KEY=ITS - FRANCIS PEREZ

IT'S COMPLICATED

THE AMERICAN TEENAGER

Umbrage Editions Incorporated **Presents a collection of interviews and photographs of American teenagers in which they describe their lives.**

IT'S COMPLICATED

THE SOCIAL LIVES OF NETWORKED TEENS

Yale University Press **Surveys the online social habits of American teens and analyzes the role technology and social media plays in their lives, examining common misconceptions about such topics as identity, privacy, danger, and bullying.**

VOICES OF AFRICAN-AMERICAN TEEN FATHERS

"I'M DOING WHAT I GOT TO DO"

Routledge **Drawing on interviews with thirty teens, looks at teenage pregnancy and parenthood as experienced by African-American fathers, aged fourteen to nineteen. describing how and why they become fathers and how they handle their responsibilities.**

AN INTIMATE UNDERSTANDING OF AMERICA'S TEENAGERS

SHAKING HANDS WITH ALIENS

ABC-CLIO **Alicia is so obsessed with being popular, she does things that would shock her parents, if they knew. Hector is aware the gang that wants him to join may be the death of him, but he will not decline. Sam was a baseball star, but can't play the sport he loves anymore because he is wracked from football injuries, a sport his father will not let him quit. They are just a few of the teenagers that readers will meet, in this candid book authored by a 34-year veteran high school teacher. Voted Teacher of the Year and Coach of the Year, Bruce Gevirtzman shares with us the results of his years spent talking with teenagers about topics from life and lust to depression and death. Revealing honest, poignant words shared in conversations, classroom talk, interviews, surveys, and journals, Gevirtzman takes us inside the minds of today's youths, and also contrasts them with teenagers of decades past. Topics include teen thinking and secrets on issues from sex, drinking, and drugs to peer pressure, self-imposed standards, and beliefs about what is important, and painful, in life. Including interviews with fellow teachers, Gevirtzman's book is threaded with one recurring truth: Sadly, instead of parents and teachers and lawmakers and the public looking out for our kids, today's kids are largely left to fend for themselves, he concludes. Not only will general readers and educators find great insight in this work, it will be of interest to students and scholars of adolescent psychology, clinical psychology, and social work.**

SOUL SEARCHING : THE RELIGIOUS AND SPIRITUAL LIVES OF AMERICAN TEENAGERS

THE RELIGIOUS AND SPIRITUAL LIVES OF AMERICAN TEENAGERS

Oxford University Press, USA **In innumerable discussions and activities dedicated to better understanding and helping teenagers, one aspect of teenage life is curiously overlooked. Very few such efforts pay serious attention to the role of religion and spirituality in the lives of American adolescents. But many teenagers are very involved in religion. Surveys reveal that 35% attend religious services weekly and another 15% attend at least monthly. 60% say that religious faith is important in their lives. 40% report that they pray daily. 25% say that they have been "born again." Teenagers feel**

good about the congregations they belong to. Some say that faith provides them with guidance and resources for knowing how to live well. What is going on in the religious and spiritual lives of American teenagers? What do they actually believe? What religious practices do they engage in? Do they expect to remain loyal to the faith of their parents? Or are they abandoning traditional religious institutions in search of a new, more authentic "spirituality"? This book attempts to answer these and related questions as definitively as possible. It reports the findings of The National Study of Youth and Religion, the largest and most detailed such study ever undertaken. The NYSR conducted a nationwide telephone survey of teens and significant caregivers, as well as nearly 300 in-depth face-to-face interviews with a sample of the population that was surveyed. The results show that religion and spirituality are indeed very significant in the lives of many American teenagers. Among many other discoveries, they find that teenagers are far more influenced by the religious beliefs and practices of their parents and caregivers than commonly thought. They refute the conventional wisdom that teens are "spiritual but not religious." And they confirm that greater religiosity is significantly associated with more positive adolescent life outcomes. This eagerly-awaited volume not only provides an unprecedented understanding of adolescent religion and spirituality but, because teenagers serve as bellwethers for possible future trends, it affords an important and distinctive window through which to observe and assess the current state and future direction of American religion as a whole.

