We Are Displaced

My Journey and Stories from Refugee Girls Around the World

Little, Brown Books for Young Readers In this powerful book, Nobel Peace Prize winner and New York Times bestselling author Malala Yousafzai introduces the people behind the statistics and news stories about the millions of people displaced worldwide. After her father was murdered, Maria escaped in the middle of the night with her mother. Zaynab was out of school for two years as she fled war before landing in America. Her sister, Sabreen, survived a harrowing journey to Italy. Ajida escaped horrific violence, but then found herself battling the elements to keep her family safe. Malala's experiences visiting refugee camps caused her to reconsider her own displacement — first as an Internally Displaced Person when she was a young child in Pakistan, and then as an international activist who could travel anywhere in the world except to the home she loved. In *We Are Displaced*, Malala not only explores her own story, but she also shares the personal stories of some of the incredible girls she has met on her journeys — girls who have lost their community, relatives, and often the only world they've ever known. In a time of immigration crises, war, and border conflicts, *We Are Displaced* is an important reminder from one of the world's most prominent young activists that every single one of the 68.5 million currently displaced is a person — often a young person — with hopes and dreams. "A stirring and timely book." —New York Times

My Forbidden Face

Virago Latifa was born into an educated middle-class Afghan family in Kabul in 1980. She dreamed of one day of becoming a journalist, she was interested in fashion, movies and friends. Her father was in the import/export business and her mother was a doctor. Then in September 1996, Taliban soldiers seized power in Kabul. From that moment, Latifa, just 16 years old became a prisoner in her own home. Her school was closed. Her mother was banned from working. The simplest and most basic freedoms - walking down the street, looking out a window - were no longer hers. She was now forced to wear a chadri. *My Forbidden Face* provides a poignant and highly personal account of life under the Taliban regime. With painful honesty and clarity Latifa describes the way she watched her world falling apart, in the name of a fanatical interpretation of a faith that she could not comprehend. Her voice captures a lost innocence, but also echoes her determination to live in freedom and hope. Earlier this year, Latifa and her parents escaped Afghanistan with the help of a French-based Afghan resistance group.

Taliban Narratives

The Use and Power of Stories in the Afghanistan Conflict

Oxford University Press Why has the Taliban been so much more effective in presenting messages that resonate with the Afghan population than the United States, the Afghan government and their allies? This book, based on years of field research and the assessment of hundreds of original source materials, examines the information operations and related narratives of Afghan insurgents, especially the Afghan Taliban, and investigates how the Taliban has won the information war. Taliban messaging, wrapped in the narrative of jihad, is both to the point and in tune with its target audiences. On the other hand, the United States and its Kabul allies committed a basic messaging blunder, failing to present narratives that spoke to or, often, were even understood by their target audiences. Thomas Johnson systematically explains why the United States lost this "battle of the story" in Afghanistan, and argues that this defeat may have cost the US the entire war, despite its conventional and technological superiority.

Healing Syria – Improving Human Rights, Social Cohesion and Religious Education in the Syrian Arab Republic

Lulu.com Countless children - many of them under five years old - are trapped in north-east Syria after fleeing areas held by Islamic State during the recent escalation in fighting; according to the NGO 'Save the Children'. Amid efforts by European countries to repatriate children, the figures underline the scale and difficulty of the problem to evacuate the children. Children who lived under Isis have witnessed appalling acts of brutality, including beheadings, and may have been left with physical injuries and psychological needs from years of conflict and repression. While the NGO welcomed a recent shift in the UK government's stance towards providing "safe passage" for British orphans to come to the UK, it said the vast majority of the children were with their mothers and all had been swept up in horrific events beyond their control... Hence the international community urgently needs to ensure that ALL children in war-torn Syria are being provided with safety, protection and health care; as stipulated by the UNCR.

The Taliban Revival

Violence and Extremism on the Pakistan-Afghanistan Frontier

Yale University Press In autumn 2001, U.S. and NATO troops were deployed to Afghanistan to unseat the Taliban rulers, repressive Islamic fundamentalists who had lent active support to Osama bin Laden's Al-Qaeda jihadists. The NATO forces defeated and dismantled the Taliban government, scattering its remnants across the country. But despite a more than decade-long attempt to eradicate them, the Taliban endured—regrouping and reestablishing themselves as a significant insurgent movement. Gradually they have regained control of large portions of Afghanistan even as U.S. troops are preparing to depart from the region. In his authoritative and highly readable account, author Hassan Abbas examines how the Taliban not only survived but adapted to their situation in order to regain power and political advantage. Abbas traces the roots of religious extremism in the area and analyzes the Taliban's support base within Pakistan's Federally Administered Tribal Areas. In addition, he explores the roles that Western policies and military decision making—not to mention corruption and incompetence in Kabul—have played in enabling the Taliban's return to power.

Thousands of South Africans waited hours to walk past his casket to pay their respects, and world leaders and celebrities attended his funeral, including Pope Francis, several US presidents, and Bono. Mandela was born in 1918 in South Africa. While in law school, he joined the African National Congress. The ANC spoke out against South Africa's apartheid laws, which allowed separate treatment of people based on skin color. He began his activism in the 1940s and was arrested many times before he received a life sentence in 1964. After spending more than 25 years in jail, Mandela was released in 1990 and soon after partnered with South African President F. W. de Klerk to help end apartheid. They won the Nobel Peace Prize together in 1993. The next year, Mandela became the first African president of South Africa. After his term as president, he continued his work as a human rights advocate until he retired in 2004. After a long illness, he died in 2013. He will be remembered for his leadership for years to come.
