Can Beauty tame her BEAST? Isabella-Grady Williams is a national treasure, the youngest living Medal of Honor recipient, America's scarred superhero. With tattooed arms sculpted from carrying M-16s, this bad boy has girls begging from sea to shining sea to get a piece of his action. When my father squanders away my college fund, I make a deal with this dirty-talking Devil Dog-I will pretend to be Grady's girlfriend for the Marine Corps Ball, and my dad will write Grady's war memoir. Grady is fearless. Hell, this badass jumped on a grenade to save his fellow Marines! As much as I crave him, I refuse to allow myself to become addicted to a dangerous man who will detonate my heart. Grady-Isabella Cuesta is an angel who can see beyond my mangled skin, a pawn used to repay her father's debt, a woman who makes me feel like a man instead of a monster. But I no longer believe in fairy tales. She's mine until our contract ends. I'll take her hard and rough, listen to all her hopes and fears, lay down my life to protect her. This beauty will never let herself love a dangerous man like me-a man who has killed, a man who runs towards gunfire, a man who never backs down from a fight. But without her love, I'm not a man-I'll remain forever a beast.

## REALITY LOST

## MARKETS OF ATTENTION, MISINFORMATION AND MANIPULATION

---

**Springer** This open access book looks at how a democracy can devolve into a post-factual state. The media is being flooded by populist narratives, fake news, conspiracy theories and make-believe. Misinformation is turning into a challenge for all of us, whether politicians, journalists, or citizens. In the age of information, attention is a prime asset and may be converted into money, power, and influence – sometimes at the cost of facts. The point is to obtain exposure on the air and in print media, and to generate traffic on social media platforms. With information in abundance and attention scarce, the competition is ever fiercer with truth all too often becoming the first victim. Reality Lost: Markets of Attention, Misinformation and Manipulation is an analysis by philosophers Vincent F. Hendricks and Mads Vestergaard of the nuts and bolts of the information market, the attention economy and media eco-system which may pave way to postfactual democracy. Here misleading narratives become the basis for political opinion formation, debate, and legislation. To curb this development and the threat it poses to democratic deliberation, political self-determination and freedom, it is necessary that we first grasp the mechanisms and structural conditions that cause it.

## RISK MANAGEMENT

## TRICKS OF THE TRADE® FOR PROJECT MANAGERS : A COURSE IN A BOOK [TRADEMARK SYMBOL]

---

**RMC Publications** A review for the book from another world renown author. Rita Mulcahy, PMP, is an author, consultant and member of the Project Management Institute's Risk Management Special Interest Group. Either through frustration at the lack of good, practical risk management reference materials, or because she is bubbling over with ideas on the subject, Rita has written a comprehensive book: "Risk Management - Tricks of the Trade? for Project Managers." The book is structured according to the Institute's view of project risk management and is therefore supportive of the Project Management Professional certification exam. It even has a 50-question Final Exam in the certification examination mode. However, Rita's book is much more than that. It provides a very clear and down-to-earth explanation of what project risk management is all about. I was particularly pleased to see an emphasis on things going right (opportunities enhancement) as well as going wrong (risks). The book is lavishly endowed with bulleted lists of explanation for rapid absorption of content by busy project people. It also has very practical quick-read "Tricks of the Trade" sidebars (e.g. How to interview an expert), check lists, charts, forms and how to use them with worked examples. It is even topped off with quiz games to make it a fun encounter. For University instructors and training workshop leaders there are plenty of "Questions for discussion". In an appendix there is a long list of potential risks, their cause and effect in various industries. No doubt that list has been culled from the brainstorming efforts of many of Rita's workshop attendees over the years. Still, I could not help but empathize with chagrin the construction risk-cause entry "Local politicians, unruly elements, etc." Well said! Armed with this book, there should be no excuse any longer for anyone to declare that they don't know how to apply risk management to their projects, however large or small their projects may be. Nor should there be any question of how to get started or even why they should get started and when. The real benefit of the book is that it demonstrates very clearly that project risk management does not have to be difficult, nor academically challenging. I have always held that project risk management is really very simple. When you are gearing up for your next project, the best advice I can give is "Don't leave home without it!" R. Max Wideman, P.Eng. FCSCCE, FEIC, FICE, FPMI