NEW DRAMA IN RUSSIAN

PERFORMANCE, POLITICS AND PROTEST IN RUSSIA, UKRAINE AND BELARUS

Bloomsbury Publishing How and why does the stage, and those who perform upon it, play such a significant role in the social makeup of modern Russia, Ukraine and Belarus? In *New Drama in Russian*, Julie Curtis brings together an international team of leading scholars and practitioners to tackle this complex question. *New Drama*, which draws heavily on techniques of documentary and verbatim writing, is a key means of protest in the Russian-speaking world; since the fall of the Soviet Union in 1991, theatres, dramatists, and critics have collaborated in using the genre as a lens through which to explore a wide range of topics from human rights and state oppression to sexuality and racism. Yet surprisingly little has been written on this important theatrical movement. *New Drama in Russian* rectifies this. Through providing analytical surveys of this outspoken transnational genre alongside case-studies of plays and interviews with playwrights, this volume sheds much-needed light on the key issues of performance, politics, and protest in Russia, Ukraine and Belarus. Meticulously researched and elegantly argued, this book will be of immense value to scholars of Russian cultural history and post-Soviet literary studies.

AMERICAN GIRLS

SOCIAL MEDIA AND THE SECRET LIVES OF TEENAGERS

Vintage Explores the changes in the way teenage girls are growing up in America, discussing the new norms, from extreme behaviors to lack of basic communication skills.

ANTHEM

Grand Central Publishing What does it take to change the world? The "epic adventure" (Booklist) of a band of unlikely heroes on a quest to save one innocent life who may end up saving us all. For decades, Judge Margot Burr-Nadir has worked tirelessly, case by case, to administer justice from the federal bench of the Eastern District of the United

States. Her position already seems like the highest possible honor. So she is surprised when a call comes from the President of the United States inviting her to accept his nomination to the Supreme Court—not least because in choosing her, in an unprecedented attempt to heal a divided nation, the President has reached across party lines. For Margot, this should be among the brightest spots of an already charmed existence. But the call comes on a family trip to visit their oldest daughter, Story, who has, without warning, vanished as if spirited away in the middle of the night by forces unseen. Margot soon finds herself thrust onto the national stage in the middle of every parent's worst nightmare. The desperate search for Story's whereabouts soon intersects with the mission of teenagers Simon Oliver, Louise Conklin, and a young man known only as the Prophet. Together, they have escaped from the Float Anxiety Abatement Center in Chicago on the trail of man known as The Wizard: an unimaginably wealthy, almost mythical figure of unspeakable evil who has for years been taking whatever he wants without reaping the consequences. Stopping him, this band of young people hopes to accomplish what their elders can't or won't do: fix a broken world. Noah Hawley's new novel is an adventure that finds unquenchable lights in dark corners. Unforgettably vivid characters and a plot as fast and bright as pop cinema blend in a Vonnegutian story that is as timeless as a Grimm's fairy tale. It is a leap into the idiosyncratic pulse of the American heart, written with the bravado, literary power, and feverish foresight that have made Hawley one of our most essential writers.

A REAL-WORLD GUIDE TO RESTORATIVE JUSTICE IN SCHOOLS

PRACTICAL PHILOSOPHY, USEFUL TOOLS, AND TRUE STORIES

Jessica Kingsley Publishers This book is designed to help you navigate the challenges and joys of building and maintaining a healthy restorative ecosystem in your school, while providing concrete tools and real-world stories to guide you through the process. Traditional methods of discipline are commonly found to be ineffective, and this book shows how restorative justice can benefit schools in a huge variety of ways, such as decreasing the need for suspensions, increasing academic outcomes, and improving the health of your whole school community. Written by the founder and the education director of the National Center for Restorative Justice, each and every chapter is packed with expertise on everything from carrying out the stages of a restorative circle to understanding the importance of conflict. The authors pull no punches in showing that this work is not always easy, but their passion for restorative justice shines out of every page, demonstrating just how valuable this approach can be in bringing the absolute best out of your students and school.

