### TAO TEH CHING

---

**Shambhala Publications** *Written more than two thousand years ago, the Tao Teh Ching, or "The Classic of the Way and Its Virtue," has probably had a greater influence on Asian thought than any other single book. It is also one of the true classics of world literature. Traditionally attributed to the near-legendary "Old Master," Lao Tzu, the Tao Teh Ching teaches that the qualities of the enlightened sage or ideal ruler are identical with those of the perfected individual. Today, Lao Tzu's words are as useful in mastering the arts of leadership in business and politics as they are in developing a sense of balance and harmony in everyday life. To follow the Tao or Way of all things and realize their true nature is to embody humility, spontaneity, and generosity.*

The best-loved of all the classical books of China and the most universally popular, the Daodejing or Classic of the Way and Life-Force is a work that defies definition. It encapsulates the main tenets of Daoism, and upholds a way of being as well as a philosophy and a religion. ### **A NEW TRANSLATION**

---

**Shambhala Publications** *The classic Taoist text freshly translated using the original Chinese script from Lao Tzu's time, and beautifully illustrated with seventeenth-century artwork. Renowned translator William Scott Wilson has rendered Lao Tzu's classic in the most authentic way possible, using both the ancient text and the even older Great Seal script used during Lao Tzu's time. The result is a new and nuanced translation, accompanied by gorgeous Chinese ink paintings and fascinating ancillary material. Wilson includes an introduction that tells the story of Lao Tzu, the "old man" and the "keeper of the archives," and wonderful notes to illuminate the text. He also includes two short essays--one explains the relationship between Taoism and Zen, and the other explores the roots that link the spiritual aspects of the Tao with the practice of Chinese and Japanese martial arts. Wilson's version of this ancient classic is wonderfully fresh and readable.*

## **TAO TE CHING (DAO DE JING): LAO TZU'S BOOK OF THE WAY (AZILOTH BOOKS)**

---

This classic work of Chinese mysticism was written over 2500 years ago. Its author was Li Er, an enlightened sage and scholar known to the world as Lao Tzu (Venerable Master), who espoused a philosophy of the Way, or 'Tao': a method of non-striving existence, an effortless 'going with the flow'. Poetic, Humorous, Wise, Deep-hearted, and at times frustratingly enigmatic, the 'Tao Te Jing' is required reading for any student of mysticism and philosophy. It is also the perfect antidote to our contemporary materialist culture of acquisition and self-aggrandisement.

**Ballantine Books** Lao-tzu's Te-Tao Ching has been treasured for thousands of years for its poetic statement of life's most profound and elusive truths. Although the Te-

*Tao Ching is widely read, the author's enigmatic style and the less than perfect condition of the Chinese originals make many of its brief poems difficult to understand. So readers of find literature hailed the discovery, in 1973, of two copies of the Te-Tao Ching which had been buried in 168 B.C. These manuscripts are more than five centuries older than any others known, and they correct many defects of later versions: their grammar and vocabulary frequently make the classic easier to understand; lost lines are restored (as many as three in some poems); some sections follow a more logical sequence. Such differences make it necessary to reevaluate traditional interpretations of the Te-Tao Ching, and Professor Henricks has done this in an extensive commentary to his excellent new translation. In addition, Professor Henricks has provided an introduction that explains the basics of Taoism and discusses the many other important finds from Ma-want-tui.*

### **TAO TE CHING OF LAO-TZU: BOOK OF THE WAY (ANNOTATED EDITION)**

---

**CreateSpace** Chinese people are known for being philosophical. A person doesn't necessarily have to be religious in order to be philosophical. You just have to learn the best ways to live your life so that you can have a more prosperous future. A classic Chinese manual entitled "Tao Te Ching" teaches people the art of living and the path you must take in order to find fulfillment in your life. This classic Chinese text was written by a sage named Laozi, also known as Lao Tzu. Laozi means "Old Master" in Chinese. Some people like to refer to this classic Chinese text as Laozi instead of Tao Te Ching because they have so much respect for the author. The sage, Laozi, is believed to have lived around 600 B.C. In his professional life, he worked as a record keeper for the Zhou Dynasty Court. However, historians are still unsure about the exact date and time when the Tao Te Ching was actually written. The only thing they know is that the oldest Chinese texts that were excavated dates back to sometime in the late 4th century B.C. Even though they were originally written in the 6th century, the texts that were excavated in the 4th century are likely rewritten texts. The Tao Te Ching is one of the main Chinese classic texts that promote the religious and philosophical principles of Taoism. It is the most fundamental book of text that is studied by all Taoists. It is also a strong influence on other Chinese schools that teach Confucianism, Legalism and Chinese Buddhism. Chinese painters, poets, gardeners and calligraphers use the philosophies of the book as a source of inspiration. The influence of the Tao Te Ching has spread far throughout Eastern Asia and is one of the most translated books ever written in the history of literature. In Roman culture, the book was transcribed using the Wade-Giles Romanization system. They transcribed the title as "Daodejing." The words "Dao" and "Tao" both mean "the way." The words "De" and "Te" both mean inner strength or virtuosity. And finally, the words "Jing" and "Ching" mean "classic" or "the great book." Therefore, the translation of Tao Te Ching and Daodejing is said to be "The Classic Way to Inner Strength." In other words, if you learn the philosophies in this book then you will have the knowledge of finding the right path to strength and happiness. Tao Te Ching is not a long book to read by any means. It is only