## FOUNDATIONS OF SENSATION AND PERCEPTION

---

**Psychology Press** Do you wonder how movies – sequences of static frames – appear to move, or why 3-D films look different from traditional movies? Why does ventriloquism work, and why can airliner flights make you feel disoriented? The answers to these and other questions about the human senses can be found within the pages of Foundations of Sensation and Perception. This third edition maintains the standard for clarity and accessibility combined with rigor which was set in previous editions, making it suitable for a wide range of students. As in the previous editions, the early chapters allow students to grasp fundamental principles in relation to the relatively simple sensory systems (smell, taste, touch and balance) before moving on to more complex material in hearing and vision. The text has been extensively updated, and this new edition includes: a new chapter devoted to attention and perception over 200 new references over 30 new figures and improved, more colorful, visual presentation a new companion website with a range of resources for students and lecturers The book contains a range of pedagogical features, including tutorial sections at the end of each chapter. This distinctive feature introduces areas of the subject which are rarely included in student texts, but are crucial for establishing a firm foundation of knowledge. Some tutorials are devoted to more advanced and technical topics (optics, light measurement, Bayesian inference), but treated in an accessible manner, while others cover topics a little outside of the mainstream (music perception, consciousness, visual art). Foundations of Sensation and Perception will enable the reader to achieve a firm grasp of current knowledge concerning the processes that underlie our perception of the world and will be an invaluable resource for those studying psychology, neuroscience, and related disciplines.

This book examines a fundamental shift in contemporary Western thought: the replacement of the traditional dualistic and hierarchical model of reality by a holistic one. Betty Hean Craige traces the emergence of this new paradigm to Charles Darwin, whose evolutionary theory exploded the idea of a fixed natural hierarchy and opened the way for a more egalitarian vision of human society as an evolving system of interdependent individuals and cultures.

### ABBY ALDRICH ROCKEFELLER: THE WOMAN IN THE FAMILY

---

**Plunkett Lake Press** In 1894, Abby Aldrich, the outgoing, impulsive daughter of Rhode Island's Senator Nelson Aldrich, met Brown University student John D. Rockefeller, Jr., the shy and reserved heir to the Standard Oil fortune. This unlikely pair fell in love, but only seven years later did John feel confident enough to propose. Once married, Abby used her empathy, willingness to experiment, and defiant optimism to broaden John's way of thinking and to expand his vision of what the Rockefeller fortune could do, shaping the family into a progressive force in philanthropy, the arts, and politics.

Abby cherished and protected her six children — Babs, John III, Nelson, Laurance, Winthrop, and David — and inspired in them a desire to serve society. She helped open the nation’s eyes to modern art and in 1928, initiated the foundation of New York’s Museum of Modern Art. From behind the scenes Abby helped direct the restoration of Colonial Williamsburg and the building of Rockefeller Center. “Abby Aldrich Rockefeller was a legendary figure, a woman of great wealth and power who used them for great good — in often cunning ways. Astonishingly, no one has written her story before. Now Bernice Kert has done so in a sweeping, meticulous, original biography that illuminates a rare life, an historic family, and modern America.” — Catharine R. Stimpson, University Professor, Rutgers University “Bernice Kert can raise biography to a level of insight and surprise that matches the best fiction. Witness this study of a woman we think we know all about.” — Elizabeth Janeway, author of *Man’s World, Woman’s Place* “Bernice Kert’s thoroughly researched biography of Abby Aldrich Rockefeller is a welcome and wonderful read. Everyone interested in art and social history will want to read about this most progressive and interesting Rockefeller.” — Blanche Wiesen Cook, author of *Eleanor Roosevelt: Volume I, 1884-1933* “[Reading] this biography, the life of Abby Aldrich Rockefeller, is like reading an exciting mystery story. One can hardly wait to turn the page to find out what this extraordinary and fascinating woman did, not only for herself but for everything and everyone she touched, from her husband, to nature, to the opening of a new view into the art world. The vitality of Abby Rockefeller, as depicted here by Bernice Kert, is a lesson to all women.” — Brooke Astor “What might have been a kind of family mausoleum turns out to be a fascinating read, brimming with fresh material from unpublished archives and interviews with eyewitnesses. Bernice Kert’s thorough and engaging portrait brings to life an enormously influential American woman who had an historic impact on both her extraordinary family and the arts — as a pioneering collector and patron, and as the innovating founder of two major museums.” — J. Carter Brown, Director Emeritus, National Gallery of Art “Kert, despite all her exhaustive research, happily lets her subject retain all of her formidable vitality and independence... Kert deals not only with the couple’s marriage — which was, in spite of some strains, a lifelong love affair — and the six Rockefeller children, but also with Abby’s generous contributions to art, education, and politics, as well with as her role in creating Rockefeller Center and Colonial Williamsburg. A splendidly intelligent, very readable portrait of a woman who was as wise in the rearing of her family as in the spending of her great wealth.” — Kirkus Reviews “In this elegantly written, carefully researched and psychologically astute biography, Abby Rockefeller emerges as a loveable and intelligent woman who wielded her great privilege to a variety of socially beneficial ends.” — Publishers Weekly “Bernice Kert [has] an eye for offbeat biography... Kert’s penetrating close-up captures not only [Abby’s] remarkable personality but the suffocating nuances of post-Victorian matrimony; women readers in particular will relish Abby’s refusal to be pigeonholed.” — Ted Berkman, *Los Angeles Times* “A picture of a complex and engaging woman, one who was at once very much a part of her time and extraordinarily ahead of it... Although the Modern museum was at the heart of Abby Aldrich Rockefeller’s work... her interests were far ranging. They included the advancement of civil rights, historic preservation and education. The portrait of her in this book is that of a model aristocrat, a wealthy, well-bred woman who understood power and the creative, contemporary uses of the concept of noblesse oblige. Kert shows Abby Rockefeller to have been, in her way, very much a feminist.” — Robert Duffy, *St. Louis Post-Dispatch*

