KEY=ABUSE - WILSON SANTIAGO

Shattering the Illusion

Child Sexual Abuse and Canadian Religious Institutions

Wilfrid Laurier Univ. Press **Shattering the Illusion is the first book to gather and comparatively analyze policies addressing child sexual abuse complaints in a selection of religious institutions in Canada. Although there is a substantial body of literature regarding Christianity and sexual abuse, very little of it focuses on religious institutions in Canada and their respective policies. In the foreword, Tracey J. Trothen summarizes the Cornwall Inquiry, out of which this book arose. She then examines the Roman Catholic Church, The United Church of Canada, the Anglican Church, the Mennonite Church, Islam, and the Canadian Unitarian Council/Unitarian Universalist Association, describing in detail the evolution and particular content of policies and procedures that address child sexual abuse complaints directed at paid and**

volunteer faith community representatives and/ or leaders. She identifies differences and common themes among the approaches taken by the institutions and provides a summary table for an accessible comparative overview. Child sexual abuse is not new, but the emergence of policies to address abuse complaints within religious institutions is. This book identifies significant and shared causal factors behind the emergence of policy and reviews their content carefully. This review will serve as a significant tool for furthering the development of such policies.

Canadian Books in Print 2002

CBIP is the complete reference and buying guide to English-language Canadian books currently in print; consequently, the Author and Title Index, Subject Index and microfiche editions are indispensable to the book profession. With submissions from both small and large publishers, CBIP provides access to titles not listed anywhere else. Containing more than 48,000 titles, of which approximately 4,000 have a 2001 imprint, the Author and Title Index is extensively cross-referenced. The Subject Index lists the titles under 800 different subject categories. Both books offer the most complete directory of Canadian publishers available, listing the names and ISBN prefixes, as well as the street, e-mail and web addresses of more than 4,850 houses. The quarterly microfiche service provides updated information in April, July and October. CBIP is constantly referred to by order librarians, booksellers, researchers, and all those involved in book acquisition. In addition, CBIP is an invaluable record of the vast wealth of publishing and writing activity in the scientific, literary, academic and arts communities across Canada. A quarterly subscription service including the annual Author and Title Index (March 2001) plus quarterly microfiche updates (April, July, and October 2001) is also available. ISBN 0802049567 \$220.00 NET.

Introduction to Sociology 2e

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In

order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

Religious Offence and Human Rights

The Implications of Defamation of Religions

Cambridge University Press **Should international law be concerned with offence to religions and their followers? Even before the 2005 publication of the Danish Mohammed cartoons, Muslim States have endeavoured to establish some reputational protection for religions on the international level by pushing for recognition of the novel concept of 'defamation of religions'. This study recounts these efforts as well as the opposition they aroused, particularly by proponents of free speech. It also addresses the more fundamental issue of how religion and international law may relate to each other. Historically, enforcing divine commands has been the primary task of legal systems, and it still is in numerous municipal jurisdictions. By analysing religious restrictions of blasphemy and sacrilege as well as international and national norms on free speech and freedom of religion, Lorenz Langer argues that, on the international level at least, religion does not provide a suitable rationale for legal norms.**

Family Violence From a Global Perspective

A Strengths-Based Approach

SAGE Publications **Focusing on family violence worldwide, Family Violence From a Global Perspective: A Strengths-Based Approach draws on the expertise of authors from 16 countries representing 17 cultures to tell the story of domestic violence in their respective parts of the world. This one-of-a-kind edited collection by Sylvia M. Asay, John DeFrain, Marcee Metzger, and Bob Moyer incorporates a strengths-based approach, including individual, relationship, community, and societal strengths. The collection draws on multiple perspectives (academics, counselors, organizers, activists, and victims) to determine strengths and analyze how they can translate into greater safety for victims,**

increased accountability of perpetrators, and improved policy formation and research. Each chapter focuses on the lived experiences of victims of intimate partner violence, child abuse, or elder abuse and includes information about the abuser, the family, the community, and the culture.