SEEING SOCIAL PROBLEMS

THE HIDDEN STORIES BEHIND CONTEMPORARY ISSUES

SAGE Publications *Seeing Social Problems: The Hidden Stories Behind Contemporary Issues* shows students how to think about social problems in a new way, by carefully analyzing headline-making issues they are already familiar with and illustrating the connection between individual problems and larger social forces. Each chapter engages students in thinking about the world sociologically by focusing on a specific case study that represents a more general social problem. The chapters always start with the knowledge, beliefs, attitudes, and personal experiences that students bring to the case—what author Ira Silver refers to as the conventional wisdom—and effectively demonstrate to them the “first wisdom” of sociology: “things are not what they seem.” In each instance, Silver shows how sociologists ask questions, gather empirical data, use multiple perspectives, and consider larger social forces to discover the “hidden stories” behind individual behavior.

NEW AMERICAN TEENAGERS

THE LOST GENERATION OF YOUTH IN 1970S FILM

Bloomsbury Publishing USA The author challenges the neglect of the 1970s in studies on teen film and youth culture by locating a number of subversive and critical narratives.

THE AMERICAN ECCLESIASTICAL REVIEW;

A MONTHLY PUBLICATION FOR THE CLERGY

GROWING UP ASIAN AMERICAN IN YOUNG ADULT FICTION

Univ. Press of Mississippi Contributions by Hena Ahmad, Linda Pierce Allen, Mary J. Henderson Couzelis, Sarah Park Dahlen, Lan Dong, Tomo Hattori, Jennifer Ho, Ymitri Mathison, Leah Milne, Joy Takako Taylor, and Traise Yamamoto Often referred to as the model minority, Asian American children and adolescents feel pressured to perform academically and be disinterested in sports, with the exception of martial arts. Boys are often stereotyped as physically unattractive nerds and girls as petite and beautiful. Many Americans remain unaware of the diversity of ethnicities and races the term Asian American comprises, with Asian American adolescents proving to be more invisible than adults. As a result, Asian American adolescents are continually searching for their identity and own place in American society. For these kids, being or considered to be American becomes a challenge in itself as they assert their Asian and American identities; claim their own ethnic identity, be they immigrant or American-born; and negotiate their ethnic communities. The contributors to *Growing Up Asian American in Young Adult Fiction* focus on moving beyond stereotypes to examine how Asian American children and adolescents define their unique identities. Chapters

focus on primary texts from many ethnicities, such as Chinese, Korean, Filipino, Japanese, Vietnamese, South Asian, and Hawaiian. Individual chapters, crossing cultural, linguistic, and racial boundaries, negotiate the complex terrain of Asian American children's and teenagers' identities. Chapters cover such topics as internalized racism and self-loathing; hyper-sexualization of Asian American females in graphic novels; interracial friendships; transnational adoptions and birth searches; food as a means of assimilation and resistance; commodity racism and the tourist gaze; the hostile and alienating environment generated by the War on Terror; and many other topics.

AMERICAN TEENAGERS

DIANE Publishing

HIGH SCHOOL PROM

MARKETING, MORALS AND THE AMERICAN TEEN

McFarland The prom has been a fixture in the life of American teenagers for as long as high schools have existed. Both encapsulating and magnifying the drama of adolescence, proms have been transformed from modest tea dances to costly extravaganzas supporting apparel and cosmetic makers, limousine services, hotels, magazine publishers, and hair salons. Focusing on social and economic trends, this volume examines the evolution of the prom, the development of the billion-dollar prom industry, and the event's place in popular culture, including its portrayal in film, television, and literature. Using the prom as a lens through which to view many aspects of American culture—money, sex, fashion, dance, music, television, transportation, communication, and even war—this work offers a fresh perspective on the history of American youth. Instructors considering this book for use in a course may request an examination copy here.

