## Rules of Play

# Game Design Fundamentals

MIT Press *An impassioned look at games and game design that offers the most ambitious framework for understanding them to date. As pop culture, games are as important as film or television—but game design has yet to develop a theoretical framework or critical vocabulary. In **Rules of Play** Katie Salen and Eric Zimmerman present a much-needed primer for this emerging field. They offer a unified model for looking at all kinds of games, from board games and sports to computer and video games. As active participants in game culture, the authors have written **Rules of Play** as a catalyst for innovation, filled with new concepts, strategies, and methodologies for creating and understanding games. Building an aesthetics of interactive systems, Salen and Zimmerman define core concepts like "play," "design," and "interactivity." They look at games through a series of eighteen "game design schemas," or conceptual frameworks, including games as systems of emergence and information, as contexts for social play, as a storytelling medium, and as sites of cultural resistance. Written for game scholars, game developers, and interactive designers, **Rules of Play** is a textbook, reference book, and theoretical guide. It is the first comprehensive attempt to establish a solid theoretical framework for the emerging discipline of game design.*

## Patchwork Dog and Calico Cat

Createspace Independent Publishing Platform *Patchwork Dog has a knack for getting into trouble and his best friend, Calico Cat usually winds up right in the middle of the mess with him. Calico would rather spend her days sleeping in her nice comfortable bed, staying safe and worry free. She knows better than to follow Patchy when he is out looking for a new adventure, but she tags along anyway just in case... On the*

other hand, Patchy is very curious and is always investigating new sights, sounds and smells. He follows his nose wherever it goes. Sometimes that leads to trouble but other times it gives Calico a chance to play a trick on her not so smart friend. Join the two lovable creatures as Patchy tries to fly like a bird and finds out that soaring through the air is fun but the landing hurts too much. In another adventure, the little dog gets caught sneaking around an airplane. In the other three stories, Patchy and Calico eat too many apples, confront a not too friendly skunk, and take a magical ride into town. Patchwork Dog and Calico Cat has illustrations at the beginning of each chapter that hint at what the new adventure will be about. Other pictures are included at the end of each story along with some questions for the child to answer. Older children can read the stories themselves or it would make a wonderful bedtime story book for younger kids. The five tales will entertain children of all ages with the antics of the title characters and hopefully teach youngsters some valuable lessons on sharing and working together.

## Crime and Punishment

Standard Ebooks *Crime and Punishment* tells the story of Rodion Raskolnikov, an ex-student who plans to murder a pawnbroker to test his theory of personality. Having accomplished the deed, Raskolnikov struggles with mental anguish while trying to both avoid the consequences and hide his guilt from his friends and family.

Dostoevsky's original idea for the novel centered on the Marmeladov family and the impact of alcoholism in Russia, but inspired by a double murder in France he decided to rework it around the new character of Raskolnikov. The novel was first serialized in *The Russian Messenger* over the course of 1866, where it was an instant success. It was published in a single volume in 1867. Presented here is Constance Garnett's 1914 translation. This book is part of the Standard Ebooks project, which produces free public domain ebooks.

## Think Like a Monk

## Train Your Mind for Peace and Purpose Every Day

*Simon & Schuster* Jay Shetty, social media superstar and host of the #1 podcast *On Purpose*, distills the timeless wisdom he learned as a monk into practical steps anyone can take every day to live a less anxious, more meaningful life. When you think like a monk, you'll understand: -How to overcome negativity -How to stop overthinking -Why comparison kills love -How to use your fear -Why you can't find happiness by looking for it -How to learn from everyone you meet -Why you are not your thoughts -How to find your purpose -Why kindness is crucial to success -And much more... Shetty grew up in a family where you could become one of three things—a doctor, a lawyer, or a failure. His family was convinced he had chosen option three: instead of attending his college graduation ceremony, he headed to India to become a monk, to meditate every day for four to eight hours, and devote his life to helping others. After three years, one of his teachers told him that he would have more impact on the world if he left the monk's path to share his experience and wisdom with others. Heavily in debt, and with no recognizable skills on his résumé, he moved back home in north London with his parents. Shetty reconnected with old school friends—many working for some of the world's largest corporations—who were experiencing tremendous stress, pressure, and unhappiness, and they invited Shetty to coach them on well-being, purpose, and mindfulness. Since then, Shetty has become one of the world's most popular influencers. In 2017, he was named in the *Forbes* magazine 30-under-30 for being a game-changer in the world of media. In 2018, he had the #1 video on Facebook with over 360 million views. His social media following totals over 38 million, he has produced over 400 viral videos which have amassed more than 8 billion views, and his podcast, *On Purpose*, is consistently ranked the world's #1 Health and Wellness podcast. In this inspiring, empowering book, Shetty draws on his time as a monk to show us how we can clear the roadblocks to our potential and power. Combining ancient wisdom and his own rich experiences in the ashram, *Think Like a Monk*

*reveals how to overcome negative thoughts and habits, and access the calm and purpose that lie within all of us. He transforms abstract lessons into advice and exercises we can all apply to reduce stress, improve relationships, and give the gifts we find in ourselves to the world. Shetty proves that everyone can—and should—think like a monk.*