Elder Mistreatment

Abuse, Neglect, and Exploitation in an Aging America

National Academies Press Since the late 1970s when Congressman Claude Pepper held widely publicized hearings on the mistreatment of the elderly, policy makers and practitioners have sought ways to protect older Americans from physical, psychological, and financial abuse. Yet, during the last 20 years fewer than 50 articles have addressed the shameful problem that abusers—and sometimes the abused themselves—want to conceal. *Elder Mistreatment in an Aging America* takes a giant step toward broadening our understanding of the mistreatment of the elderly and recommends specific research and funding strategies that can be used to deepen it. The book includes a discussion of the conceptual, methodological, and logistical issues needed to create a solid research base as well as the ethical concerns that must be considered when working with older subjects. It also looks at problems in determination of a report's reliability and the role of physicians, EMTs, and others who are among the first to recognize situations of mistreatment. *Elder Mistreatment in an Aging America* will be of interest to anyone concerned about the elderly and ways to intervene when abuse is suspected, including family members, caregivers, and advocates for the elderly. It will also be of interest to researchers, research sponsors, and policy makers who need to know how to advance our knowledge of this problem.

The Journal of Education for Upper Canada

Model Rules of Professional Conduct

American Bar Association **The Model Rules of Professional Conduct** provides an up-to-date resource for information on legal ethics. Federal, state and local courts in all jurisdictions look to the Rules for guidance in solving lawyer malpractice cases, disciplinary actions, disqualification issues, sanctions questions and much more. In this volume, black-letter Rules of Professional Conduct are followed by numbered Comments that explain each Rule's purpose and provide suggestions for its practical application. The Rules will help you identify proper conduct in a variety of given situations, review those instances where discretionary action is possible, and define the nature of the relationship between you and your clients, colleagues and the courts.

Who's Who of Canadian Women, 1999-2000

University of Toronto Press **Who's Who of Canadian Women** is a guide to the most powerful and innovative women in Canada. Celebrating the talents and achievement of over 3,700 women, **Who's Who of Canadian Women** includes women from all over Canada, in all fields, including agriculture, academia, law, business, politics, journalism, religion, sports and entertainment. Each biography includes such information as personal data, education, career history, current employment, affiliations, interests and honours. A special comment section reveals personal thoughts, goals, and achievements of the profiled individual. Entries are indexed by employment or affiliation for easy reference. Published every two years, **Who's Who of Canadian Women** selects its biographees on merit alone. This collection is an essential resource for all those interested in the achievements of Canadian women.

Latinas Narratives of Domestic Abuse

Discrepant Versions of Violence

John Benjamins Publishing **In the American legal system valid witness-testimony is supposed to be invariable and unchanging, so defense attorneys highlight seeming inconsistencies in victims' accounts to impeach their credibility. This book offers an examination of how and why victims of domestic violence might seem to be 'changing their stories,' in the criminal justice system, which may leave them vulnerable to attack and criticism. Latinas' Narratives of Domestic Abuse: Discrepant versions of violence investigates the discourse of protective order interviews, where women apply for court injunctions to keep abusers away. In these encounters, two different versions of violence, each influenced by a range of ethnolinguistic, intertextual and cultural factors, are always produced. This ethnography of Latina women narrating violence suggests that before victims even get to trial, their testimony involves much more than merely telling the truth. This book provides a unique look at pre-trial testimony as a collaborative and dynamic social and cultural act.**

Resources in Education

Saudi Arabia Telecom Laws and Regulations Handbook - Strategic Information, Laws and Regulations

Lulu.com **2011 Updated Reprint. Updated Annually. Saudi Arabia Telecom Laws and Regulations Handbook**

Handbook of Religion and Health

Oxford University Press **The Handbook of Religion and Health has become the seminal research text on religion, spirituality, and health, outlining a rational argument for the connection between religion and health. The Second Edition completely revises and updates the first edition. Its authors are physicians: a psychiatrist and geriatrician, a primary care physician, and a professor of nursing and specialist in mental health nursing. The Second Edition surveys the historical connections between religion and health and grapples with the distinction between the terms "religion" and "spirituality" in research and clinical practice. It reviews research on religion and mental health, as well as extensive research literature on the mind-body relationship, and develops a model to explain how religious involvement may impact physical health through the mind-body mechanisms. It also explores the direct relationships between religion and physical health, covering such topics as immune and endocrine function, heart disease, hypertension and stroke, neurological disorders, cancer, and infectious diseases; and examines the consequences of illness including chronic pain, disability, and quality of life. Finally, the Handbook reviews research methods and addresses applications to clinical practice. Theological perspectives are interwoven throughout the chapters. The Handbook is the most insightful and authoritative resource available to anyone who wants to understand the relationship between religion and health.**

