Then Came the Fire

Personal Accounts from the Pentagon, 11 September 2001

Military Bookshop Full color illustrations throughout. Two days after the September 11, 2001 attack, the U.S. Army Center of Military History began an extensive project to document the historic event through oral history interviews. Published on the incident's tenth anniversary, *Then Came the Fire* is an anthology of excerpts from those interviews. This collection highlights the personal accounts of participants who witnessed some aspect of the events in the Pentagon that day: the survivors, some of whom were injured; policemen; firefighters; medical personnel; observers; others involved in the rescue and recovery efforts; and building occupants.

National Historic Preservation Act of 1966, as Amended

Ikigai

The Japanese Secret to a Long and Happy Life

Penguin Los Angeles Times bestseller • More than 1.5 million copies sold “Workers looking for more fulfilling positions should start by identifying their ikigai.” —Business Insider “One of the unintended—yet positive—consequences of the [pandemic] is that it is forcing people to reevaluate their jobs, careers, and lives. Use this time wisely, find your personal ikigai, and live your best life.” —Forbes *And from the same authors, don't miss *The Book of Ichigo Ichie*—about making the most of every moment in your life. * * * Find your ikigai (pronounced ee-key-guy) and bring meaning and joy to all your days. “Only staying active will make you want to live a hundred years.” —Japanese proverb According to the Japanese, everyone has an ikigai—a reason for living. And according to the residents of the Japanese village with the world's longest-living people, finding it is the key to a happier and longer life. Having a strong sense of ikigai—where what you love, what you're good at, what you can get paid for, and what the world needs all overlap—means that each day is infused with meaning. It's the reason we get up in the morning. It's also the reason many Japanese never really retire (in fact there's no word in Japanese that means retire in the sense it does in English): They remain active and work at what they enjoy, because they've found a real purpose in life—the happiness of always being busy. In researching this book, the authors interviewed the residents of the Japanese village with the highest percentage of 100-year-olds—one of the world's Blue Zones. Ikigai reveals the secrets to their longevity and happiness: how they eat, how they move, how they work, how they foster collaboration and community, and—their best-kept secret—how they find the ikigai that brings satisfaction to their lives. And it provides practical tools to help you discover your own ikigai. Because who doesn't want to find happiness in every day? A PENGUIN LIFE TITLE

Detransition, Baby

A Novel

One World NATIONAL BESTSELLER • The lives of three women—transgender and cisgender—collide after an unexpected pregnancy forces them to confront their deepest desires in “one of the most celebrated novels of the year” (Time) “Reading this novel is like holding a live wire in your hand.”—Vulture Named one of the Best Books of the Year by more than twenty publications, including *The New York Times Book Review*, *Entertainment Weekly*, *NPR*, *Time*, *Vogue*, *Esquire*, *Vulture*, and *Autostraddle* PEN/Hemingway Award Winner • Finalist for the Lambda Literary Award, the National Book Critics Circle Award, and the Gotham Book Prize • Longlisted for The Women's Prize • Roxane Gay's Audacious Book Club Pick • New York Times Editors' Choice Reese almost had it all: a loving relationship with Amy, an apartment in New York City, a job she didn't hate. She had scraped together what previous generations of trans women could only dream of: a life of mundane, bourgeois comforts. The only thing missing was a child. But then her girlfriend, Amy, detransitioned and became Ames, and everything fell apart. Now Reese is caught in a self-destructive pattern: avoiding her loneliness by sleeping with married men. Ames isn't happy either. He thought detransitioning to live as a man would make life easier, but that decision cost him his relationship with Reese—and losing her meant losing his only family. Even though their romance is over, he longs to find a way back to her. When Ames's boss and lover, Katrina, reveals that she's pregnant with his baby—and that she's not sure whether she wants to keep it—Ames wonders if this is the chance he's been waiting for. Could the three of them form some kind of unconventional family—and raise the baby together? This provocative debut is about what happens at the emotional, messy, vulnerable corners of womanhood that platitudes and good intentions can't reach. Torrey Peters brilliantly and fearlessly navigates the most dangerous taboos around gender, sex, and relationships, gifting us a thrillingly original, witty, and deeply moving novel.