5,000 Chinese characters long with about 81 very brief sections or chapters. The writing is of a classical form of Chinese called *zhuanshu*. As the centuries went by, the later versions were written in *Lishu* and *Kaishu*. As for the chapters, no one knows if the separated chapters were originally placed there by Laozi or if they were added later on. Some people think they were added later on as a way to help memorize the information and add commentary. The whole book is divided into two main parts. The first part is the *Tao Ching*, which goes from chapter 1 to chapter 37. The second part is the *Te Ching*, which goes from chapter 38 to chapter 81. Some even refer to this style of writing as laconic and poetic because of its brief chapters and intentional contradictions. This writing is strategic in a sense because it creates memorable phrases and then forces the reader to create their own reconciliations from all the supposed contradictions. This is why it takes some people their entire lives to fully understand the message behind the text. For others, they never fully grasp it.

### TAO TE CHING: AN INSIGHTFUL AND MODERN TRANSLATION BY J. H. MCDONALD

---

*This 1996 translation is a beautiful expression in contemporary language of the original ideas. It stands out when compared to other translations in simplicity and clarity. The 81 poems of the Tao Te Ching were not numbered or titled in early copies of the text. They were in two groups, 37 Tao poems and 44 Te poems. In that spirit this edition omits page numbers and displays only one poem on each pair of pages. The space invites the opportunity for awareness of what we may bring to the text. The Foreword by Tekson Teo is a beautiful, inviting welcome to the text. It is an honor to be able to include it for you. Tekson has combined practicing qigong with studying the Tao Te Ching for decades. He understands well how doing both complement each other. In addition to his qigong students, Tekson brings his deep understanding and practice to his work as a business consultant to clients around the world. We are fortunate that Tekson has made it his life's passion to help everyone understand the wisdom in this great text. On an auspicious occasion is a perfect time to present a gift. This edition was published as a gift in honor of the guests on Qigong Vacations' first trip, The Farm Adventure at East Hill Farm in Troy, NH. This is a gift that helps you along your path in life. It has been cherished for millenniums. It points the way to a deeper understanding. It was created for you with love.*

### TEXT ONLY EDITION

---

**Vintage** For nearly two generations, this translation of the *Tao Te Ching* has been the standard for those seeking access to the wisdom of Taoist thought. Now Jane English and her long-time editor, Toinette Lippe, have refreshed and revised the translation, so that it more faithfully reflects the Classical Chinese in which it was first written, while taking into account changes in our own language and eliminating

any lingering infelicities. Lao Tsu's philosophy is simple: Accept what is in front of you without wanting the situation to be other than it is. Study the natural order of things and work with it rather than against it, for to try to change what is only sets up resistance. Nature provides everything without requiring payment or thanks. It does so without discrimination. So let us present the same face to everyone and treat them all as equals, however they may behave. If we watch carefully, we will see that work proceeds more quickly and easily if we stop "trying," if we stop putting in so much extra effort, if we stop looking for results. In the clarity of a still and open mind, truth will be reflected. Te—which may be translated as "virtue" or "strength"—lies always in Tao meaning "the way" or "natural law." In other words: Simply be.

**Vintage** Written during the golden age of Chinese philosophy, and composed partly in prose and partly in verse, the "Tao Te Ching" is surely the most terse and economical of the world's great religious texts. In a series of short, profound chapters it elucidates the idea of the Tao, or the Way- an idea that in its ethical, practical, and spiritual dimensions has become essential to the life of China's enormously powerful civilization. In the process of this elucidation, - Lao-- tzu both clarifies and deepens those central religious mysteries around which our life on earth revolves. Translation of the Ma Wang Tui Manuscripts by D. ### 81 VERSES BY LAO TZU WITH INTRODUCTION AND COMMENTARY

---

**Watkins Media Limited** Tao Te Ching translates very roughly as "the way of integrity". In its 81 verses it delivers a treatise on how to live in the world with goodness and integrity: an important kind of wisdom in a world where many people believe such a thing to be impossible. Taosim affirms that each human being is a reflection of the whole universe, a microcosm within the macrocosm, and that all of us live under the same cosmic laws of the Tao. The Taoist follows the path of non-action (Wu Wei), flowing with the constantly changing stream of life, and trying to live in universal harmony and balance. The easily assimilated aphorisms in this great book are a continuous source of spiritual guidance and nourishment, and its insights on statesmanship are practical guides for our own time. Ralph Alan Dale's brilliant translation uniquely captures, as never before, the essential meaning of this profound text, and makes it entirely relevant to today's readers.