C Street

The Fundamentalist Threat to American Democracy

Little, Brown **The "brilliant, courageous" book (Washington Post) that inspired the Netflix documentary series The Family and reveals the secret influence of fundamentalism in American politics. The author of the runaway paperback bestseller The Family returns with a blistering investigation of the true influence of fundamentalism in American politics. Jeff Sharlet is the only journalist to report from inside the C Street House, the Fellowship residence known by its Washington, D.C., address. This luxury townhouse, recently the setting of notorious political scandal, is more crucially home to efforts to transform American democracy. After laying bare the Fellowship's history in his runaway**

bestseller *The Family*, Sharlet now shows that past efforts of America's religious fundamentalists pale in comparison to their long-term ambitions today. In *C STREET* Sharlet reveals why culture wars endure and why they matter now--from the American-backed war on gays in Uganda to the battle for the soul of America's armed forces. Drawing on exclusive sources and explosive, newly disclosed documents, Sharlet exposes not the last gasp of old-time religion but the new front lines of American fundamentalism. .

The Role of Educators in Preventing and Responding to Child Abuse and Neglect

Was Greek Thought Religious?

On the Use and Abuse of Hellenism, from Rome to Romanticism

Palgrave Macmillan **The Greeks are on trial. They have been for generations, if not millennia, from Rome in the First century, to Romanticism in the Nineteenth. We debate the place of the Greeks in the university curriculum, in New World culture - we even debate the place of the Greeks in the European Union. This book notices the lingering and half-hidden presence of the Greeks in some strange places - everywhere from the U.S. Supreme Court to the Modern Olympic Games - and in doing so makes an important new contribution to a very old debate.**

Monthly Catalog of United States Government Publications

Child Neglect

A Guide for Prevention, Assessment, and Intervention

New Directions in Child Abuse and Neglect Research

National Academies Press Each year, child protective services receive reports of child abuse and neglect involving six million children, and many more go unreported. The long-term human and fiscal consequences of child abuse and neglect are not relegated to the victims themselves -- they also impact their families, future relationships, and society. In 1993, the National Research Council (NRC) issued the report, *Understanding Child Abuse and Neglect*, which provided an overview of the research on child abuse and neglect. *New Directions in Child Abuse and Neglect Research* updates the 1993 report and provides new recommendations to respond to this public health challenge. According to this report, while there has been great progress in child abuse and neglect research, a coordinated, national research infrastructure with high-level federal support needs to be established and implemented immediately. *New Directions in Child Abuse and Neglect Research* recommends an actionable framework to guide and support future child abuse and neglect research. This report calls for a comprehensive, multidisciplinary approach to child abuse and neglect research that examines factors related to both children and adults across physical, mental, and behavioral health domains--including those in child welfare, economic support, criminal justice, education, and health care systems--and assesses the needs of a variety of subpopulations. It should also clarify the causal pathways related to child abuse and neglect and, more importantly, assess efforts to interrupt these pathways. *New Directions in Child Abuse and Neglect Research* identifies four areas to look to in developing a coordinated research enterprise: a national strategic plan, a national

surveillance system, a new generation of researchers, and changes in the federal and state programmatic and policy response.

Law in Society: Reflections on Children, Family, Culture and Philosophy

Essays in Honour of Michael Freeman

BRILL This collection, written by legal scholars from around the world, offers insights into a variety of topics from children's rights to criminal law, jurisprudence, medical ethics and more. Its breadth reflects the fact that these are all elements of what can broadly be called 'law and society', that enterprise that is interested in law's place or influence in different aspects of real lives and understands law to be simultaneously symbol, philosophy and action. It also testament to the broad range of vision of Professor Michael Freeman, in whose honour the volume was conceived. The contributions are divided into categories which reflect his distinguished career and publications, over 85 books and countless articles, including pioneering work on children's rights, domestic violence, religious law, jurisprudence, law and culture, family law and medicine, ethics and the law, as well as his enduring commitment to interdisciplinarity.