SOCIAL LIVES

A NOVEL

St. Martin's Press Step into picture-perfect Wilshire, home to some of the most privileged people in the world, where one woman's desperate act could bring the precariously balanced social order crashing down... Wilshire, Connecticut, the gilded enclave of Manhattan's prosperous elite, appears to be a vision of suburban tranquility: the mansions are tastefully designed, the lawns are expertly manicured, and the streets are as hushed as the complexities in the residents' lives. While Wilshire's husbands battle each other in the financial world, their wives manage their estates and raise the next elite generation. Some women are envied, some respected, and others simply tolerated. But regardless of where they stand, each woman is defined by the world she inhabits and bound by the unyielding social structure that surrounds her. Rosalyn Barlow, the most envied woman in Wilshire, is waging a battle of social manipulation to silence the scandalous gossip that threatens her daughter's reputation while her self-made billionaire husband grows more and more distant in his young retirement. But for fourteen year-old Caitlin Barlow, navigating life as a teenager in a culture of wealth and sexual promiscuity has become far more perilous than either of her parents knows. Newcomer Sarah Livingston has nothing but disdain for everyone and everything around her and a growing terror at having another child in a world she's come to resent. As she is pulled into the Barlow family's storm, the walls begin to close in around her marriage and the life she once thought she wanted. And for Jacqueline Halstead, who's just discovered her husband is under investigation for fraud surrounding his hedge fund, saving her family from total ruin means doing the unthinkable - and shaking the Barlow family, Wilshire's insular community, and herself to the core.

SEXUAL PREDATORS AMONGST US

CRC Press It is imperative that educators, parents, and potential victims be aware of sexual predators, the danger they pose in our society, and the resources available to help prevent this growing epidemic. Written from a police perspective, *Sexual Predators Amongst Us* examines the problem of sexual predation, how the Internet has contributed to its growth, and how we can protect children and the general public from these offenders. The book begins by identifying traits and characteristics associated with sexual predation and explaining how the predator "grooms" his victims by gaining their trust. Chapters cover a range of topics related to sexual predation, including child abuse, incest, pedophilia in the clergy, sex trafficking, female sex offenders, and child pornography. The author explains how the Internet through social networking sites provides ample opportunities for sexual predators to entice their victims. He examines rehabilitation issues, describes legislation that has been passed in response to various tragic cases, and discusses sex offender registration. Maintaining a user-friendly style, the book follows a consistent format, with each chapter containing: Quotes from actual victims and predators Key words associated with the chapter material and their definitions In My Opinion segments, where experts in the fields of health, psychology, law, government, criminal justice, and academia voice their honest and objective opinions regarding sexual predators Profiles of male and female sex offenders to help readers identify common traits The book concludes with recommendations to parents for keeping children safe from online predators. Thought-provoking and direct, it is suitable as a university text as well as a reference for police academies, parents, and schools conducting awareness training courses.

FOUNDATIONS OF LIBRARY SERVICES

AN INTRODUCTION FOR SUPPORT STAFF

Rowman & Littlefield Trained library support staff is critical in assisting the user in locating and interpreting the resources available in libraries. To do so requires the knowledge and practice of library missions and roles in different types of libraries and the delivery of that information to an increasingly diverse clientele. The plethora of resources available today requires that support staff understand and implement the basic principles of information services as well as the responsibility and relationships among library departments and functional areas. *Foundations of Library Services* is both a text for professors who teach in library support staff programs and an introductory reference manual for support staff who work in libraries. This book will guide the LSS to be able to: Understand the mission and role of the library in its community Be familiar with the ethics and values of the profession, including those of the Library Bill of Rights, the ALA Code of Ethics, freedom of information, confidentiality of library records and privacy issues Know the responsibility and relationships among library departments Practice the basic principles of circulation, including interlibrary loan; current cataloging and classification systems; and acquisitions and collection development policies. Understand how libraries are governed and funded within their organizations or government structures Realize the value of cooperation to enhance services Practice quality customer service Communicate and promote the library's values and services Recognize and respond to diversity in user needs