Beyond Nineteen Eighty-four

Doublespeak in a Post-Orwellian Age

National Council of Teachers This book probes the efforts at manipulation individuals face daily in this information age and the tactics of persuaders from many sectors of society using various forms of Orwellian “doublespeak.” The book contains the following essays: (1) “Notes toward a Definition of Doublespeak” (William Lutz); (2) “Truisms Are True: Orwell's View of Language” (Walker Gibson); (3) “Mr. Orwell, Mr. Schlesinger, and the Language” (Hugh Rank); (4) “What Do We Know?” (Charles Weingartner); (5) “The Dangers of Singlespeak” (Edward M. White); (6) “The Fallacies of Doublespeak” (Dennis Rohatyn); (7) “Doublespeak and Ethics” (George R. Bramer); (8) “Post-Orwellian Refinements of Doublethink: Will the Real Big Brother Please Stand Up?” (Donald Lazere); (9) “Worldthink” (Richard Ohmann); (10) “Bullets Hurt, Corpses Stink”: George Orwell and the Language of Warfare” (Harry Brent); (11) “Political Language: The Art of Saying Nothing” (Dan F. Hahn); (12) “Fiddle-Faddle, Flapdoodle, and Balderdash: Some Thoughts about Jargon” (Frank J. D'Angelo); (13) “How to Read an Ad: Learning to Read between the Lies” (D. G. Kehl); (14) “Subliminal Chainings: Metonymical Doublespeak in Advertising” (Don L. F. Nilsen); (15) “Doublespeak and the Polemics of Technology” (Scott Buechler); (16) “Make Money, Not Sense: Keep Academia Green” (Julia Penelope); (17) “Sensationspeak in America” (Roy F. Fox); and (18) “The Pop Grammarians--Good Intentions, Silly Ideas, and Doublespeak” (Charles Suhor). Three appendixes are attached: “The George Orwell Awards,” “The Doublespeak Award,” and “The Quarterly Review of Doublespeak.” (MS)

Psychology

The images in this textbook are in grayscale. There is a color version available - search for ISBN 9781680922370. Psychology is designed to meet scope and sequence requirements for the single-semester introduction to psychology course. The book offers a comprehensive treatment of core concepts, grounded in both classic studies and current and emerging research. The text also includes coverage of the DSM-5 in examinations of psychological disorders. Psychology incorporates discussions that reflect the diversity within the discipline, as well as the diversity of cultures and communities across the globe.

Occupational Literacy Education

Intended for teachers of adult basic education as well as teachers in job retraining programs, this book focuses on the development of written and oral language competencies required in occupational and training settings. The first four chapters offer a concise synthesis of recent research on adult learning and on workplace literacy for ten occupations: account clerk, auto mechanic, draftsman, electrician, heating/air conditioning mechanic, industrial maintenance mechanic, licensed practical nurse, machine tool operator, secretary, and welder. The fifth chapter presents instructional strategies and techniques for the development of job related skills in these occupations, and the sixth chapter discusses methods and information for technical vocabulary development. The appendixes include lists of high frequency and technical words often used in the ten occupations. (HOD)

Railroad Operation

Planning Educational Facilities

What Educators Need to Know

R&L Education Planning Educational Facilities provides a detailed discussion of all of the processes involved in planning a school building. From a discussion on how to organize the local staff to the final evaluation of the building, the separate processes are described in detail. The responsibility of the educator and school board are discussed in such a way that individuals on the local level should feel confident in the knowledge of the planning process gained from this book. The relationship between the school board and the architect are described in detail and an example of an architect's contract is given. Other examples of contracts are provided. The process of contracting with a contractor is discussed in detail. In addition, some alternative methods of contracting for such services are provided. A section on green schools is included because this is an important way to construct buildings. A chapter on problem-based activities is provided, which should give the reader an opportunity to experience some of the problems educators actually face in this planning process.

High Wire

The Precarious Financial Lives of American Families

Basic Books Peter Gosselin predicted in High Wire that the American worker would take on an exceedingly high level of risk in the American economy, and would be ever more exposed to the volatility of the market. Today, Gosselin's worst fears have been realized. American families are walking a high wire in which a medical crisis, a natural disaster, or the loss of a job could send them into free fall. And as the housing crisis worsens and banks and insurers collapse, many have already fallen. High Wire reveals the quiet corrosion of American living standards and shows how the "ownership society" has turned into the "on-your-own society"—with devastating consequences.

Talk Like TED

The 9 Public-Speaking Secrets of the World's Top Minds

St. Martin's Press Ideas are the currency of the twenty-first century. In order to succeed, you need to be able to sell your ideas persuasively. This ability is the single greatest skill that will help you accomplish your dreams. Many people have a fear of public speaking or are insecure about their ability to give a successful presentation. Now public speaking coach and bestselling author Carmine Gallo explores what makes a great presentation by examining the widely acclaimed TED Talks, which have redefined the elements of a successful presentation and become the gold standard for public speaking. TED ? which stands for technology, entertainment, and design ? brings together the world's leading thinkers. These are the presentations that set the world on fire, and the techniques that top TED speakers use will make any presentation more dynamic, fire up any team, and give anyone the confidence to overcome their fear of public speaking. In his book, Carmine Gallo has broken down hundreds of TED talks and interviewed the most popular TED presenters, as well as the top researchers in the fields of psychology, communications, and neuroscience to reveal the nine secrets of all successful TED presentations. Gallo's step-by-step method makes it possible for anyone to deliver a presentation that is engaging, persuasive, and memorable. Carmine Gallo's top 10 Wall Street Journal Bestseller Talk Like TED will give anyone who is insecure about their public speaking abilities the tools to communicate the ideas that matter most to them, the skill to win over hearts and minds, and the confidence to deliver the talk of their lives. The opinions expressed by Carmine Gallo in TALK LIKE TED are his own. His book is not endorsed, sponsored or authorized by TED Conferences, LLC or its affiliates.