The Illustrated London News

The Phrenological Journal and Life Illustrated In the Name of All That's Holy A Theory of Clergy Malfeasance

Greenwood Publishing Group **Manipulation and abuse of followers by religious leaders is sociologically expected because of the unique aspects of the leader/follower relationships (built on trust but having unequal power).**

The Gender Imperative

Human Security vs State Security

Taylor & Francis **This collection of essays by feminist scholar-activists addresses the crucial problem of human security in a world of heavily armed, militarized states. It describes the gendered aspects of human security excluded from the realist militarism that dominates current security policy in most nation states. The book deepens and broadens current security discourses, encouraging serious consideration of alternatives to the present global security system that functions to advantage state security over human security, a system the contributors perceive to be rooted in the patriarchal nature of the nation state. This second edition will be of interest to academics and students of gender studies, women's studies, international studies, development studies, human rights, security studies, peace studies and peace education.**

Too Much and Never Enough

How My Family Created the World's Most Dangerous Man

Simon & Schuster **In this revelatory, authoritative portrait of Donald J. Trump and the toxic family that made him, Mary L. Trump, a trained clinical psychologist and Donald's only niece, shines a bright light on the dark history of their family in order to explain how her uncle became the man who now threatens the world's health, economic security, and social fabric. Mary Trump spent much of her childhood in her grandparents' large, imposing house in the heart of Queens, New York, where Donald and his four siblings grew up. She describes a nightmare of traumas, destructive relationships, and a tragic combination of neglect and abuse. She explains how specific events and general family patterns created the damaged man who currently occupies the Oval Office, including the strange and harmful relationship between Fred Trump and his two oldest sons, Fred Jr. and Donald. A firsthand witness to countless holiday meals and interactions, Mary brings an incisive wit and unexpected humor to sometimes grim, often confounding family events. She recounts in unsparing detail everything from her uncle Donald's place in the family spotlight and Ivana's penchant for regifting to her grandmother's frequent injuries and illnesses and the appalling way Donald, Fred Trump's favorite son, dismissed and derided him when he began to succumb to Alzheimer's. Numerous pundits, armchair psychologists, and journalists have sought to parse Donald J. Trump's lethal flaws. Mary L. Trump has the education, insight, and intimate familiarity needed to reveal what makes Donald, and the rest of her clan, tick. She alone can recount this fascinating, unnerving saga, not just because of her insider's perspective but also because she is the only Trump willing to tell the truth about one of the world's most powerful and dysfunctional families.**

Seeking Safety

A Treatment Manual for PTSD and Substance Abuse

Guilford Publications This manual presents the first empirically studied, integrative treatment approach developed specifically for co-occurring PTSD and substance abuse. For persons with this prevalent and difficult-to-treat dual diagnosis, the most urgent clinical need is to establish safety--to work toward discontinuing substance use, letting go

of dangerous relationships, and gaining control over such extreme symptoms as dissociation and self-harm. The manual is divided into 25 specific units or topics, addressing a range of different cognitive, behavioral, and interpersonal domains. Each topic provides highly practical tools and techniques to engage patients in treatment; teach "safe coping skills" that apply to both disorders; and restore ideals that have been lost, including respect, care, protection, and healing. Structured yet flexible, topics can be conducted in any order and in a range of different formats and settings. The volume is designed for maximum ease of use with a large-size format and helpful reproducible therapist sheets and handouts, which purchasers can also download and print at the companion Web page. See also the author's self-help guide *Finding Your Best Self, Revised Edition: Recovery from Addiction, Trauma, or Both*, an ideal client recommendation.

The #MeToo Reckoning

Facing the Church's Complicity in Sexual Abuse and Misconduct

InterVarsity Press The #MeToo movement has revealed sexual abuse in every sphere of society, including the church. But all too often, churches have been complicit in protecting abusers, reinforcing patriarchal power dynamics, and creating cultures of secrecy, shame, and silence. Disclosing candid stories of abuse, pastor and survivor Ruth Everhart offers

God's hope to survivors while shining a light on the prevalence of sexual misconduct within faith communities.

Foundation Reporter

Each edition of "Foundation Reporter gives you all the important contact, financial and grants information on the top 1,000 private foundations in the United States. In addition to providing biographical data on foundation officers and directors, entries examine a foundation's giving philosophy, financial summary, history of donors, geographic preferences, application procedures and restrictions, and more. Includes an updated appendix of more than 2,500 abridged private foundation entries providing additional funding sources. Thirteen indexes facilitate research.
