has seen many terrible murder scenes. This is one of the worst. In the Minnesota town of Wayzata, an entire family has been killed—husband, wife, two kids, dogs. On the wall, in blood: "Were coming." No apostrophe. There's something about the scene that tugs at Lucas's cop instincts—it looks an awful lot like the kind of scorched-earth retribution he's seen from Mexican drug gangs. But this is a seriously upscale town, the

husband ran a modest software company, the wife dabbled in local politics. None of it seems to fit. Until it does...

MASKED PREY

Penguin "Lucas Davenport investigates a vitriolic blog that seems to be targeting the children of U.S. politicians in the latest thriller by #1 New York Times-bestselling author John Sandford"--

SUDDEN PREY

Penguin "The stakes are high, the characters rich, the action relentless" (Publishers Weekly) in this Lucas Davenport novel from #1 New York Times bestselling author John Sandford. The crime spree should have ended when Lucas Davenport killed the female bank robber during the shoot-out. But it's just beginning, because the woman's husband isn't about to let Lucas—or anyone he loves—escape retribution. **INCLUDES A NEW INTRODUCTION BY THE AUTHOR**

TWISTED PREY

Penguin Lucas Davenport confronts an old nemesis, now a powerful U.S. senator, in the thrilling new novel in the #1 New York Times-bestselling Prey series Lucas Davenport had crossed paths with her before. A rich psychopath, Taryn Grant had run successfully for the U.S. Senate, where Lucas had predicted she'd fit right in. He was also convinced that she'd been responsible for three murders, though he'd never been able to prove it. Once a psychopath had gotten that kind of rush, though, he or she often needed another fix, so he figured he might be seeing her again. He was right. A federal marshal now, with a very wide scope of investigation, he's heard rumors that Grant has found her seat on the Senate Intelligence Committee, and the contacts she's made from it, to be very...useful. Pinning those rumors down was likely to be just as difficult as before, and considerably more dangerous. But they had unfinished business, he and Grant. One way or the other, he was going to see it through to the end.

A NOVEL

When escalating political tensions between the United States and England put his son, Gary, in the hands of a man with a shadowy and intensely personal agenda, Cotton Malone finds himself confronting a baffling historical mystery

GOLDEN PREY

Penguin **THE NEW YORK TIMES BESTSELLER** Lucas Davenport's first case as a U.S. Marshal sends him into uncharted territory in the thrilling new novel in the #1 New York Times-bestselling series. The man was smart and he didn't mind killing people. Welcome to the big leagues, Davenport. Thanks to some very influential people whose lives he saved, Lucas is no longer working for the Minnesota Bureau of Criminal Apprehension, but for the U.S. Marshals Service, and with unusual scope. He gets to pick his own cases, whatever they are, wherever they lead him. And where they've led him this time is into real trouble. A Biloxi, Mississippi, drug-cartel counting house gets robbed, and suitcases full of cash disappear, leaving behind five bodies, including that of a six-year-old girl. Davenport takes the case, which quickly spirals out of control, as cartel assassins, including a torturer known as the "Queen of home-improvement tools" compete with Davenport to find the Dixie Hicks shooters who knocked over the counting house. Things get ugly real fast, and neither the cartel killers nor the holdup men give a damn about whose lives Davenport might have saved; to them, he's just another large target. Filled with his trademark razor-sharp plotting and some of the best characters in suspense fiction, *Golden Prey* is further reason why "Sandford has always been at the top of any list of great mystery writers" (*The Huffington Post*).

The blackmail demand should yield some pretty large numbers, he thinks. Instead, he gets only a small one - 9 millimeters, to be exact. In the heart. Davenport is investigating the smear when the trail leads to the man's disappearance, then - very troublingly - to the Minneapolis police department, then - most troublingly of all - to a woman who could give Machiavelli lessons. She has very definite ideas about the way the world should work, and the money, ruthlessness and sheer will to make it happen. No matter who gets in the way.