How to Find the Law

Paradoxes of Gender

Yale University Press In this pathbreaking book, a well-known feminist and sociologist--who is also the Founding Editor of *Gender & Society*--challenges our most basic assumptions about gender. Judith Lorber views gender as wholly a product of socialization subject to human agency, organization, and interpretation. In her new paradigm, gender is an institution comparable to the economy, the family, and religion in its significance and consequences. Drawing on many schools of feminist scholarship and on research from anthropology, history, sociology, social psychology, sociolinguistics, and cultural studies, Lorber explores different paradoxes of gender: --why we speak of only two "opposite sexes" when there is such a variety of sexual behaviors and relationships; --why transvestites, transsexuals, and hermaphrodites do not affect the conceptualization of two genders and two sexes in Western societies; --why most of our cultural images of women are the way men see them and not the way women see themselves; --why all women in modern society are expected to have children and be the primary caretaker; --why domestic work is almost always the sole responsibility of wives, even when they earn more than half the family income; --why there are so few women in positions of authority, when women can be found in substantial numbers in many occupations and professions; --why women have not benefited from major social revolutions. Lorber argues that the whole point of the gender system today is to maintain structured gender inequality--to produce a subordinate class (women) that can be exploited as workers, sexual partners, childbearers, and emotional nurturers. Calling into question the inevitability and necessity of gender, she envisions a society structured for equality, where no gender, racial ethnic, or social class group is allowed to monopolize economic, educational, and cultural resources or the positions of power.

2015 Uniform Plumbing Code

The 2015 edition of the Uniform Plumbing Code (UPC©) represents the most current approaches in the plumbing field. It is the fourth edition developed under the ANSI Consensus process is designated as an American National Standard by the American National Standards Institute (ANSI). Surveillance Valley

The Secret Military History of the Internet

Icon Books Featured as a *Guardian Long Read* in December 2018 EVERYTHING WE HAVE BEEN TOLD ABOUT THE DEMOCRATIC NATURE OF THE INTERNET IS A MARKETING PLOY. As the Cambridge Analytica scandal has shown, private corporations consider it their right to use our data (and by extension, us) which ever way they see fit. Tempted by their appealing organisational and diagnostic tools, we have allowed private internet corporations access to the most intimate corners of our lives. But the internet was developed, from the outset, as a weapon. Looking at the hidden origins of many internet corporations and platforms, Levine shows that this is a function, not a bug of the online experience. Conceived as a surveillance tool by ARPA to control insurgents in the Vietnam War, the internet is now essential to our lives. This book investigates the troubling and unavoidable truth of its history and the unfathomable power of the corporations who now more or less own it. Without this book, your picture of contemporary society will be missing an essential piece of the puzzle.

Public Policy and the Education of Exceptional Children

Overruling Democracy

The Supreme Court Versus the American People

Psychology Press The current five-vote majority on the Supreme Court may be the most divisive, anti-democratic court in American history. *Overruling Democracy* disputes the majority's awful rulings on third parties, race, high schools and corporations.

The Sociology of Gender

An Introduction to Theory and Research

John Wiley & Sons Gender is one of the most important topics in the field of sociology, and as a system of social practices it inspires a multitude of theoretical approaches. *The Sociology of Gender* offers an introductory overview of gender theory and research, offering a unique and compelling approach. Treats gender as a multilevel system operating at the individual, interactional, and institutional levels. Stresses conceptual and theoretical issues in the sociology of gender. Offers an accessible yet intellectually sophisticated approach to current gender theory and research. Includes pedagogical features designed to encourage critical thinking and debate. Closer Look readings at the end of each chapter give a unique perspective on chapter topics by presenting relevant articles by leading scholars.

Creative Strategy in Advertising

Wadsworth Publishing Company CREATIVE STRATEGY IN ADVERTISING provides everything students need to be successful as advertising professionals in today's fast-changing media environment. Focusing on the idea that good advertising always starts with an understanding of people and an awareness of their needs, the text advances through the creative process step by step. It focuses first on the creative person, and then on strategy and problem solving. Complementing expert instruction with extensive examples of layouts and ad copy, this book gives students the necessary tools to create winning advertising strategies.
