Secrets of the Saucer People Andromeda: The Secret Files The Flying Submarines of the SS SCB Distributors David Childress, popular author and star of the History Channel show Ancient Aliens, brings us the amazing story of the German Andromeda craft, designed and built during WWII. Along with flying disks, the Germans were making long, cylindrical airships that are commonly called motherships—large craft that house several smaller disk craft. It was not until 1989 that a German researcher named Ralf Ettl, living in London, received an anonymous packet of photographs and documents concerning the planning and development of at least three types of unusual craft—including the Andromeda. Ettl went on to make several television documentaries based on the material in the packet and released most of the documents and photos to researchers in Austria and other parts of Europe. What the Ralf Ettl document dump shows us is what many have suspected for a long time: that WWII did not end in the manner in which we have been told, and a remnant of the Nazi military—particularly the SS—continued to operate aircraft and submarines around the world in the decades after the end of the war. Much of this activity has been attributed to UFO activity, but Childress lifts the veil shrouding some of these cases and shows that Andromeda and Haunebu craft were involved in many of these incidents over the decades. Join Childress as he shows us the secret files involving the Andromeda, Haunebu, and Vril craft. Chapters include: Gravity's Rainbow; The Motherships; The MJ-12, UFOs and the Korean War; The Strange Case of Reinhold Schmidt; Secret Cities of the Winged Serpent; The Green Fireballs; Submarines That Can Fly; The Breakaway Civilization; more. Also Included: Famous Incidents and Cover-Ups BoD - Books on Demand UFO sightings during and after World War II can be traced back to the German weapons makers and their amazing use of electro-gravity to power their own manmade ships. Many of the ships appear to bear the sign of the Nazi cross on their outer skin, which is shown in several of the more dramatic photos, in the same way that an airplane would bear insignia on its wings and fuselage. This is further borne out by actual newsclippings from "The New York Times" in which U.S. soldiers in Europe reported seeing colored spheres flying both singly and in clusters during the war. The idea that the Germans were using a secret base in Antarctica to house and maintain their so-called UFOs is examined, and Admiral Byrd's famous exploratory trip to the frozen south is explained as a military attack on the Nazi stronghold disguised as a scientific mission. Apparently, the U.S. forces were no match for the Nazi airships, which shot down several planes and forced Byrd's troops to retreat. Secret Book of CIA Humor, The Pelican Publishing Company, Inc.
