### TEN ANSWERS TO A VERY IMPORTANT QUESTION

---

*Image Books* The popular blogger and publisher of Envoy magazine offers 10 key reasons why he loves being Catholic (and you should too). Drawing heavily on poignant anecdotes from his own experience as a life-long Catholic born in 1960s, Madrid offers readers a way of looking at the Church--its members, teachings, customs, and history--from perspectives many may have never considered. Growing up Catholic during a time of great social and theological upheaval and transition, a time in which countless Catholics abandoned their religion in search of something else, Patrick Madrid learned a great deal about why people leave Catholicism and why others stay. This experience helped him gain many insights into what it is about the Catholic Church that some people reject, as well as those things that others treasure. Drawing upon Madrid's personal experiences, Why Be Catholic? offers a deeply personal, fact-based, rationale for why everyone should be Catholic or at least consider the Catholic Church in a new light.

**THE KING'S HIGHWAY**

---

---

*Ignatius Press This is the compelling story of a man born as a 'cradle Catholic' who left the Church at an early age to join the Jehovah's Witnesses, the recounting of his 16 years with that sect and its inner workings, his being 'born again' as a Baptist minister for another 12 years, and the conclusion of his incredible spiritual journey along the 'King's Highway' back to the Catholic faith. Ken Guindon uses the metaphor of the 'Royal Road', the El Camino Real that Spaniards have historically called their most important routes, to describe the road that the Heavenly King has led him on, and all seekers of the truth, to the Catholic Church. Travel along this amazing spiritual odyssey as Guindon describes why he left the Church, how the Jehovah's Witnesses so effectively proselytize for new members, how they train and control their members, their false teachings and promises, and how Catholics can counter the methods and doctrines of the Witnesses. He also gives a detailed account of his experiences as a Baptist minister and missionary, why they are so zealous and so anti-Catholic, and how he came back to Catholicism through a closer look at the Bible. An unusual, educational and powerful modern conversion story.*

**SEVEN LIES ABOUT CATHOLIC HISTORY**

---

---

**INFAMOUS MYTHS ABOUT THE CHURCH'S PAST AND HOW TO ANSWER THEM**

---

---

*TAN Books The world hates the Church that Jesus founded, just as He said it would (John 15:18). It reviles her doctrines, mocks her moral teachings and invents lies about her history. In every age, but especially in our modern day, historians and political powers have distorted the facts about her past (or just made up novel falsehoods from scratch) to make the Church, and the civilization it fostered, seem corrupt, backward, or simply evil. In Seven Lies about Catholic History, Diane Moczar (Islam at the Gates) tackles the most infamous and prevalent historical myths about the Church popular legends that you encounter everywhere from textbooks to T.V. and reveals the real truth about them. She explains how they got started and why they re still around, and best of all, she gives you the facts and the arguments you need to set the record straight about: The Inquisition: how it was not a bloodthirsty institution but a merciful (and necessary) one Galileo's trial : why moderns invented a myth around it to make science appear incompatible with the Catholic faith (it's not) The Reformation: why the 16th-century Church was not totally corrupt (as even some Catholics wrongly believe), and how the reformers made things worse for everybody and other lies that the world uses to attack and discredit the Faith. Written in a brisk style that's fun and easy to read, Seven Lies about Catholic History provides the lessons that every Catholic needs in order to defend and explain not just apologize for the Church's rich and complex history.*

**CHICAGO CATHOLICS AND THE STRUGGLES WITHIN THEIR CHURCH**

---

---

*Transaction Publishers What might one expect to learn from a probability sample study of the Archdiocese of Chicago? Can one form a national portrait of Catholics in the United States from data about Chicago? Certainly, Chicago is unique in its judgments about its clergy. As the eminent Catholic sociologist Andrew M. Greeley argues, it is this very difference that makes rigorous comparisons between Chicago Catholics and other Catholic subpopulations possible. He suggests that history and geography provide a basis for understanding the development of the Catholic Church not just in this specific area, but also in the entire United States. The Catholic Archdiocese of Chicago it composed of two counties, Lake and Cook. At the same time the Catholic population has been pushed up against the boundary of DuPage County by racial change in the city, so that much of the west and south side Catholic population of the city has moved into the southern and western suburbs. In this research area, half of the Catholics have attended college and half of those have attended graduate school. Thus, the conventional image of Chicago as a mix of ethnic immigrant neighborhoods has to be modified—although there are still many new immigrants attending special immigrant parishes. Greeley argues that the official church in Chicago, and by inference elsewhere, has not recognized the community structures that permeate the neighborhoods, that it does not grasp the religious stories that shape its peoples' identity, and it does not understand the intense, if selective, loyalty of the archdiocese to its leadership. As part of this argument, Greeley includes transcriptions of in-depth interviews with former Catholics. This study provides a fascinating window into the world of Catholicism in twenty-first century urban America.*

## WHAT WOULD YOU LIKE TO KNOW ABOUT THE CHURCH NOW?

---

### MODERN MORAL PROBLEMS

---

### TRUSTWORTHY ANSWERS TO YOUR TOUGH QUESTIONS

---

*Ignatius Press Modern Moral Problems addresses moral quandaries that can beguile and confuse faithful Catholics. Written in a question-and-answer format, the book covers questions regarding sexuality, medical ethics, business practices, civic responsibilities, and the sacramental life of the Church. The extraordinary assortment of issues forming a single, organized collection is a valuable reference for anyone seeking clear and concise answers to tough moral questions. Written in a conversational tone often spliced with humor, this work by a highly respected moral theologian will be read with fascination for its clarity of argument and fundamental good sense. Originally published as a monthly question-and-answer column in a magazine for priests, these selections by Msgr. William B. Smith retain a striking current topicality. Msgr. Smith often tackled matters of controversy in the Catholic Church, ones which continue to draw conflicting opinions. Interesting, informative, and eminently practical, this book conveys an overall impression that sound thinking about morality is rooted in a tradition within the Catholic Church, even when the answers to particular moral questions cannot be found in catechisms or Vatican documents. Msgr. Smith offers a clear-headed approach to the quandaries of our time precisely because of his training in traditional moral principles and his fidelity to the Catholic magisterium. This book should be in the possession of all seminarians and priests, who are bound to confront moral matters that are not so easily decided at first glance. But lay people, too, will find here rich responses to the challenging and sometimes unresolved moral questions they encounter in their own lives.*

### CATHOLIC CONVERTS AND CONVERSION

---

*Lulu Press, Inc. The last 25 years have been a very exciting time in the Catholic world, in terms of an increasing flow of converts. Dr. Scott Hahn, a former Presbyterian minister, was received into the Church at Easter 1986, and immediately started making a splash with his exciting conversion testimony. Meanwhile, Karl Keating began publishing "The Catholic Answers Newsletter" in August 1986. Thus, that year may be regarded as the starting-date of the current "Catholic apologetics / influx of converts revival" -- with Hahn and Keating as the two founding fathers. I tell my own conversion story in Part II of this book (75 pages). Part I is devoted to various analyses of the conversion process, while Part III consists of a collection of older conversion stories that have a timeless quality: highlighting reasons for becoming Catholic. This book provides (from many different angles and approaches) explanations of "how and why" men and women convert and become Catholics or return to the Catholic Church.*