Through aphorisms and parable, it leads readers toward the Tao, or the "Way": harmony with the life force of the universe.*

*Traditionally attributed to Lao-tzu, a Chinese philosopher thought to have been a contemporary of Confucius, it is the essential text of Taoism, one of the three great religions of ancient China. As one of the world's great works of wisdom literature, it still has much to teach us today, offering a practical model based on modesty and self-restraint for living a balanced existence and for opening your mind, freeing your thoughts, and attaining enlightenment and self-awareness. With its emphasis on calm, simplicity, purity, and non-action, it provides a time-tested refuge from the busyness of modern life. This new translation seeks to understand the Tao Te Ching as a guide to everyday living and encourages a slow, meditative reading experience. The Tao Te Ching's eighty-one brief chapters are accompanied by illuminating commentary, interpretation, poems, and testimonials by the likes of Margaret Mead, Ursula K. Le Guin, and Dr. Wayne W. **St. Martin's Essentials** *An enduring translation of a timeless work, now in a new edition. The Tao Te Ching of Lao Tzu is one of the most widely read and deeply cherished books in the world, a work many consider the wisest book ever written. In his introduction, translator Brian Browne Walker says, "It is less a book than a living, breathing angel." Brian Browne Walker's is one of the few modern English versions to be translated directly from the original Chinese. In his translation, Walker stays close to the direct literal accuracy of the Chinese characters while producing a modern, exceptionally clear version that has the ring and voice of Lao Tzu, a man who may or may not have been a single individual. "I have come to think of Lao Tzu less as a man who once lived," Walker writes, "and more as a song that plays, eternal and abiding."*

## THE WAY OF LIFE ACCORDING TO LAO TZU

---

**Penguin** *“The eighty-one sayings in this volume shine like gems-cut clear and beautiful in every facet . . . This translation will stand as the perfect rendering of a classic work.”—John Haynes Holmes* Lao Tzu was one of the greatest mystics of all time. Legend tells us that he was immaculately conceived by a shooting star. Confucius, who met him only once, likened him to a dragon, the one creature in all creation whose ways he would never understand. Some hold that Lao Tzu was not one man but many men, and the work attributed to him, the Tao Teh Ching, the product of many minds over many centuries. But whether or not the Tao Teh Ching, here presented as *The Way of Life*, is the author’s own matters little. From its original in sixth-century B.C. China it has come down to us as one of the most powerful testaments ever written to man’s fitness in the universe. The basis of Taoism, one of the world’s great religions, the Tao Teh Ching has been translated more frequently than any other work besides the Bible. Articulating the way of poise, serenity, and complete assurance, it teaches us how to work with the invisible forces of nature, the psyche, and the soul for a more successful life. Not passive contemplation, but creative quietism is the Way of Lao Tzu, and it has never been more relevant than it is today.

### TAO TE CHING TRANSLATION BASED ON HIS TAOISM

---

**iUniverse** *The book Lao Tzu (aka Tao Te Ching ) is a book originated in the sixth century BCE in China. Unlike most writings of that time, it embodies an intgrated work of philosophy. Furthermore, it encompasses themes on religion, political science, social science and traditional thoughts(e.g. I Ching) before Lao Tzu. All the original Taoism created by Lao Tzu are manifested in a simple book of about five thousand Chinese characters. From a modern prospective his profound thought is expressed in compressed expressions. Even Confucius, like numerous Chinese,*

treated sayings of Lao Tzu as adages. Hardly any punctilious Chinese intellectual, including antagonists of this book, could argue successfully that the whole text does not deserved to be painstakingly examined. For example, the famous aphorism "A journey of one thousand miles started out from one single step" was initially in this book. This translation and introduction of Tao Te Ching was aimed to be both philosophically and linguistically closest to the original Tao of Taoism. The Chinese version of this English book will shortly be published by People's Press as well. Sir Karl Popper, the author of *Open Society and Its Enemies*, has strongly recommended the translator of this version. When the first attempt on translation was made in 1985 Sir Alfred J. Ayer commented "Your work on Lao Tzu promises to be very interesting".

His association with the Tao Te Ching has led him to be traditionally considered the founder of Taoism (pronounced as "Daoism"). He is also revered as a deity in most religious forms of the Taoist religion,*

*which often refers to Laozi as Taishang Laojun, or "One of the Three Pure Ones." Laozi translated literally from Chinese means "old master" or "old one," and is generally considered honorific. According to Chinese tradition, Laozi lived in the 6th century BCE. Historians variously contend that Laozi is a synthesis of multiple historical figures, that he is a mythical figure, or that he actually lived in the 4th century BCE, concurrent with the Hundred Schools of Thought and Warring States Period. A central figure in Chinese culture, both nobility and common people claim Laozi in their lineage. Throughout history, Laozi's work has been embraced by various anti-authoritarian movements.*