MAPPING SOUTH AMERICAN LATINA/O LITERATURE IN THE UNITED STATES

INTERVIEWS WITH CONTEMPORARY WRITERS

Springer This collection of interviews demonstrates that U.S. Latinas/os of South American background have contributed pioneering work to U.S. Latina/o literature and culture in the twenty-first century. In conversation with twelve significant authors of South American descent in the United States, Juanita Heredia reveals that, through their transnational experiences, they have developed multicultural identities throughout different regions and cities across the country. However, these authors' works also exemplify a return to their heritage in South America through memory and travel, often showing that they maintain strong cultural and literary ties across national borders. As such, they have created a new chapter in trans-American history by finding new ways of imagining South America from their formation and influences in the U.S.

PRISONERS OF TIME

WHAT WE KNOW AND WHAT WE NEED TO KNOW

DIANE Publishing Summarizes the research reviewed by the Commission members as they developed their recommendations. Also suggests an agenda for further research into important questions on which the Commission found little or inadequate information. Extensive bibliography.

3 BIG QUESTIONS THAT CHANGE EVERY TEENAGER

MAKING THE MOST OF YOUR CONVERSATIONS AND CONNECTIONS

Baker Books Today's teenagers are the most anxious, creative, and diverse generation in history--which can make it hard for us to relate. And while every teenager is a walking bundle of questions, three rise above the rest: - Who am I? - Where do I fit? - What difference can I make? Young people struggle to find satisfying and life-giving answers to these questions on their own. They need caring adults willing to lean in with empathy, practice listening, and gently point them in the direction of better answers: they are enough because of Jesus, they belong with God's people, and they are invited into God's greater story. In this book, which is based on new landmark research from the Fuller Youth Institute and combines in-depth interviews with data from 1,200 diverse teenagers, Kara Powell and Brad M. Griffin offer pastors, youth leaders, mentors, and parents practical and proven conversations and connections that help teenagers answer their three biggest questions and reach their full potential.

CONSEQUENCES

THE IMPACT OF LAW AND ITS COMPLEXITY

University of Toronto Press A timely and erudite investigation of the impact of law on societies, and how this excessive reliance on law, particularly litigation, has generated difficulties in achieving consensus regarding issues of domestic policy.

IGEN

WHY TODAY'S SUPER-CONNECTED KIDS ARE GROWING UP LESS REBELLIOUS, MORE TOLERANT, LESS HAPPY--AND COMPLETELY UNPREPARED FOR ADULTHOOD--AND WHAT THAT MEANS FOR THE REST OF US

Simon and Schuster As seen in *Time*, *USA TODAY*, *The Atlantic*, *The Wall Street Journal*, and on CBS *This Morning*, *BBC*, *PBS*, *CNN*, and *NPR*, *iGen* is crucial reading to understand how the children, teens, and young adults born in the mid-1990s and later are vastly different from their Millennial predecessors, and from any other generation. With generational divides wider than ever, parents, educators, and employers have an urgent need to understand today's rising generation of teens and young adults. Born in the mid-1990s up to the mid-2000s, *iGen* is the first generation to

spend their entire adolescence in the age of the smartphone. With social media and texting replacing other activities, iGen spends less time with their friends in person—perhaps contributing to their unprecedented levels of anxiety, depression, and loneliness. But technology is not the only thing that makes iGen distinct from every generation before them; they are also different in how they spend their time, how they behave, and in their attitudes toward religion, sexuality, and politics. They socialize in completely new ways, reject once sacred social taboos, and want different things from their lives and careers. More than previous generations, they are obsessed with safety, focused on tolerance, and have no patience for inequality. With the first members of iGen just graduating from college, we all need to understand them: friends and family need to look out for them; businesses must figure out how to recruit them and sell to them; colleges and universities must know how to educate and guide them. And members of iGen also need to understand themselves as they communicate with their elders and explain their views to their older peers. Because where iGen goes, so goes our nation—and the world.

