### **CONTEMPORARY PSYCHODYNAMIC APPROACHES**

---

**Bloomsbury Publishing All counsellors are compelled to take account of the diverse society in which they practice and to inform themselves of best practice with all client groups. This book provides a contemporary psychodynamic perspective on difference and diversity to bring practitioners up to date with current thinking when faced with a client who is in some way 'different'. References to race, culture or disability in classical psychoanalytic literature are few. In a society that embraces diversity and seeks to afford equality for all, theories of male and female identity development need revisiting. Older people make up a large proportion of the population and religious beliefs make headline news, but psychodynamic perspectives on clinical work with such groups are limited. Indeed, the social context of the 21st century, that provides the backdrop for the hopes, fears and aspirations of our clients, warrants attention, as people and organisations are shaped by the social systems that prevail. In the past decade equal opportunities legislation and the need to be proactive in thinking about diversity has begun to make its mark. Complacency is no longer tolerated. This book is essential reading for counsellors and psychotherapists in training and for experienced practitioners whose continuous professional development will be enhanced by re-evaluating how diversity affects their practice.**

### **THE DARK SIDE OF ALICE IN WONDERLAND**

---

Pen and Sword History Although the children's story Alice in Wonderland has been in print for over 150 years, the mysteries and rumors surrounding the story and its creator Lewis Carroll have continued to grow. The Dark Side of Alice in Wonderland is the first time anyone has investigated the vast range of darker, more threatening aspects of this famous story and the way Alice has been transformed over the years. This is the Alice of horror films, Halloween, murder and mystery, spectral ghosts, political satire, mental illnesses, weird feasts, Lolita, Tarot, pornography and steampunk. The Beatles based famous songs such as Lucy in the Sky with Diamonds and I am the Walrus on Alice in Wonderland, while she has even attracted the attention of world-famous artists including Salvador Dali. Take a look at why the Japanese version of Lolita is so different to that of novelist Vladimir Nabokov - yet both are based on Alice. This is Alice in Wonderland as you have never seen her before: a dark, sometimes menacing, and threatening character. Was Carroll all that he seemed? The stories of his child friends, nude photographs and sketches affect the way modern audiences look at the writer. Was he just a lonely academic, closet pedophile, brilliant puzzle maker or even Jack the Ripper? For a book that began life as a simple children's story, it has resulted in a vast array of dark concepts, ideas and mysteries. So step inside the world of Alice in Wonderland and discover a dark side you never knew existed!

### **THE KING'S SHADOW**

---

---

## **OBSESSION, BETRAYAL, AND THE DEADLY QUEST FOR THE LOST CITY OF ALEXANDRIA**

---

St. Martin's Press Impeccably researched, and written like a thriller, Edmund Richardson's *The King's Shadow* is the extraordinary untold and wild journey of Charles Masson - think Butch Cassidy and the Sundance Kid meets Indiana Jones - and his search for the Lost City of Alexandria in the "Wild East" during the age of empires, kings, and spies. For centuries the city of Alexandria Beneath the Mountains was a meeting point of East and West. Then it vanished. In 1833 it was discovered in Afghanistan by the unlikeliest person imaginable: Charles Masson, deserter, pilgrim, doctor, archaeologist, spy, one of the most respected scholars in Asia, and the greatest of nineteenth-century travelers. On the way into one of history's most extraordinary stories, he would take tea with kings, travel with holy men and become the master of a hundred disguises; he would see things no westerner had glimpsed before and few have glimpsed since. He would spy for the East India Company and be suspected of spying for Russia at the same time, for this was the era of the Great Game, when imperial powers confronted each other in these staggeringly beautiful lands. Masson discovered tens of thousands of pieces of Afghan history, including the 2,000-year-old Bimaran golden casket, which has upon it the earliest known face of the Buddha. He would be offered his own kingdom; he would change the world, and the world would destroy him. This is a wild journey through nineteenth-century India and Afghanistan, with impeccably researched storytelling that shows us a world of espionage and dreamers, ne'er-do-wells and opportunists, extreme violence both personal and military, and boundless hope. At the edge of empire, amid the deserts and the mountains, it is the story of an obsession passed down the centuries.

**Matador** When Sue Wheeler's worst nightmare of being diagnosed with breast cancer came true, she found the hidden strength to stay positive, and to tackle the huge mountain facing her. One of her key decisions was to wear a wig when out in public, rather than hats and scarves, because she 'never wanted to look like a cancer patient'. This new, stunning look provided a tremendous contribution to challenging peoples' perceptions of what patients can achieve and how they can look throughout treatment. This personal one-year diary highlights Sue's positive attitude towards cancer and its treatment, and some of the strategies she adopted to get through it, such as continuing to work part-time, socialising with friends and family, and regularly walking her dog. This is an essential read for cancer patients, and their families and friends, to see what a difference a fantastic wig can make to patients' self esteem and confidence during a difficult, emotional and relentless treatment regime. It's a true example of how to remain totally positive and focused on recovery.

### **A TERRIFYING TRUE STORY OF SECRETS, BETRAYAL, DECEPTION, AND MURDER**

---

From one of America's most celebrated true crime authorities, an investigation into the mysterious, sudden death of Mary Yoder in Upstate New York and the law enforcement efforts that eventually led to her killer's conviction for murder. Sixty-year-old Mary Yoder and her husband of 40 years, 72-year-old Bill Yoder, owned and operated a successful chiropractic center in Whitesboro, a quaint suburb of Utica, New York. In July 2015, without warning, Mary suddenly became violently ill with vomiting, weakness, and sweating. Doctors in the ER and ICU were perplexed as to the cause of her suffering. Within days she died at the hospital, surrounded by her loved ones. The medical examiner, after consulting with the Poison Control Center, determined that she had been fatally poisoned with colchicine, a chemical given to patients with gout--but extremely toxic when not taken as prescribed. Mary did not have gout. As authorities investigated, both Mary's husband and her son were considered suspects. Suspicion ultimately focused on Kaitlyn Conley, the attractive ex-girlfriend of the Yoders' 24-year-old son, Adam. Conley, who worked as an office manager in the Yoders' chiropractic clinic, had set up an ingenious and heartless plan to frame Adam for murder as a way to get back at him for breaking up with her. Many in the community rallied to Conley's defense, proclaiming her "the real victim" of mistreatment by Adam. Her first murder trial in May 2017 ended in a hung jury. A second jury heard the case later in 2017. After jurors come back saying they too could not reach a verdict, the judge instructed them to continue deliberating, and a guilty verdict was reached hours later. In January 2018 Katlyn Conley was sentenced to serve 23 years in state prison for first-degree manslaughter.
