## **GOOD THINGS COME TO THOSE WHO WAIT**

---

*Boys Town Press It has the silliest name ever - Unicorn YAK! This super-sweet slushy is made with cotton candy, topped with sprinkles, and is the most awesome treat Cora June has ever tasted! She can't wait to have another one... and that's the problem. When Mom promises to take Cora June to the Slushy Shack after school, Cora can't think about anything else. She stares at the clock, impatiently counting down every second of the school day. She causes a ruckus in the classroom when her excitement spills out in the open, and she has mini-meltdowns when Mom arrives late and the line at the Slushy Shack is painfully long. Then, when Cora finally gets to the counter to order her sweet treat, she gets the crushing news: All Unicorn Yak slushies are sold out. If she wants one, she has to come back another day! Will Cora June have the strength to flex her patience muscle or will her disappointment turn into a sticky, sorry mess? Good Things Come to Those Who Wait is from The Leader I'll Be! book series and told in author Julia Cook's distinctive rhythmic style and delivers powerful lessons on how to practice patience, stay calm, and make good choices. A great read for children in grades Pre-K through 6. Included are tips for parents and educators to help teach the skill of patience. 31 pgs.*

## **GUIDANCE THROUGH AN ILLUSTRATIVE ALPHABET**

---

---

---

## **WRITTEN AND ILLUSTRATED BY RAMON SHILOH**

---

*As children, we were taught the alphabet and discovered to play with words, sentence structure, and grammar. As adults, "Guidance Through an Illustrative Alphabet" rediscovers the alphabet in a deeper quest for knowledge. Each of the 26 letters is illustrated and each illustration has a corresponding story or poem that navigates current issues, enviromental concerns, racial tension and other global risks. Travel each page as a lesson for your survival. But fair warning, you are about to be schooled.*

## **THE GOURMET FARMER DELI BOOK**

---

*Allen & Unwin Gourmet Farmer Matthew Evans and producers Nick Haddow and Ross O'Meara share their favourite deli recipes. Enjoy food as it used to taste. Why would you make your tomato sauce or preserve your own vegetables? It's quite simple, really - because it tastes better. This collection of recipes celebrates the artisan process in making items you'd typically find in your local deli, and provides simple, delicious recipes where those ingredients are the stars of simple, rustic, flavoursome dishes. From dill pickles to preserved artichokes, the definitive ploughman's and beef tartare, The Gourmet Farmer Deli Book: Vegetables and Condiments celebrates the way we used to cook and the way food used to taste. Recipes include: Pickled olives, preserved roast tomatoes, braised lamb necks with olives and rosemary, pickled pub eggs, Grandpa Steve's tomato sauce and many more. All titles in this series: The Gourmet Farmer Deli Book: Dairy The Gourmet Farmer Deli Book: Smallgoods The Gourmet Farmer Deli Book: Vegetables and Condiments The Gourmet Farmer Deli Book: The Collection*

## **DESIGNING AND EVALUATING USABLE TECHNOLOGY IN INDUSTRIAL RESEARCH**

---

---

---

## **THREE CASE STUDIES**

---

*Morgan & Claypool Publishers This book is about HCI research in an industrial research setting. It is based on the experiences of two researchers at the IBM T. J. Watson Research Center. Over the last two decades, Drs. John and Clare-Marie Karat have conducted HCI research to create innovative usable technology for users across a variety of domains. We begin the book by introducing the reader to the*

context of industrial research as well as a set of common themes or guidelines to consider in conducting HCI research in practice. Then case study examples of HCI approaches to the design and evaluation of usable solutions for people are presented and discussed in three domain areas: - item Conversational speech technologies, - item Personalization in eCommerce, and - item Security and privacy policy management technologies In each of the case studies, the authors illustrate and discuss examples of HCI approaches to design and evaluation that worked well and those that did not. They discuss what was learned over time about different HCI methods in practice, and changes that were made to the HCI tools used over time. The Karats discuss trade-offs and issues related to time, resources, and money and the value derived from different HCI methods in practice. These decisions are ones that need to be made regularly in the industrial sector. Similarities and differences with the types of decisions made in this regard in academia will be discussed. The authors then use the context of the three case studies in the three research domains to draw insights and conclusions about the themes that were introduced in the beginning of the book. The Karats conclude with their perspective about the future of HCI industrial research. Table of Contents: Introduction: Themes and Structure of the Book / Case Study 1: Conversational Speech Technologies: Automatic Speech Recognition (ASR) / Case Study 2: Personalization in eCommerce / Case Study 3: Security and Privacy Policy Management Technologies / Insights and Conclusions / The Future of Industrial HCI Research

**GRANDAD AND THE GIRAFFES**

---

Why do all giraffes look the same - or do they? It's almost as though Grandad was there with the monkeys and the giraffes. 'In the time of the giraffe, giraffes were wondrous creatures.' 'How, Grandad? How, different?' So Grandad tells the story of what happened to the incredibly coloured giraffe clans.

**COMPLEXITY DEMYSTIFIED**

---

## **A GUIDE FOR PRACTITIONERS**

---

*Triarchy Press Limited Practitioners often say: 'We need to do something differently but are not sure what to do or how to do it' and 'Scientists explain complexity but don't tell you what to do in practical terms'. This book has been written to offer solutions for these practitioners - to provide an Approach for 'putting complexity to work'. Practice is, de facto, determined by changing contexts. In a specific instance, what needs doing will depend on the circumstances, and cannot be bounded or decided in advance. But when most auditors, donors or managers demand tangible, target-driven results within a fixed time frame, how can practitioners convince them that working with the open principles of complexity will lead to more successful and sustainable solutions? This book is not 'yet another' complexity book. What it offers is an in-depth, systematic, Framework that practitioners can use to focus on the dynamic phenomena already active in their working context, to be able to shape and influence these phenomena 'on the fly'. The authors present six case studies, including the UK Fuel Crisis (2000) and the 2010 Gulf of Mexico Oil Spill. Their Approach reveals a clear understanding of the stresses and strains that were felt throughout the crises and how these might have been handled differently had an appreciation of the underlying complexity been part of standard practice. Drawn from their own experiences and those of other practitioners, and to bridge the gap between theory, experience and practice, the authors have produced a clear and erudite 'bible' for realising the inherent benefits of 'putting complexity to work'.*

## **GUILTY UNTIL PROVEN INNOCENT**

---

*This book is about a victim of people with power that want more power and will not stop at nothing, and then cannot be held accountable for their wrong doings.*

## **MANAGING THE CHURCH?**

---

## **ORDER AND ORGANIZATION IN A SECULAR AGE**

---

*Bloomsbury Publishing How do churches and other religious organizations attempt to order themselves in a secular age? Is a theocracy possible within a democracy? To what extent should churches borrow 'management-speak' and techniques from business? This book explores the key issues, and critiques some of the main models of management that have recently been imported into churches. Anyone interested in what the 21st century holds for the structure of Christian churches will find this book instructive and thought-provoking.*