ALL AMERICAN BOYS

Simon and Schuster When sixteen-year-old Rashad is mistakenly accused of stealing, classmate Quinn witnesses his brutal beating at the hands of a police officer who happens to be the older brother of his best friend. Told through Rashad and Quinn's alternating viewpoints.

AMERICAN INDIAN BUSINESS

PRINCIPLES AND PRACTICES

University of Washington Press American Indian business is booming. The number of American Indian and Alaska Native-owned businesses increased by 15.3 percent from 2007 to 2012—a time when the total number of US businesses increased by just 2 percent—and receipts grew from \$34.4 million in 2002 to \$8.8 billion in 2012. Despite this impressive growth, there is an absence of small businesses on reservations, and Native Americans own private businesses at the lowest rate per capita for any ethnic or racial group in the United States. Many Indigenous entrepreneurs face unique cultural and practical challenges in starting, locating, and operating a business, from a perceived lack of a culture of entrepreneurship and a suspicion of capitalism to the difficulty of borrowing start-up funds when real estate is held in trust and cannot be used as collateral. This book provides an accessible introduction to American Indian businesses, business practices, and business education. Its chapters cover the history of American Indian business from early trading posts to today's casino boom; economic sustainability, self-determination, and sovereignty; organization and management; marketing; leadership; human resource management; tribal finance; business strategy and positioning; American Indian business law; tribal gaming operations; the importance of economic development and the challenges of economic leakage; entrepreneurship; technology and data management; business ethics; service management; taxation; accounting; and health-care management. American Indian Business also furthers the inclusion of Indigenous perspectives in the study of American business practices in general and demonstrates the significant impact that American Indians have had on business, as well as their cultural contributions to management, leadership, marketing, economic development, and entrepreneurship.

A VERY LARGE EXPANSE OF SEA

HarperCollins Longlisted for the National Book Award for Young People's Literature! From the New York Times and USA Today bestselling author of the Shatter Me series comes a powerful, heartrending contemporary novel about fear, first love, and the devastating impact of prejudice. It's 2002, a year after 9/11. It's an extremely turbulent time politically, but especially so for someone like Shirin, a sixteen-year-old Muslim girl who's tired of being stereotyped. Shirin is never surprised by how horrible people can be. She's tired of the rude stares, the degrading comments—even the physical violence—she endures as a result of her race, her religion, and the hijab she wears every day. So she's built up protective walls and refuses to let anyone close enough to hurt her. Instead, she drowns her frustrations in music and spends her afternoons break-dancing with her brother. But then she meets Ocean James. He's the first person in forever who really seems to want to get to know Shirin. It terrifies her—they seem to come from two irreconcilable worlds—and Shirin has had her guard up for so long that she's not sure she'll ever be able to let it down.

TEEN FILM

A CRITICAL INTRODUCTION

Bloomsbury Publishing What makes a film a teen film? And why, when it represents such powerful and enduring ideas about youth and adolescence, is teen film usually viewed as culturally insignificant? Teen film is usually discussed as a representation of the changing American teenager, highlighting the institutions of high school and the nuclear family, and experiments in sexual development and identity formation. But not every film featuring these components is a teen film and not every teen film is American. Arguing that teen film is always a story about becoming a citizen and a subject, Teen Film presents a new history of the genre, surveys the existing body of scholarship, and introduces key critical tools for discussing teen film. Surveying a wide range of films including *The Wild One*, *Heathers*, *Akira* and *Donnie Darko*, the book's central focus is on what kind of adolescence teen film represents, and on teen film's capacity to produce new and influential images of adolescence.