Poetic. Lexa Hillyer draws the walls between dreams and reality with shimmering grace and phrases of such beauty I had to read many of them twice.” —Jodi Lynn Anderson, author of *Tiger Lily* “With its engaging heroines and delicious prose, *Spindle Fire* pulled me into a richly detailed world full of intrigue and magic.” —Amy Ewing, *New York Times* bestselling author of the *Lone City* trilogy Half sisters Isabelle and Aurora are polar opposites: Isabelle is the king’s headstrong illegitimate daughter, whose sight was tithed by faeries; Aurora, beautiful and sheltered, was tithed her sense of touch and voice on the same day. Despite their differences, the sisters have always been extremely close. And then everything changes, with a single drop of Aurora’s blood, a Faerie Queen who is preparing for war, a strange and enchanting dream realm—and a sleep so deep it cannot be broken. **Entangled: Teen** My name is Eve Hamilton and I live in Compound Eleven. Here, the hierarchy of the floors is everything. And on my floor, we fight—which is better than the bottom floor, where they toil away in misery. Only the top floor has any ease in this harsh world; they rule from their gilded offices. All because four generations ago, Earth was rendered uninhabitable—the sun too hot, the land too barren. Those who remained were forced underground. While not a perfect life down here, I've learned to survive as a fighter. Except my latest match is different. Instead of someone from the circuit, my opponent is a mysterious boy from the top floor. And the look in his eyes tells me he's different, maybe even kind...right before he kicks my ass. He could be my salvation. He could be my undoing. Because I'm no longer content to just survive in Eleven. Today, I'm ready to fight for more than my next meal. I'm fighting for my freedom. And this boy might just give me the edge I've been waiting for. The Eleven trilogy is best enjoyed in order. Reading Order: Book #1 Escaping Eleven Book #2 Unraveling Eleven Book #3 Ending Eleven

It's a fun way to keep your child entertained and engaged while not in the classroom. *The Bird and the Blade* is a lush, powerful story of life and death, battles and riddles, lies and secrets from author Megan Bannen. Enslaved in Kipchak Khanate, Jinghua has lost everything: her home, her family, her freedom . . . until the kingdom is conquered by enemy forces and she finds herself an unlikely conspirator in the escape of Prince Khalaf and his irascible father across the vast Mongol Empire. On the run, with adversaries on all sides and an endless journey ahead, Jinghua hatches a scheme to use the Kipchaks' exile to return home, a plan that becomes increasingly fraught as her feelings for Khalaf evolve into an impossible love. Jinghua's already dicey prospects take a downward turn when Khalaf seeks to restore his kingdom by forging a marriage alliance with Turandokht, the daughter of the Great Khan. As beautiful as she is cunning, Turandokht requires all potential suitors to solve three impossible riddles to win her hand—and if they fail, they die. Jinghua has kept her own counsel well, but with Khalaf's kingdom—and his very life—on the line, she must reconcile the hard truth of her past with her love for a boy who has no idea what she's capable of . . . even if it means losing him to the girl who'd sooner take his life than his heart.

## A THRONE OF SWANS

---

In a world where the flightless are ruled by those who can fly . . . When her father dies just before her birthday, seventeen-year-old Aderyn inherits the role of Protector of Atratys, a dominion in a kingdom where nobles are able to transform at will into the bird that represents their family bloodline. Aderyn's ancestral bird is a swan. But she has not transformed for years, not since witnessing the death of her mother - ripped apart by hawks that have supposedly been extinct since the long-ago War of the Raptors. With the benevolent shelter of her mother and her father now lost, Aderyn is at the mercy of her brutal uncle, the King, and his royal court. Driven by revenge and love, she must venture into the malevolent heart of the Citadel in order to seek the truth about the attack that so nearly destroyed her, to fight for the only home she has ever known and for the land she has vowed to protect. Written in rich detail and evocative language, this is the start of an irresistible, soaring duology about courage, broken loyalties and fighting for your place in the world.