HANDBOOK OF RESEARCH ON TEACHING

The Fifth Edition of the Handbook of Research on Teaching is an essential resource for students and scholars dedicated to the study of teaching and learning. This volume offers a vast array of topics ranging from the history of teaching to technological and literacy issues. In each authoritative chapter, the authors summarize the state of the field while providing conceptual overviews of critical topics related to research on teaching. Each of the volume's 23 chapters is a canonical piece that will serve as a reference tool for the field. The Handbook provides readers with an unparalleled view of the current state of research on teaching across its multiple facets and related fields.

THE SCIENCE OF ADOLESCENT RISK-TAKING

WORKSHOP REPORT

National Academies Press Adolescence is a time when youth make decisions, both good and bad, that have consequences for the rest of their lives. Some of these decisions put them at risk of lifelong health problems, injury, or death. The Institute of Medicine held three public workshops between 2008 and 2009 to provide a venue for researchers, health care providers, and community leaders to discuss strategies to improve adolescent health.

THE APPROXIMATE PARENT

DISCOVERING THE STRATEGIES THAT WORK WITH YOUR TEENAGER (EPUB)

Fine Optics Press Written in a smart, funny, and friendly tone, *The Approximate Parent: Discovering the Strategies That Work with Your Teenager* helps you translate what your teen thinks, feels, and does to give you practical ways of supporting your teen, from adolescence into adulthood. Learn to strategize wisely, taking into account both the current American culture of adolescents and your particular teen's biology, temperament, and developmental challenges. This highly accessible book is informed by the latest research on adolescent development, effects of digital media on youth and identity formation, relationships/ sexuality and trends in drug and alcohol use, drawing on work in such diverse fields as clinical psychology, cognitive neuroscience, epigenetics, sociology, anthropology, philosophy and religious studies. Michael Simon uses his 25 years of work with teens as a psychotherapist, school counselor, and parent to help make your job easier as a parent, educator or health professional.

PARENTHOOD IN AMERICA

AN ENCYCLOPEDIA

ABC-CLIO

THE PROMISE OF ADOLESCENCE

REALIZING OPPORTUNITY FOR ALL YOUTH

National Academies Press Adolescence "beginning with the onset of puberty and ending in the mid-20s" is a critical period of development during which key areas of the brain mature and develop. These changes in brain structure, function, and connectivity mark adolescence as a period of opportunity to discover new vistas, to form relationships with peers and adults, and to explore one's developing identity. It is also a period of resilience that can ameliorate childhood setbacks and set the stage for a thriving trajectory over the life course. Because adolescents comprise nearly one-fourth of the entire U.S. population, the nation needs policies and practices that will better leverage these developmental opportunities to harness the promise of adolescence "rather than focusing myopically on containing its risks. This report examines the neurobiological and socio-behavioral science of adolescent development and outlines how this knowledge can be applied, both to promote adolescent well-being, resilience, and development, and to rectify structural barriers and inequalities in opportunity, enabling all adolescents to flourish.

TAPESTRY OF CULTURAL ISSUES IN ART THERAPY

Jessica Kingsley Publishers Professionals engaged in art therapy discuss aspects of practice which are affected by an environment of increasing cultural diversity. Some contributions examine problems faced by members of ethnic minorities who are caught between assertion of their cultural identities and assimilation into a different social milieu.

CONTROLLING THE DIFFICULT ADOLESCENT

THE REST PROGRAM (THE REAL ECONOMY SYSTEM FOR TEENS)

University Press of America Introduces specific methods for parents and for therapists on how to teach parents to control difficult and oppositional adolescents. The oppositional/defiant adolescent engages in behavior that can be described as abusive to and inconsiderate of other family members. Such teenagers do not typically respond well to traditional methods of psychotherapy and often therapists commit these youngsters to psychiatric hospitals. The methods introduced in this book are based on years of research and can be effectively carried out in the home setting, removing the need for hospitalization. Simple rules of conduct and clear expectations for the teen's behavior are established at the beginning. Enforcement of these rules is carried out by systematically controlling the teen's economic resources (The Real Economy System for Teens.) Both parents and practicing therapists can benefit from the information

contained in this book. Contents: How Did it Happen; Discipline and Punishment; How Control the Difficult Adolescent: The REST Program; Special Problems-Lying and Aggression; Special Problem-Poor School Performance; Special Problem-College; Special Problem-Drug and Alcohol Abuse-Hardcore Behaviors; Special Problems-Acting Out Behaviors - Runaway Reaction, Suicide Attempts, and Delinquent Behaviors; Special Problems-Divorce; Communications; A Case Study; Not the Final Chapter.

A STILL QUIET PLACE FOR TEENS

A MINDFULNESS WORKBOOK TO EASE STRESS AND DIFFICULT EMOTIONS

New Harbinger Publications Being a teen in today's fast-paced, media-saturated world is difficult, and it's easy to get overwhelmed or stressed out. This breakthrough workbook will help you balance your emotions, stay focused, and experience the natural quietness that lives within you. If you're a teen, you're probably experiencing stress. And is it any wonder? You're juggling schoolwork, friendships, and countless other activities. You get endless messages every day—texts from your friends, advice from your family and teachers, images from television, social media, and advertising about who you could and should be. Sometimes you just need a place to unwind and be yourself! *A Still Quiet Place for Teens* can be that place. It is a place of peace and calm within. In this workbook, mindfulness expert Amy Saltzman offers a comprehensive program to help you manage daily stressors and challenges in your life, whether at home, in school, or with friends. Using proven-effective mindfulness-based stress reduction (MBSR) techniques, this book will help you be fully present in the moment, cultivate kindness and curiosity toward yourself and others, and find constructive ways of dealing with the pressures of being a teen. Between school, friends, and dating, there's plenty to feel stressed about! This book will help you find a quiet place inside yourself that you can go back to again and again, no matter how overwhelming life gets.

SOVIET LIFE

FASHIONING TEENAGERS

A CULTURAL HISTORY OF SEVENTEEN MAGAZINE

Left Coast Press Using content analysis, interviews, letters, oral histories, and promotional materials, Massoni is able to show how *Seventeen* helped create the modern concept of teenager. "

A PARENT'S GUIDE TO HELPING TEENAGERS IN CRISIS

Zondervan Presents advice for parents on identifying and helping a teenager through such crises as divorce, eating disorders, hazing, sexual abuse, and substance abuse.

COMMUNICATING ETHICALLY

CHARACTER, DUTIES, CONSEQUENCES, AND RELATIONSHIPS

Routledge This thoroughly updated third edition of *Communicating Ethically* provides a broad introduction to the ethical nature of communication, bringing together classical and modern theories of ethical philosophy to address issues at play in specific careers and domains throughout the field. By incorporating a simple framework for ethical reasoning, the reader will be able to develop their own understanding of the various criteria for making ethical judgments. *Communicating Ethically* applies ethical theories such as virtue ethics and dialogic ethics to contexts of interpersonal, organizational, political, and digital communication. This edition contains expanded coverage of contemporary and non-Western theories and contexts, including Black Lives Matter, #MeToo, social media and "fake news," and concerns of inclusion and marginalization. Each chapter contains a Preview and Key Ideas sections, and the book contains a Glossary. This book serves as core textbook for undergraduate courses in communication and media ethics, and can also serve as a supplemental resource for field-specific courses in Strategic Communication, Interpersonal Communication, and Public Relations. Online resources for instructors include sample syllabi, sample assignments, and quiz questions. They are available at www.routledge.com/9780367358471.
